Schedule – Terms and Conditions of the Subordinated Debt Instruments

Conditions of the Subordinated Debt Instruments

The following (save for the italicised text) is a composite text of the terms and conditions which (subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Pricing Supplement) will be applicable to each Series of Subordinated Debt Instruments.

*References in the terms and conditions to “Issuer” are, unless the contrary intention appears, references to the Issuer specified in the relevant Pricing Supplement. References in the terms and conditions to “Subordinated Debt Instruments” are, unless the contrary intention appears, to the Subordinated Debt Instruments of one Series of the type specified in the relevant Pricing Supplement only, not to all Subordinated Debt Instruments which may be issued under the Issuer’s Subordinated Tier 2 Debt Instrument Programme (the “**Programme**”). Terms used in the relevant Pricing Supplement will, unless the contrary intention appears, have the same meaning where used in the terms and conditions.*

The Subordinated Debt Instruments (other than Subordinated Debt Instruments in the form of Australian Domestic Notes) are issued pursuant to the agency agreement dated on or about 20 December 2023, as the same may be amended, restated and/or supplemented from time to time (the “**Euro Agency Agreement**”) between the Issuer, Deutsche Bank AG, Hong Kong Branch as issuing and paying agent (the “**I&P Agent**”), any transfer agent (“**Transfer Agent**”), any registrar (“**Euro Registrar**”) and any other agents subsequently appointed, successors thereto in such capacity and any additional or substitute agents appointed to the Programme from time to time. The Subordinated Debt Instrument Holders (as defined in Condition 2.3 below, which expression includes, unless the contrary intention appears, the holders of the coupons (“**Coupons**”) (if any) appertaining to interest-bearing Subordinated Debt Instruments in bearer form (“**Couponholders**”) and the holders of talons (“**Talons**”) (if any) for further coupons attached to such Subordinated Debt Instruments (“**Talons**”), other than holders of Australian Domestic Notes, are entitled to the benefit of, are bound by, and are deemed to have notice of all the provisions of the Euro Agency Agreement, and are entitled to the benefit of a deed of covenant made by the Issuer dated on or about 20 December 2023 as the same may be amended, restated and/or supplemented from time to time (“**Deed of Covenant**”).

Subordinated Debt Instruments in the form of Australian Domestic Notes are debt obligations of the Issuer constituted by, and owing under, the deed poll made by the Issuer dated on or about 20 December 2023, as the same may be amended, restated and/or supplemented from time to time (the “**Australian Note Deed Poll**”). In connection with the Australian Domestic Notes, the Issuer has entered into an agency and registry agreement dated 28 July 2009, as the same may be amended, restated and/or supplemented from time to time (the “**Australian Registry Agreement**”) between the Issuer and Austraclear Services Limited (ABN 28 003 284 419), as registrar (the “**Australian Registrar**”).

The Pricing Supplement for this Subordinated Debt Instrument which is attached to or endorsed on this Subordinated Debt Instrument supplements and completes these Conditions and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Conditions, replace or modify these Conditions for the purposes of this Subordinated Debt Instrument. References in these Conditions to the “**relevant Pricing Supplement**” are to the Pricing Supplement setting out the final terms of this Subordinated Debt Instrument which is attached to, endorsed on, or otherwise applicable to this Subordinated Debt Instrument.

The Issuer may issue Subordinated Debt Instrument acting through its head office in Sydney, or, subject to APRA’s prior written approval, through its London branch (“**London Branch**”), or its Singapore branch (“**Singapore Branch**”), in each case, as may be specified in the Pricing Supplement.

As used in these Conditions, “**Series**” means each original issue of Subordinated Debt Instruments together with any further issues expressed to form a single Series with the original issue and the terms of which (save for the date of issue (“**Issue Date**”), the date from which interest accrues (“**Interest Commencement Date**”), the issue price of the Subordinated Debt Instruments (“**Issue Price**”) and the amount of the first interest payment (if any) (as specified in the relevant Pricing Supplement) are identical (including whether or not the Subordinated Debt Instruments are to be listed). However, the Pricing Supplement for this Subordinated Debt

Instrument may provide that a particular Tranche will not become fungible with Subordinated Debt Instruments of another Tranche or Tranches forming part of the same Series until the time specified in the Pricing Supplement. As used in these Conditions, “**Tranche**” means all Subordinated Debt Instruments of the same Series with the same Issue Date and Interest Commencement Date.

All references in these Conditions to Subordinated Debt Instruments, Coupons and Talons must be read and construed as references to the Subordinated Debt Instruments, Coupons and Talons of a particular Series.

Words and expressions defined in the Euro Agency Agreement or the Australian Note Deed Poll (as applicable) or used in the relevant Pricing Supplement shall have the same meanings where used in these Conditions unless the contrary intention appears or unless otherwise stated and provided that, in the event of inconsistency between the Euro Agency Agreement or the Australian Note Deed Poll (as applicable) and the relevant Pricing Supplement, the relevant Pricing Supplement will prevail.

Copies of:

- (a) the Deed of Covenant and the Euro Agency Agreement are obtainable from and, available for inspection during normal business hours at the specified office of the I&P Agent;
- (b) the Australian Note Deed Poll and the Australian Registry Agreement are available for inspection during normal business hours at the specified office of the Issuer; and
- (c) the relevant Pricing Supplement are available for inspection during normal business hours at the specified office of the Issuer and, in the case of Subordinated Debt Instruments which are not in the form of Australian Domestic Notes, the I&P Agent,

provided that such documents shall only be obtainable by a Subordinated Debt Instrument Holder, a Couponholder or a genuine prospective Subordinated Debt Instrument Holder, and such current or prospective Subordinated Debt Instrument Holder or Couponholder (as applicable) must produce evidence satisfactory to the Issuer or, as the case may be, the I&P Agent as to its holding or prospective holding of such Subordinated Debt Instruments and identity.

The Subordinated Debt Instrument Holders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Euro Agency Agreement, the Deed of Covenant, the Australian Note Deed Poll, the Australian Registry Agreement and the Pricing Supplement to the extent applicable to them.

1 Form and Denomination

1.1 General

References in these Conditions to “Subordinated Debt Instruments” are references to the type of Subordinated Debt Instrument specified in the relevant Pricing Supplement. For the avoidance of doubt, where certain Conditions are expressed to only apply to certain types of Subordinated Debt Instrument, such Conditions only apply to that type of Subordinated Debt Instrument as specified in the relevant Pricing Supplement and do not apply to other types of Subordinated Debt Instruments.

Subordinated Debt Instruments are issued in bearer form (“**Subordinated Bearer Debt Instruments**”) or registered form (“**Subordinated Registered Debt Instruments**”), as specified in the relevant Pricing Supplement. A Subordinated Registered Debt Instrument may be lodged in the Austraclear System, as specified in the relevant Pricing Supplement (for so long as such Subordinated Debt Instrument remains so lodged, a “**Subordinated Registered Debt Instrument in Austraclear**”) and may be issued as an Australian Domestic Note. The relevant Pricing Supplement will specify whether a Subordinated Debt Instrument is an Australian Domestic Note. Australian Domestic Notes are issued in registered form only.

In these Conditions and unless the contrary intention appears:

- (a) references to “Subordinated Debt Instruments” are to Subordinated Bearer Debt Instruments and Subordinated Registered Debt Instruments;
- (b) references to “Subordinated Registered Debt Instruments” shall include Subordinated Debt Instruments in the form of Australian Domestic Notes (unless otherwise stated); and
- (c) references to “Subordinated Global Debt Instruments”, “Subordinated Definitive Debt Instruments” or Subordinated Debt Instruments “in definitive form” shall be taken not to include any Australian Domestic Note.

1.2 Type of Subordinated Debt Instruments

Each Subordinated Debt Instrument may be a Subordinated Fixed Rate Debt Instrument, a Subordinated Floating Rate Debt Instrument or a combination of any of the foregoing, as specified in the relevant Pricing Supplement.

1.3 Form of Subordinated Bearer Debt Instruments

Unless otherwise specified in the relevant Pricing Supplement, interest-bearing Subordinated Bearer Debt Instruments in definitive form will be serially numbered and issued with Coupons (and where appropriate, a Talon) attached. On or after the date on which all the Coupons attached to, or issued in respect of, any Subordinated Bearer Debt Instrument which was issued with a Talon have matured, a coupon sheet comprising further Coupons (other than Coupons which would be void) and, if applicable, one further Talon, will be issued against presentation of the relevant Talon at the specified office of the I&P Agent in accordance with Condition 9.1.5.

1.4 Form of Subordinated Registered Debt Instruments

Subordinated Registered Debt Instruments (other than Australian Domestic Notes) are constituted by the Deed of Covenant. Holders of such Subordinated Registered Debt Instruments are entitled to the benefit of, are bound by, and are deemed to have notice of all the provisions of the Deed of Covenant.

Australian Domestic Notes are constituted by the Australian Note Deed Poll. Holders of Subordinated Debt Instruments in the form of Australian Domestic Notes are entitled to the benefit of, are bound by, and are deemed to have notice of all the provisions of the Australian Note Deed Poll.

Where Subordinated Debt Instruments (other than Australian Domestic Notes) are issued in registered form, no certificate or other evidence of title will be issued unless the Issuer determines that certificates should be available or the Issuer is required to do so pursuant to any applicable law or regulation. Each certificate represents a holding of one or more such Subordinated Debt Instruments by the same Subordinated Debt Instrument Holder.

No certificates will be issued to Subordinated Debt Instrument Holders in respect of Australian Domestic Notes unless the Issuer determines that certificates should be available or if certificates are required by any applicable law or directive.

1.5 Denomination and nominal amount

Subordinated Debt Instruments will be in the denomination or denominations specified in the relevant Pricing Supplement or integral multiples thereof (“**Specified Denomination**”). Subordinated Bearer Debt Instruments of one denomination may not be exchanged for Subordinated Bearer Debt Instruments of another denomination.

The nominal amount in respect of a Subordinated Debt Instrument (“**nominal amount**”) is an amount equal to its Specified Denomination, as it may be reduced by Exchange or Write-Off as provided in these Conditions.

Subordinated Debt Instruments will be issued fully paid.

1.6 Currency of Subordinated Debt Instruments

Subject to compliance with all applicable legal and/or regulatory requirements, Subordinated Debt Instruments may be denominated in the lawful currency of the Commonwealth of Australia (“**Australian Dollars**” or “**AS**”), the lawful currency of the United States of America (“**U.S. Dollars**” or “**U.S.\$**”), the lawful currency of Japan (“**Yen**”), the lawful currency of Singapore (“**Singapore Dollars**” or “**SGD**”), the lawful currency of the United Kingdom (“**Sterling**”, “**GBP**” or “**£**”), the currency introduced at the third stage of European economic and monetary union pursuant to the Treaty establishing the European Communities, as amended by the Treaty on European Union (“**Euro**”), the lawful currency of New Zealand (“**New Zealand Dollars**” or “**NZD**”), the lawful currency of Hong Kong (“**Hong Kong Dollars**” or “**HKD**”) or in any other currency or currencies specified in the relevant Pricing Supplement (“**Specified Currency**”).

1.7 Not deposits, not guaranteed and unsecured

The Subordinated Debt Instruments do not represent protected accounts of the Issuer for the purposes of the Banking Act or any similar law of any jurisdiction and nor do they represent deposits with, or deposit liabilities of the Issuer for any other purposes of the Banking Act or the laws of any jurisdiction.

Except for a claim made on the Issuer in accordance with these Conditions, the Euro Agency Agreement, the Deed of Covenant or the Australian Note Deed Poll (as applicable), a Subordinated Debt Instrument Holder has no claim on the Issuer, MGL or any other member of the Macquarie Group for payment of any amount or the performance of any obligation in respect of any Subordinated Debt Instruments held by that Subordinated Debt Instrument Holder.

The Subordinated Debt Instruments are unsecured and are not obligations of the Australian Government or of any other government and, in particular, are not guaranteed or insured by the Commonwealth of Australia or any government, government agency or compensation scheme in any jurisdiction or by MGL or any other person.

The Issuer is an “authorised deposit-taking institution” (“ADI”) as that term is defined under the Banking Act. The Banking Act provides that, in the event an ADI becomes unable to meet its obligations or suspends payment, the ADI’s assets in Australia are available to meet specified liabilities of the ADI in priority to all other liabilities of the ADI (including the Subordinated Debt Instruments). These specified liabilities include certain obligations of the ADI to APRA in respect of amounts payable by APRA to holders of protected accounts, other liabilities of the ADI in Australia in relation to protected accounts, debts to the RBA and certain other debts to APRA. A “protected account” is either (a) an account where the ADI is required to pay the account-holder, on demand or at an agreed time, the net credit balance of the account, or (b) another account or financial product prescribed by regulation. Subordinated Debt Instruments do not constitute a protected account of, or (unless expressly provided in the relevant Pricing Supplement) a deposit with, the Issuer. Changes to applicable law may extend the liabilities required to be preferred by law.

1.8 No other rights

Except as expressly provided in these Conditions, no Subordinated Debt Instrument Holder has:

- (a) any claim against the Issuer, MGL or any other member of the Macquarie Group except as expressly set out in these Conditions;
- (b) any right to:
 - (i) subscribe for securities, or to participate in any bonus issues of securities, of the Issuer, MGL or any other member of the Macquarie Group; or
 - (ii) to otherwise participate in the profits or property of the Issuer, MGL or any other member of the Macquarie Group, except by receiving payments as set out in these Conditions.

1.9 No limitations on dealings with other securities

Nothing in these Conditions limits the ability of Issuer, MGL or any member of the Macquarie Group, in its absolute discretion from time to time, from:

- (a) issuing shares or other securities of any kind, whether ranking equally with, in priority to or junior to, or having different rights from the Subordinated Debt Instruments; or
- (b) redeeming, converting, buying back, returning or distributing capital in respect of any share capital or any other securities of any kind, whether ranking behind, equally with, or in priority to the Subordinated Debt Instruments.

1.10 Transfer restriction

Subordinated Debt Instruments may only be transferred pursuant to offers received in Australia if:

- (a) the aggregate consideration payable at the time of transfer is at least A\$500,000 (or its equivalent in an alternative currency) (disregarding moneys lent by the transferor or its associates) or the Subordinated Debt Instruments are otherwise transferred in a manner which does not require disclosure in accordance with Part 6D.2 (disregarding section 708(19)) or Chapter 7 of the Corporations Act; and
- (b) the transfer does not constitute an offer to a “retail client” as defined for the purposes of section 761G of the Corporations Act.

Subordinated Debt Instruments may only be transferred between persons in a jurisdiction or jurisdictions outside Australia if the transfer is in compliance with the laws of the jurisdiction in which the transfer takes place and the transfer of the Subordinated Debt Instruments otherwise does not require disclosure to investors in accordance with the laws of the jurisdiction in which the transfer takes place.

1.11 Australian Registrar

In the case of any Subordinated Registered Debt Instruments in Austraclear, each person in whose Security Record (as defined in the Austraclear Regulations) a Subordinated Registered Debt Instrument in Austraclear is recorded is deemed to acknowledge in favour of the Australian Registrar, the Issuer and Austraclear that:

- (a) the Australian Registrar’s decision to act as the Australian Registrar in respect of that Subordinated Debt Instrument is not a recommendation or endorsement by the Australian Registrar or Austraclear in relation to that Subordinated Debt Instrument, but only indicates that the Australian Registrar considers that the holding of the Subordinated Debt Instrument

is compatible with the performance by it of its obligations as Australian Registrar under the Australian Registry Agreement; and

- (b) the holder does not rely on any fact, matter or circumstance contrary to Condition 1.11(a).

2 Title

2.1 Title to Subordinated Bearer Debt Instruments, Coupons and Talons

Title to Subordinated Bearer Debt Instruments, Coupons and Talons passes by delivery.

2.2 Title to Subordinated Registered Debt Instruments

Subject to Condition 2.4 in the case of Australian Domestic Notes, title to Subordinated Registered Debt Instruments passes by registration in the relevant Register which the Issuer shall procure to be kept by the relevant Registrar in accordance with the provisions of the Euro Agency Agreement or the Australian Registry Agreement (as the case may be).

2.3 Title – general

In these Conditions, subject as provided below, “**Subordinated Debt Instrument Holder**” means:

- (a) (in relation to a Subordinated Bearer Debt Instrument, Coupon or Talon) the bearer of any Subordinated Bearer Debt Instrument, Coupon or Talon (as the case may be);
- (b) the person in whose name a Subordinated Registered Debt Instrument is registered, as the case may be, subject to paragraph (c) in the case of a Subordinated Registered Debt Instrument in Austraclear; or
- (c) in the case of a Subordinated Registered Debt Instrument in Austraclear, for the purposes of determining the person entitled to be issued MGL Ordinary Shares (or, where Condition 8.10 applies, the net proceeds of sale of such shares) and the amount of their entitlements, the person who is the “Austraclear Participant” (as defined in the Austraclear Regulations) to whose security account in Austraclear the Subordinated Registered Debt Instrument in Austraclear is credited.

A Subordinated Debt Instrument Holder will (except as otherwise required by applicable law or regulatory requirement) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on it, or its theft or loss or any express or constructive notice of any claim by any other person of any interest therein other than, in the case of a Subordinated Registered Debt Instrument, a duly executed transfer of such Subordinated Debt Instrument) and no person will be liable for so treating the Subordinated Debt Instrument Holder.

2.4 Title to Australian Domestic Notes

In respect of Australian Domestic Notes, each entry in the Australian Register in respect of a Subordinated Debt Instrument constitutes:

- (a) an irrevocable undertaking by the Issuer to the Subordinated Debt Instrument Holder to:
 - (i) pay principal, (if applicable) interest and any other amount in accordance with these Conditions; and
 - (ii) comply with the other Conditions of the Subordinated Debt Instrument; and

- (b) an entitlement to the other benefits given to Subordinated Debt Instrument Holders in respect of the Subordinated Debt Instrument under these Conditions.

Entries in the Australian Register in relation to an Australian Domestic Note constitute conclusive evidence that the person so entered is the absolute owner of the Subordinated Debt Instrument subject to correction for fraud or error. Where two or more persons are entered in the Australian Register as the joint holder of an Australian Domestic Note then they are taken to hold the Subordinated Debt Instrument as joint tenants with rights of survivorship, but the Australian Registrar is not bound to register more than four persons as joint holders of a Subordinated Debt Instrument.

3 Exchanges of Subordinated Bearer Debt Instruments for Subordinated Registered Debt Instruments and transfers of Subordinated Registered Debt Instruments

3.1 Exchange of Subordinated Bearer Debt Instruments

Subject to Condition 3.8, Subordinated Bearer Debt Instruments may, if so specified in the relevant Pricing Supplement, be exchanged for the same aggregate nominal amount of Subordinated Registered Debt Instruments at the request in writing of the relevant Subordinated Debt Instrument Holders and upon surrender of the Subordinated Bearer Debt Instrument to be exchanged together with all unmatured Coupons and Talons relating to it (if any) at the specified office of the Euro Registrar or the specified office of the Transfer Agent. Without limiting the previous sentence, the relevant Pricing Supplement may specify that Subordinated Bearer Debt Instruments may be exchanged for Subordinated Registered Debt Instruments only with the prior written approval of the Issuer or such other or additional persons as are specified in such Pricing Supplement. Where, however, a Subordinated Bearer Debt Instrument is surrendered for exchange after the Record Date (as defined in Condition 9.2.2) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Subordinated Registered Debt Instruments may not be exchanged for Subordinated Bearer Debt Instruments.

3.2 Transfer of Subordinated Registered Debt Instruments other than Australian Domestic Notes

A Subordinated Registered Debt Instrument may be transferred in whole but not in part upon the surrender of the relevant certificate by which such Subordinated Registered Debt Instrument is represented (if the Subordinated Debt Instrument is certificated), together with the form of transfer endorsed on it duly completed and executed, at the specified office of the Euro Registrar or the specified office of the Transfer Agent. In the case of a certificated Subordinated Registered Debt Instrument, a new certificate will be issued to the transferee and in the case of a transfer of a Subordinated Registered Debt Instrument which forms part only of a holding represented by a certificate, a new certificate in respect of the balance not transferred will be issued to the transferor.

This Condition 3.2 does not limit Exchange in accordance with Conditions 7 and 8.

3.3 Transfer of Australian Domestic Notes

Subject to Condition 1.4, Australian Domestic Notes are uncertificated and references in these Conditions to the issue, surrender or delivery of certificates do not apply to Australian Domestic Notes.

If Australian Domestic Notes are Subordinated Registered Debt Instruments in Austraclear, they may be transferred only in accordance with the Austraclear Regulations.

If Australian Domestic Notes are not Subordinated Registered Debt Instruments in Austraclear, application for the transfer of Australian Domestic Notes must be made by the lodgement of a transfer form with the Australian Registrar. Transfer forms are available from the Australian Registrar. Each form must be duly stamped (if applicable) and accompanied by such evidence (if any) as the

Australian Registrar may require to prove the title of the transferor or the transferor's right to transfer the Australian Domestic Notes and be signed by both the transferor and the transferee.

This Condition 3.3 does not limit Exchange in accordance with Conditions 7 and 8.

3.4 Information Requirements

Subordinated Bearer Debt Instruments will not be exchanged for Subordinated Registered Debt Instruments nor will Subordinated Registered Debt Instruments be transferred if the exchangee or transferee is an Australian resident, or a non-Australian resident that holds the Subordinated Debt Instruments in carrying on business in Australia at or through a permanent establishment of the exchangee or transferee in Australia and fails to provide a TFN, ABN, or evidence that the exchangee or transferee (as the case may be) is not required to provide a TFN or ABN.

The forms of exchange and transfer will require the exchangee or transferee (as the case may be) to certify whether or not such person is an Australian resident, or a non-Australian resident that holds the Subordinated Debt Instruments in carrying on business in Australia at or through a permanent establishment of the exchangee or transferee in Australia and, if so, the transferee may provide a TFN or ABN or evidence that such person is not required to provide a TFN or ABN.

3.5 Partial redemption or exercise of options in respect of Subordinated Registered Debt Instruments

In the case of a partial redemption of a holding of Subordinated Registered Debt Instruments represented by a single certificate or a partial exercise of the Issuer's option to redeem in respect of a holding of Subordinated Registered Debt Instruments represented by a single certificate, a new certificate will be issued to the Subordinated Debt Instrument Holder in respect of the balance of the holding not redeemed or in respect of which the relevant option has not been exercised. In the case of a partial exercise of an option resulting in Subordinated Registered Debt Instruments of the same holding having different terms, separate certificates shall be issued in respect of those Subordinated Debt Instruments of that holding that have the same terms. New certificates shall only be issued against surrender of the existing certificates to the Registrar or the Transfer Agent.

3.6 Delivery of new certificates representing Subordinated Registered Debt Instruments

In the case of certificated Subordinated Registered Debt Instruments, each new certificate to be issued upon exchange of Subordinated Bearer Debt Instruments or transfer of Subordinated Registered Debt Instruments will, within three Business Days (in the place of the specified office of the Registrar and the specified office of the Transfer Agent) of receipt of such request for exchange or form of transfer, be available for delivery at the specified office of the Registrar and the specified office of the Transfer Agent, or be mailed at the risk of the Subordinated Debt Instrument Holder entitled to the Subordinated Registered Debt Instrument, to such address as may be specified in such request or form of transfer.

3.7 Exchange free of charge

Registration of Subordinated Debt Instruments on exchange of Subordinated Bearer Debt Instruments for Subordinated Registered Debt Instruments or transfer of Subordinated Registered Debt Instruments will be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agent (other than any insurance charges or any expenses of delivery (if applicable) by other than regular mail), but upon payment of (or the giving of such indemnity as the Registrar or the Transfer Agent may require in respect of) any tax or other governmental charges which may be imposed in relation to it.

3.8 Closed periods

No Subordinated Debt Instrument Holder may require the transfer of a Subordinated Registered Debt Instrument to be registered or a Subordinated Bearer Debt Instrument to be exchanged for a Subordinated Registered Debt Instrument:

- (a) during the period of 15 days ending on the due date for any payment of principal on that Subordinated Debt Instrument;
- (b) during the period of 15 days before any drawing of Subordinated Debt Instruments for redemption under Condition 6.2; or
- (c) after any such Subordinated Debt Instrument has been drawn for redemption in whole or in part.

4 Status and subordination

4.1 Ranking

Subordinated Debt Instruments will rank in a Winding-Up of the Issuer:

- (a) senior to Junior Ranking Obligations;
- (b) pari passu with Equal Ranking Obligations; and
- (c) subordinate to all claims of Senior Creditors, as provided under Condition 4.2.

4.2 Subordination

The rights and claims of Subordinated Debt Instrument Holders, in the event of a Winding-Up of the Issuer, are expressly subject to the conditions, and subordinated on the basis, set out in this Condition 4.

- (a) Prior to the commencement of a Winding-Up of the Issuer:
 - (i) the Issuer's obligation to make payment of any amount (whether principal, interest or otherwise) in respect of the Subordinated Debt Instruments is conditional upon the Issuer being solvent at the time the payment falls due; and
 - (ii) no payment of any amount (whether principal, interest or otherwise) shall be made in respect of the Subordinated Debt Instruments, except to the extent that the Issuer may make such payment and still be solvent immediately thereafter,

(the "Solvency Condition").

Any amount not paid on account of the Solvency Condition remains a debt owing to the Subordinated Debt Instrument Holder by the Issuer until it is paid and will be payable on the first date on which payment can be made in compliance with the Solvency Condition.

- (b) In the Issuer's Winding-Up, the rights of a Subordinated Debt Instrument Holder against the Issuer to recover any amount (whether principal, interest or otherwise) in respect of a Subordinated Debt Instrument:
 - (i) shall be subordinate and junior in right of payment to the Issuer's obligations to Senior Creditors, to the extent that all claims in respect of such obligations to Senior

Creditors shall be entitled to be paid in full before any payment shall be paid on account of any amount owing in respect of a Subordinated Debt Instrument;

- (ii) shall rank pari passu and rateably (as to its due proportion only) with the Issuer's other subordinated creditors in respect of Equal Ranking Obligations; and
 - (iii) shall be senior and rank ahead in right of payment to the Issuer's obligations in respect of Junior Ranking Obligations.
- (c) In the Issuer's Winding-Up, Subordinated Debt Instrument Holders shall only be entitled to prove for any amount in respect of their Subordinated Debt Instruments as a debt which is subject to and contingent upon prior payment in full of the Senior Creditors. 5 Interest

5.1 General

Subordinated Debt Instruments may bear interest at either a fixed rate or a floating rate. In relation to any Tranche of Subordinated Debt Instruments, the relevant Pricing Supplement may specify actual amounts of interest payable (“**Interest Amounts**”) rather than, or in addition to, a rate or rates at which interest accrues.

The Pricing Supplement in relation to each Tranche of interest-bearing Subordinated Debt Instruments will specify which of Conditions 5.2, 5.3 and 5.4 will be applicable to the Subordinated Debt Instruments. Condition 5.5 will be applicable to each Tranche of interest-bearing Subordinated Debt Instruments save to the extent of any inconsistency with the relevant Pricing Supplement.

5.2 Interest – fixed rate

Each Subordinated Debt Instrument in relation to which this Condition 5.2 is specified in the relevant Pricing Supplement as being applicable (“**Subordinated Fixed Rate Debt Instruments**”) will bear interest on its outstanding nominal amount at the fixed rate or rates per annum specified in the relevant Pricing Supplement from the Issue Date or such other date as is specified in the relevant Pricing Supplement as being the Interest Commencement Date. Interest will be payable in arrear on each Interest Payment Date as adjusted, if applicable, in accordance with the Business Day Convention specified in the relevant Pricing Supplement.

Interest which is required to be calculated for a period of other than a full year will be calculated on the basis of a year of 360 days and 12 months of 30 days each or on such other basis as may be specified as the Day Count Fraction in the relevant Pricing Supplement.

The first payment of interest will be made on the Interest Payment Date next following the Interest Commencement Date and, if the first anniversary of the Interest Commencement Date is not an Interest Payment Date, will amount to the Initial Broken Amount.

If the Maturity Date is not an Interest Payment Date, interest from (and including) the preceding Interest Payment Date (or the Interest Commencement Date, as the case may be) to (but excluding) the Maturity Date will amount to the Final Broken Amount.

5.3 Interest – floating rate

(a) *Accrual of interest*

Subordinated Debt Instruments in relation to which this Condition 5.3 is specified in the relevant Pricing Supplement as being applicable (“**Subordinated Floating Rate Debt Instruments**”) will bear interest in respect of each Interest Period at the rate or rates per annum specified in the relevant Pricing Supplement determined in accordance with this Condition 5.3.

Each Subordinated Floating Rate Debt Instrument will bear interest on its outstanding nominal amount at the Interest Rate (as defined below) from the Issue Date of the Subordinated Debt Instruments or such other date as is specified in the relevant Pricing Supplement as being the Interest Commencement Date. Interest will be payable in arrear on each Interest Payment Date. If any Interest Payment Date in respect of a Subordinated Floating Rate Debt Instrument would otherwise fall on a day which is not a Business Day, such Interest Payment Date shall be determined in accordance with the Business Day Convention specified in the relevant Pricing Supplement.

(b) *Interest Rate*

The rate of interest payable in respect of Subordinated Floating Rate Debt Instruments (“**Interest Rate**”) shall be determined by the Calculation Agent on the basis of (i), (ii), (iii), (iv) or (v) below, as specified in the relevant Pricing Supplement.

(i) *Screen Rate Determination for Subordinated Floating Rate Debt Instruments not referencing SONIA or SOFR*

Where the Screen Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Interest Rate is to be determined and unless the Reference Rate in respect of the relevant Series of Subordinated Floating Rate Debt Instruments is specified in the relevant Pricing Supplement as being “Compounded Daily SONIA”, “SONIA Index Determination”, “Average SONIA”, “SOFR Arithmetic Mean”, “SOFR Delay Compound”, “SOFR Index Compound”, “SOFR Lockout Compound”, “SOFR Lookback Compound” or “SOFR Shift Compound”, the Interest Rate for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Relevant Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as specified in the relevant Pricing Supplement) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purposes of determining the arithmetic mean (rounded as provided above) of such offered quotations.

- (A) If (A) applies and no offered quotation appears on the Relevant Screen Page at the Relevant Time in the Relevant Financial Centre on the Interest Determination Date or if (B) applies and fewer than two offered quotations appear on the Relevant Screen Page at the Relevant Time in the Relevant Financial Centre on the Interest Determination Date, subject as provided below, the Interest Rate shall be the arithmetic mean of the Reference Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent.
- (B) If paragraph (A) above applies and the Calculation Agent determines that fewer than two Reference Banks are making offered quotations for the Reference Rate in respect of the Specified Currency, subject as provided below, the Interest Rate shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Reference Rate) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified

Currency is Euro, in such financial centre(s) as is/are specified in the relevant Pricing Supplement, in each case as selected by the Calculation Agent (“**Principal Financial Centre**”) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the first day of the Interest Period to which the relevant Interest Determination Date relates for a period equivalent to the relevant Interest Period (x) two leading banks carrying on business in Europe, or (if the relevant currency is not Euro and the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (y) two leading banks carrying on business in the Principal Financial Centre.

When calculating an amount of interest in circumstances where a Fallback Rate other than the Final Fallback Rate applies, that interest will be calculated as if references to the BBSW Rate or AONIA Rate (as applicable) were references to that Fallback

Rate. When calculating interest in circumstances where the Final Fallback Rate applies, the amount of interest will be calculated on the same basis as if the Applicable Benchmark Rate in effect immediately prior to the application of that Final Fallback Rate remained in effect but with necessary adjustments to substitute all references to that Applicable Benchmark Rate with corresponding references to the Final Fallback Rate.

“**BKBM Page**” means Bloomberg BKBM Page “GDCO 2805 1”, or such other page as may replace such page for the purpose of displaying the New Zealand Bank Bill Benchmark Rate;

“**BKBM Publication Time**” means 10.45 a.m. (or such other time at which the BKBM Rate customarily appears on the BKBM Page);

“**Determining Person**” means the Issuer, an affiliate of the Issuer, an alternative calculation agent (other than the Calculation Agent) or an independent financial institution appointed by the Issuer.

“**Interest Determination Date**” shall mean the date specified as such in the relevant Pricing Supplement or if none is so specified, the first day of each Interest Period.

(c) *Fallback Interest Rate*

(i) Notwithstanding any other provision, except in the case where “BBSW Rate Determination” or “AONIA Rate Determination” is specified in the relevant Pricing Supplement as the manner in which the Interest Rate is to be determined, if the Issuer (acting in good faith and in a commercially reasonable manner) determines that a Benchmark Disruption Event has occurred when any Interest Rate calculated in accordance with Condition 5.3(b)(i) (or the relevant component part thereof) remains to be determined by reference to such Reference Rate affected by the Benchmark Disruption Event, then, subject to the prior written approval of APRA, the following provisions shall apply:

(A) if there is a Successor Rate, then the Calculation Agent shall use such Successor Rate in place of the Reference Rate;

(B) if there is no Successor Rate, but an Alternative Rate has been determined, the Calculation Agent shall use such Alternative Rate in place of the Reference Rate; and

(C) the Calculation Agent may:

(1) in respect of a Successor Rate only, where an Adjustment Spread is formally recommended, or provided as an option for parties to adopt (which, in each case, the Independent Adviser or the Issuer (as the

case may be), acting in good faith and in a commercially reasonable manner and by reference to sources as it deems appropriate, has determined is required to be adopted to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Subordinated Debt Instrument Holders as a result of the replacement of the Reference Rate with the Successor Rate) by any Relevant Nominating Body and such Adjustment Spread has been notified to the Calculation Agent, apply such Adjustment Spread to the Successor Rate for each subsequent determination of a relevant Interest Rate (or a component part thereof) by reference to such Successor Rate; or

(2) in respect of a Successor Rate, where no such Adjustment Spread is formally recommended or provided as an option by any Relevant Nominating Body or, in respect of an Alternative Rate, the Independent Adviser or the Issuer (as the case may be), acting in good faith and in a commercially reasonable manner and by reference to such source as it deems appropriate, determines that there is an Adjustment Spread in customary market usage in the international debt capital markets for transactions which reference the Reference Rate, where such Reference Rate has been replaced by the Successor Rate or Alternative Rate (as the case may be), in accordance with the Issuer's written instructions, apply such Adjustment Spread to the Successor Rate or Alternative Rate (as the case may be) for each subsequent determination of a relevant Interest Rate (or a component part thereof) by reference to such Successor Rate or Alternative Rate; and

(D) the Independent Adviser or the Issuer (as the case may be) may determine (acting in good faith and in a commercially reasonable manner) in its sole discretion, after consulting any source it deems reasonable, the Business Day Convention, the definitions of Business Day, Day Count Fraction, Relevant Screen Page, Relevant Time, Reference Rate and Interest Determination Date and any other relevant methodology for calculating such Successor Rate or Alternative Rate, including any adjustment factor it determines is needed to make such Successor Rate or Alternative Rate comparable to the relevant Reference Rate, in a manner that is consistent with industry-accepted practices for such Successor Rate or Alternative Rate and shall notify the Calculation Agent of such determination.

(ii) Unless otherwise specified in the relevant Pricing Supplement, if:

(A) the Calculation Agent is unable to determine a rate (or, as the case may be, the arithmetic mean of rates); or

(B) the Calculation Agent is unable to use a Successor Rate; or

(C) the Independent Adviser or the Issuer is unable to (or in the case of the Issuer, elects not to) determine the Alternative Rate,

in each case, in accordance with the above provisions, the Interest Rate applicable to the Subordinated Debt Instruments during the next succeeding Interest Period will be the Interest Rate applicable to the Subordinated Debt Instruments during the

immediately preceding Interest Period. For the avoidance of doubt, this Condition 5.3(c)(ii) shall apply to the next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in Condition 5.3.

- (iii) The Issuer may make the necessary modifications to these Conditions to give effect to this Condition 5.3(c) without any requirement for the consent or approval of the Subordinated Debt Instrument Holders or Couponholders (if any) (a “**Benchmark Amendment**”).

For the avoidance of doubt and notwithstanding any other provision of this Condition 5.3, in determining any adjustment factor or other relevant methodology for the purposes of Condition 5.3(c)(i), the Issuer shall not and shall not be obliged to apply and may discount any adjustment factor or methodology the application of which may constitute it an administrator for the purposes of Regulation (EU) 2016/1011.

Subordinated Debt Instrument Holders should note that APRA’s approval may not be given for any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendment it considers to have the effect of increasing the Interest Rate contrary to applicable prudential standards.

For the purposes of this Condition 5.3(c):

“**Adjustment Spread**” means either a spread, or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread may in either case be positive, negative or zero and is to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Subordinated Debt Instrument Holders as a result of the replacement of the Reference Rate with the Successor Rate or the Alternative Rate (as the case may be).

“**Alternative Rate**” means an alternative rate for the relevant Interest Period which has been:

- (a) determined at the request of the Issuer by the Independent Adviser (acting in good faith and in a commercially reasonable manner) in its sole discretion; or
- (b) if the Issuer is unable to appoint an Independent Adviser, then, if it elects to do so, determined by the Issuer (acting in good faith and in a commercially reasonable manner) in its sole discretion,

in each case, after consulting such sources the Independent Adviser or the Issuer (as the case may be) deems reasonable, to be:

- (i) the most comparable alternative rate to the relevant Reference Rate; and
- (ii) used in place of the Reference Rate in customary market usage in the international debt capital markets,

and which has been notified to the Calculation Agent by the Issuer.

“**Benchmark Disruption Event**” means:

- (a) the relevant Reference Rate specified in the Pricing Supplement has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered; or

- (b) the Issuer determines after consulting with the Independent Adviser (if so appointed) that, a change in the generally accepted market practice in the international debt capital markets to refer to a Reference Rate is endorsed in a public statement or publication of information by a Relevant Nominating Body despite the continued existence of the applicable Reference Rate.

“**Independent Adviser**” means an independent financial institution of international repute or other independent financial adviser with appropriate expertise in the international debt capital markets, in each case appointed by the Issuer at its own expense.

“**Relevant Nominating Body**” means, in respect of a Reference Rate:

- (a) the central bank for the currency to which the Reference Rate relates, or any central bank or other supervisory authority which is responsible for administering or supervising the administrator of the Reference Rate; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the Reference Rate relates, (ii) any central bank or other supervisory authority which is responsible for administering or supervising the administrator of the Reference Rate, (iii) a group of the aforementioned central banks or other supervisory authorities, or (iv) the Financial Stability Board or any part thereof.

“**Successor Rate**” means a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

(d) *Rounding*

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country of such currency.

(e) *Determination of the Interest Rate and calculation of Interest Amount payable*

The Calculation Agent will, as soon as practicable on or after determining the Interest Rate in relation to each Interest Period, calculate the amount of interest payable for the relevant Interest Period (or other Interest Accrual Period) in respect of the nominal amount of each denomination of such Subordinated Debt Instruments. The amount of interest payable will be calculated by multiplying the product of the Interest Rate for such Interest Period and the outstanding nominal amount by the applicable Day Count Fraction and rounding the resultant figure to the nearest unit of the currency in which the relevant Subordinated Debt Instruments are denominated or, as the case may be, in which such interest is payable (an amount equal to or above one half of any such unit being rounded upwards).

5.4 Interest – other rates

Subordinated Debt Instruments in relation to which this Condition 5.4 is specified in the relevant Pricing Supplement as being applicable, will bear interest at the rate or rates calculated on the basis specified in, and be payable in the amounts and in the manner determined in accordance with, the relevant Pricing Supplement.

5.5 Interest – supplemental provisions

(a) *Interest Payment Dates and Interest Periods*

Interest on each Subordinated Debt Instrument will be payable in arrear at such intervals and on such dates as are specified in the relevant Pricing Supplement and at the Maturity Date of such Subordinated Debt Instrument (each an “**Interest Payment Date**”). The period beginning on (and including) the Issue Date of a Subordinated Debt Instrument (or other date specified in the relevant Pricing Supplement as the Interest Commencement Date) and ending on (but excluding) the first Interest Payment Date, and each period thereafter from (and including) an Interest Payment Date to (but excluding) the next following Interest Payment Date, is referred to in these Conditions as an “**Interest Period**”. Where Subordinated Debt Instruments are listed on a stock exchange, the I&P Agent (or, in the case of the Australian Domestic Notes, the Issuer) must notify the relevant listing authority of each Interest Period to the extent required by, and in accordance with the rules of, the relevant listing authority.

(b) *Notification of Interest Rate, interest payable and other items*

Except where the Reference Rate is specified in the relevant Pricing Supplement as being “Compounded Daily SONIA”, “SONIA Index Determination”, “Average SONIA”, “SOFR Arithmetic Mean”, “SOFR Delay Compound”, “SOFR Index Compound”, “SOFR Lockout Compound”, “SOFR Lookback Compound” or “SOFR Shift Compound”, the Calculation Agent will cause each Interest Rate, the amount of interest payable, (in respect of Condition 5.3(c)) the fallback interest rate or any relevant adjustments and each other amount, item or date, as the case may be, determined or calculated by it to be notified to the Issuer and, in the case of Subordinated Bearer Debt Instruments, the I&P Agent or, in the case of Subordinated Registered Debt Instruments, the relevant Registrar, or where Subordinated Debt Instruments are listed on a stock exchange, the relevant listing authority (to the extent required by, and in accordance with the rules of, the relevant listing authority) and to be notified to Subordinated Debt Instrument Holders in accordance with Condition 19 as soon as practicable after such determination or calculation but in any event not later than the fourth Banking Day in the Relevant Financial Centre thereafter. The Calculation Agent will be entitled to amend any such amount, item or date (or to make appropriate alternative arrangements by way of adjustment) without prior notice in the event of the extension or abbreviation of any relevant Interest Period or calculation period and such amendment will be notified in accordance with the previous sentence.

Where the Reference Rate is specified in the relevant Pricing Supplement as being “Compounded Daily SONIA”, “SONIA Index Determination”, “Average SONIA”, “SOFR Arithmetic Mean”, “SOFR Delay Compound”, “SOFR Index Compound”, “SOFR Lockout Compound”, “SOFR Lookback Compound” or “SOFR Shift Compound”, the Calculation Agent, will cause the Interest Rate and each Interest Amount for each SONIA Interest Accrual Period or SOFR Interest Accrual Period (as applicable) and the relevant Interest Payment Date to be notified to (i) the Issuer, and (ii) to any Relevant Securities Exchange, in each case, to be published in accordance with Condition 19 as soon as possible after their determination but in no event later than the second (a) (where the Reference Rate is specified in the relevant Pricing Supplement as being “Compounded Daily SONIA”, “SONIA Index Determination” or “Average SONIA”) London Banking Day (as defined in Condition 5.3(b)(ii) above); or (b) (where the Reference Rate is specified in the relevant Pricing Supplement as being “SOFR Arithmetic Mean”, “SOFR Delay Compound”, “SOFR Index Compound”, “SOFR Lockout Compound”, “SOFR Lookback Compound” or “SOFR Shift Compound”) U.S. Government Securities Business Day (as defined in Condition 5.3(b)(iii) above), thereafter. Each Interest Rate, Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of

adjustment) without notice in the event of an extension or shortening of the relevant SONIA Interest Accrual Period or SOFR Interest Accrual Period (as applicable). Any such amendment or alternative arrangements will promptly be notified by the Calculation Agent to the Issuer and to any Relevant Securities Exchange and to the Subordinated Debt Instrument Holders in accordance with Condition 19.

(c) *Determination final*

The determination by the Calculation Agent of all amounts, items and dates falling to be determined by it pursuant to these Conditions (including, without limitation, the Interest Rate for any Interest Period and the amount of interest payable for any Interest Period in respect of any Subordinated Debt Instrument) shall, in the absence of manifest error, be final and binding on all parties.

(d) *Accrual of interest*

Interest shall accrue on the outstanding nominal amount of each Subordinated Debt Instrument or as otherwise specified in the relevant Pricing Supplement. Interest will cease to accrue as from the due date for redemption of a Subordinated Debt Instrument unless (except in the case of any payment where presentation and/or surrender of the relevant Subordinated Debt Instrument is not required as a precondition of payment) upon due presentation and/or surrender of the relevant Subordinated Debt Instrument, the relevant payment is not made in which case interest will continue to accrue thereon (after as well as before any demand or judgment) at the rate then applicable to the outstanding nominal amount of the Subordinated Debt Instruments or such other default rate (if any) as may be specified in the relevant Pricing Supplement until the date on which, upon (except in the case where presentation and/or surrender of the relevant Subordinated Debt Instrument is not required as a precondition of payment) due presentation and/or surrender of the relevant Subordinated Debt Instrument, the relevant payment is made or, if earlier (except in the case where presentation and/or surrender of the relevant Subordinated Debt Instrument is not required as a precondition of payment), the seventh day after the date on which, the I&P Agent or, as the case may be, the relevant Registrar having received the funds required to make such payment, notice of that circumstance is given to the Subordinated Debt Instrument Holder in accordance with Condition 19 (except to the extent that there is failure in the subsequent payment thereof to the relevant Subordinated Debt Instrument Holder).

(e) *Business Day Convention*

If the “**Business Day Convention**” is specified in the relevant Pricing Supplement to be:

- (i) the “**Floating Rate Convention**”, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event:
 - (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day; and
 - (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the number of months or other period specified as the Interest Period in the relevant Pricing Supplement after the preceding applicable Interest Payment Date occurred; or
- (ii) the “**Following Business Day Convention**”, such Interest Payment Date shall be postponed to the next day which is a Business Day; or

- (iii) the “**Modified Following Business Day Convention**”, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day;
- (iv) the “**Preceding Business Day Convention**”, such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (v) “**No Adjustment**”, such Interest Payment Date shall not be adjusted in accordance with any Business Day Convention.

(f) *Day Count Fraction*

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if “**Actual/365**” or “**Actual/Actual**” is specified in the relevant Pricing Supplement, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “**Actual/365 (Fixed)**” is specified in the relevant Pricing Supplement, the actual number of days in the Interest Period divided by 365;
- (iii) if “**Actual/360**” is specified in the relevant Pricing Supplement, the actual number of days in the Interest Period divided by 360;
- (iv) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the relevant Pricing Supplement, the number of days in the Interest Period divided by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (v) if “**30E/360**” or “**Eurobond basis**” is specified in the relevant Pricing Supplement, the number of days in the Interest Period divided by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

- “**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;
- “**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;
- “**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;
- “**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;
- “**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D1 will be 30; and
- “**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30;

- (vi) if “**Australian Bond Basis**” is specified in the relevant Pricing Supplement, one divided by the number of Interest Payment Dates in a year (or where the Calculation Period does not constitute an Interest Period), the actual number of days in the Calculation Period divided by 365 (or, if any portion of the Calculation Period falls in a leap year), the sum of:

- (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366; and
- (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365); or

- (vii) if “**Actual/Actual-ICMA**” is specified in the relevant Pricing Supplement:

- (A) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Periods normally ending in any year; and
- (B) if the Calculation Period is longer than one Determination Period, the sum of:
- (1) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (aa) the number of days in such Determination Period and (ab) the number of Determination Periods normally ending in any year; and

- (2) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (aa) the number of days in such Determination Period and (ab) the number of Determination Periods normally ending in any year,

where:

“**Determination Period**” means the period from and including an Interest Determination Date in any year to but excluding the next Interest Determination Date; and

“**Calculation Period**” means the relevant period for which interest is to be calculated (from and including the first such day to but excluding the last).

6 Redemption and Purchase

6.1 Redemption

Unless previously redeemed in full, Exchanged in full, Written-Off in full or otherwise cancelled in full, each Subordinated Debt Instrument will be redeemed on its maturity date as specified in the relevant Pricing Supplement (“**Maturity Date**”) at its Redemption Amount. The Maturity Date shall be no earlier than the fifth anniversary of the Issue Date.

6.2 Redemption at the option of the Issuer

Unless previously redeemed in full, Exchanged in full, Written-Off in full or otherwise cancelled in full, with the prior written approval of APRA, the Issuer may having given at least the minimum period (if any) (but not more than the maximum period (if any)) of notice specified in the relevant Pricing Supplement to Subordinated Debt Instrument Holders in accordance with Condition 19 (which notice must comply with the following paragraph) (an “**Early Redemption Notice**”) redeem all or some of the Subordinated Debt Instruments:

- (a) on the date or dates (if any) specified in the relevant Pricing Supplement for the purposes of this paragraph (each, an “**Optional Redemption Date**”); or
- (b) following the occurrence of a Tax Event or a Regulatory Event,

in each case, at their Redemption Amount. An Optional Redemption Date shall be no earlier than the fifth anniversary of the Issue Date.

The Early Redemption Notice shall specify:

- (c) the Series of Subordinated Debt Instruments subject to redemption;
- (d) whether such Series is to be redeemed in whole or in part only and, if in part only, the aggregate nominal amount of the Subordinated Debt Instruments of the relevant Series which are to be redeemed;
- (e) the due date for redemption (the “**Early Redemption Date**”);
- (f) the Redemption Amount; and
- (g) where redemption is on account of the occurrence of a Tax Event or a Regulatory Event, the facts constituting the Tax Event or a Regulatory Event to which the Redemption Amount relates.

In the case of a partial redemption of Subordinated Debt Instruments (other than Australian Domestic Notes), the Subordinated Debt Instruments to be redeemed will be selected by the I&P Agent (or in the case of a Tranche represented wholly by Subordinated Registered Debt Instruments, the Euro Registrar), and in the case of a partial redemption of Australian Domestic Notes, the Australian Domestic Notes to be so redeemed will be selected by the Issuer in a fair and reasonable manner as determined by the Issuer and in compliance with any law, directive or requirement of any clearing system in which the Subordinated Debt Instruments are held. In each case, notice of the Subordinated Debt Instruments called for redemption (together with the serial numbers thereof, where applicable) will be published in accordance with Condition 19 not less than 15 days prior to the date fixed for redemption.

6.3 Effect of an Early Redemption notice

Subject to Condition 7.11, an Early Redemption Notice is irrevocable and obliges the Issuer, subject to the Solvency Condition, to redeem the aggregate nominal amount of Subordinated Debt Instruments specified in the Early Redemption Notice on the Early Redemption Date, by payment of the Redemption Amount in respect of each Subordinated Debt Instrument to be redeemed.

6.4 No early redemption at the option of Subordinated Debt Instrument Holders

A Subordinated Debt Instrument Holder cannot require the Issuer to redeem all or some of the Subordinated Debt Instruments held by that Subordinated Debt Instrument Holder before their Maturity Date.

6.5 Effect of redemption

Upon payment of the Redemption Amount in respect of a redemption of a Subordinated Debt Instrument, all of the Subordinated Debt Instrument Holder's rights in relation to that Subordinated Debt Instrument will be immediately and irrevocably terminated.

6.6 Purchases

Subject to APRA's prior written approval, the Issuer or any of its Related Entities may at any time purchase Subordinated Debt Instruments, Coupons or Talons (provided that, in the case of interest-bearing Subordinated Bearer Debt Instruments, all unmatured Coupons and unexchanged Talons appertaining thereto are attached or surrendered therewith) at any price in the open market or otherwise. Such Subordinated Debt Instruments may be held, reissued, resold or, at the option of the Issuer, or in the case of Subordinated Debt Instruments which are not in the form of Australian Domestic Notes, surrendered to the I&P Agent for cancellation.

6.7 Cancellation

Subordinated Debt Instruments (other than Australian Domestic Notes) redeemed or purchased for cancellation by or on behalf of the Issuer, will forthwith be surrendered for cancellation to the I&P Agent (in the case of Subordinated Bearer Debt Instruments) or the Registrar or the Transfer Agent (in the case of Subordinated Registered Debt Instruments which are certificated) and must be surrendered together with, in the case of interest-bearing Subordinated Bearer Debt Instruments, all unmatured Coupons and unexchanged Talons and accordingly may not be reissued or resold. All such Subordinated Debt Instruments will be cancelled forthwith (together with all such Coupons and Talons) and the Issuer's obligations in respect of such Subordinated Debt Instruments shall be discharged upon such cancellation.

In the case of Australian Domestic Notes, Subordinated Debt Instruments redeemed or purchased by or on behalf of the Issuer will be cancelled without any further action being required.

6.8 Early redemption and repurchase restrictions

The Issuer may only elect to redeem Subordinated Debt Instruments under Condition 6.2, and the Issuer or any of its Related Entities may only elect to purchase Subordinated Debt Instruments under Condition 6.6, if either:

- (a) the Subordinated Debt Instruments to be redeemed or repurchased are replaced (concurrently with the redemption or repurchase or beforehand) with a capital instrument of the same or better quality, and the replacement or repurchase of those Subordinated Debt Instruments is done under conditions which are sustainable for the income capacity of the Issuer Level 1 Group and the Issuer Level 2 Group; or
- (b) the Issuer obtains confirmation from APRA that APRA is satisfied that the capital positions of the Issuer Level 1 Group and the Issuer Level 2 Group are sufficient after the Subordinated Debt Instruments are redeemed or repurchased.

Subordinated Debt Instrument Holders should not expect that APRA's approval will be given for any early redemption or purchase of Subordinated Debt Instruments under these Conditions.

7 Exchange on Non-Viability Event

7.1 Non-Viability Event

- (a) A “**Non-Viability Event**” will occur when APRA:
 - (i) issues a written notice to the Issuer that it is necessary that Relevant Securities (including the Subordinated Debt Instruments) be subject to Loss Absorption because, without such Loss Absorption, APRA considers that the Issuer would become non-viable; or
 - (ii) notifies the Issuer in writing that it has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable.
- (b) If a Non-Viability Event occurs, on the date (whether or not a Business Day) on which a Non-Viability Event occurs (“**Non-Viability Date**”) such aggregate nominal amount of the Subordinated Debt Instruments shall be immediately Exchanged as is equal (following or together with any Loss Absorption in respect of other Relevant Securities) to:
 - (i) the aggregate nominal amount of Relevant Securities that APRA has notified the Issuer must be subject to Loss Absorption to satisfy APRA that the Issuer will not become non-viable; or
 - (ii) if APRA has not so notified the Issuer, such aggregate nominal amount of Subordinated Debt Instruments determined by the Issuer in accordance with Condition 7.2 as would satisfy APRA that the Issuer will not become non-viable,

provided, however, that in the case of a Non-Viability Event described in Condition 7.1(a)(ii), the aggregate outstanding nominal amount of all Subordinated Debt Instruments shall be Exchanged in full. No Subordinated Debt Instrument or portion thereof can, or will, be Exchanged at the option of a Subordinated Debt Instrument Holder.

7.2 Consequences of a Non-Viability Event

- (a) If a Non-Viability Event occurs and only some Subordinated Debt Instruments are required to be Exchanged, the Issuer will determine the aggregate nominal amount of Subordinated

Debt Instruments which must be Exchanged in accordance with Condition 7.1 in accordance with the following:

- (i) first, all Relevant Tier 1 Securities shall be subject to Loss Absorption; and
- (ii) secondly, if such Loss Absorption in respect of all Relevant Tier 1 Securities is not sufficient to satisfy the requirements of Condition 7.1(a)(i) and provided that, as a result of that Loss Absorption, APRA has not withdrawn its determination in connection with the Non-Viability Event:
 - (A) the Issuer shall Exchange an aggregate outstanding nominal amount of Subordinated Debt Instruments; and
 - (B) other Relevant Tier 2 Securities shall be subject to Loss Absorption, on an approximately proportionate basis (unless the terms of any such Relevant Tier 2 Security provide for any Loss Absorption to occur other than on a proportionate basis) or on such other basis as the Issuer considers fair and reasonable, provided, however, that such determination must not impede or delay the immediate Exchange of the relevant aggregate nominal amount of Subordinated Debt Instruments.
- (b) If a Non-Viability Event occurs, the Issuer shall determine the Subordinated Debt Instruments or portions thereof as to which Exchange is to take effect and in making that determination may make any decisions with respect to the identity of the Subordinated Debt Instrument Holders at that time as may be necessary or desirable to ensure Exchange occurs in an orderly manner, including disregarding any transfers of Subordinated Debt Instruments that have not been settled or registered at that time.
- (c) If only some Subordinated Debt Instruments are to be Exchanged, the Issuer will endeavour to treat Subordinated Debt Instrument Holders on an approximately proportionate basis or on such other basis as the Issuer considers fair and reasonable, but may discriminate to take account of the effect of marketable parcels, whole numbers of MGL Ordinary Shares and authorised denominations of any Subordinated Debt Instruments or other Relevant Securities remaining on issue and other similar considerations and the need to effect the Exchange immediately.
- (d) For the purposes of the foregoing subsections, where the specified currency of the nominal amount of Relevant Tier 2 Securities is not the same for all Relevant Tier 2 Securities, the Issuer may treat them as if converted into a single currency of the Issuer's choice at such rate of exchange as the Issuer in good faith considers reasonable.

7.3 Non-Viability Notice

The Issuer must give notice of its determination pursuant to Condition 7.2(a) (a “**Non-Viability Notice**”) as soon as practicable to Subordinated Debt Instrument Holders, which must specify:

- (a) the Non-Viability Date;
- (b) the aggregate nominal amount of the Subordinated Debt Instruments that have been, or are to be, Exchanged; and
- (c) the relevant number or nominal amount of other Relevant Securities that have been, or are to be subject to Loss Absorption.

7.4 Write-Off

Notwithstanding any other provisions of this Condition 7, if for any reason an Exchange has not occurred in respect of any Subordinated Debt Instrument within 5 Business Days of a Non-Viability Date, then such Exchange will not occur and each Subordinated Debt Instrument which, but for Condition 7.4, would be required to be Exchanged, will be Written-Off. The Issuer must give notice to holders of affected Subordinated Debt Instruments if an Exchange has not occurred by operation of this Condition (a "Write-Off Notice"), but failure to give that notice shall not affect the operation of this subsection.

7.5 Subordinated Debt Instrument Holder acknowledgements

- (a) Nothing shall prevent, impede or delay any Exchange or Write-Off of Subordinated Debt Instruments as required by Conditions 7.1, 7.2 or 7.4, including, without limitation, the following events:
- (i) any failure or delay in any Loss Absorption in respect of any other Relevant Securities;
 - (ii) any failure or delay in giving a Non-Viability Notice or Write-Off Notice;
 - (iii) any failure or delay in quotation of the MGL Ordinary Shares to be issued on or arising from the Exchange;
 - (iv) any requirement to select or adjust the aggregate outstanding nominal amount of Subordinated Debt Instruments to be Exchanged or Written-Off in accordance with Conditions 7.1, 7.2 or 7.4;
 - (v) any failure or delay by a Subordinated Debt Instrument Holder or any other party to comply with the provisions of Condition 7.7; and
 - (vi) any obligation of the Issuer to treat Subordinated Debt Instrument Holders proportionately or any right to make determinations or adjustments in accordance with Condition 7.2(c).
- (b) Each Subordinated Debt Instrument Holder, by its purchase or holding of an interest in such Subordinated Debt Instruments irrevocably acknowledges and agrees that:
- (i) the Issuer intends that the Subordinated Debt Instruments constitute Tier 2 Capital and that they shall be able to absorb losses at the point of non-viability as described in APRA's prudential standards and guidelines and that the Subordinated Debt Instruments are subject to Exchange or Write-Off in accordance with this Condition 7, which is a fundamental term of these Conditions;
 - (ii) Loss Absorption must occur immediately on the Non-Viability Date and that may result in disruption or failures in trading or dealings in the Subordinated Debt Instruments;
 - (iii) no conditions or events will affect the operation of this Condition 7 and Subordinated Debt Instrument Holders will not have any rights to vote in respect of any Subordinated Debt Instruments or portions thereof that are Exchanged or Written-Off under this Condition 7;
 - (iv) any failure or delay in the completion of any procedure, formality or other matter connected with the Exchange or Writing-Off of a Subordinated Debt Instrument held

by the Subordinated Debt Instrument Holder pursuant to this Condition 7 shall not prevent, impede or delay the Write-Off of such Subordinated Debt Instrument (which shall be deemed to have occurred immediately with effect on and from the Non-Viability Date, notwithstanding such failure or delay);

- (v) it consents to becoming a member of MGL and agrees to be bound by the constitution of MGL upon an Exchange;
- (vi) it agrees to the application of payments and issue of MGL Ordinary Shares as provided by this Condition 7 and Condition 8 hereto in respect of its Subordinated Debt Instruments upon an Exchange, notwithstanding anything which might otherwise affect the Exchange including, without limitation:
 - (A) any change in the financial position of the Issuer, MGL or the Macquarie Group since the Issue Date;
 - (B) any disruption to the market or potential market for the MGL Ordinary Shares or to capital markets generally;
 - (C) it being impossible or impracticable to list the MGL Ordinary Shares on ASX; or
 - (D) it being impossible or impracticable to sell or otherwise dispose of the MGL Ordinary Shares;
- (vii) if an Exchange does not occur in the circumstances contemplated in Condition 7.4, each Subordinated Debt Instrument subject to such Exchange will be Written-Off;
- (viii) it will provide the Issuer and MGL with (i) its name and address (or the name and address of any person in whose name it directs the MGL Ordinary Shares to be issued) for entry into any register of title and receipt of any certificate or holding statement in respect of any MGL Ordinary Shares (ii) the Subordinated Debt Instrument Holder's security account details in CHESS or such other account to which the MGL Ordinary Shares may be credited and (iii) such other information as is reasonably requested by the Issuer for the purposes of enabling it to issue the Exchange Number of MGL Ordinary Shares to the Subordinated Debt Instrument Holder. Neither the Issuer nor MGL has any duty to seek or obtain such information;
- (ix) it has no right to request an Exchange of or payment in respect of the Exchange of a Subordinated Debt Instrument or to determine whether (or in what circumstances) the Subordinated Debt Instruments it holds are Exchanged;
- (x) it has no remedies on account of a failure by MGL or any Related Body Corporate:
 - (A) to make any payment in respect of an Exchange;
 - (B) to issue MGL Ordinary Shares as required in respect of an Exchange other than (and subject always to Condition 7.4) to seek specific performance of the obligation to issue the MGL Ordinary Shares; or
 - (C) to perform any of the Related Exchange Steps;
- (xi) prior to an Exchange, a Subordinated Debt Instrument does not create or confer any voting rights in respect of any member of the Macquarie Group; and

- (xii) subject to applicable law, it is not entitled to be provided with copies of any notices of general meetings of the Issuer or MGL or any other documents (including annual reports and financial statements) sent by the Issuer or MGL to holders of ordinary shares or other securities (if any) in the Issuer or MGL.

7.6 Power of attorney

Each Subordinated Debt Instrument Holder, by its purchase or holding of an interest in such Subordinated Debt Instruments irrevocably:

- (a) appoints each of MGL, the Issuer, any Sale Agent, their respective duly authorised officers and any liquidator, administrator, statutory manager or other similar official of MGL or the Issuer (each an “**Appointed Person**”) severally to be the attorneys of the Subordinated Debt Instrument Holder and the agents of the Subordinated Debt Instrument Holder, with the power in the name and on behalf of the Subordinated Debt Instrument Holder to:
 - (i) do all such acts and things (including, without limitation, signing all documents, instruments or transfers or instructing CHESS) as may, in the opinion of the Appointed Person, be necessary or desirable to be done in order to give effect to, record or perfect an Exchange or Write-Off (as applicable) in accordance with this Condition 7 and Condition 8;
 - (ii) do all other things which an Appointed Person reasonably believes to be necessary or desirable to give effect to the Conditions; and
 - (iii) appoint in turn its own agent or delegate; and
- (b) authorises and directs the Issuer and/or the relevant Registrar to make such entries in the relevant Register, including amendments and additions to the relevant Register, which the Issuer and/or the relevant Registrar may consider necessary or desirable to record an Exchange or Write-Off (as applicable).

The power of attorney given in this Condition 7.6 is given for valuable consideration and to secure the performance by the Subordinated Debt Instrument Holder of the holder’s obligations under the Conditions, is irrevocable and shall survive and not be affected by the subsequent disability or incapacity of the holder (or, if such holder is an entity, by its dissolution or termination). An Appointed Person shall have no liability in respect of any acts duly performed in accordance with power of attorney given in this Condition 7.6.

7.7 Partial Exchange or Write-Off

For any Subordinated Debt Instrument which is to be Exchanged or Written-Off only in part:

- (a) for the purposes of the transfer of that portion of that Subordinated Debt Instrument to MGL in accordance with Condition 8.1(a), the nominal amount of that Subordinated Debt Instrument to be Exchanged (the “**Exchanged Portion**”) and the nominal amount of that Subordinated Debt Instrument that is not to be Exchanged (the “**Remaining Portion**”) shall each be deemed to be a separate Subordinated Debt Instrument, with a nominal amount:
 - (i) in the case of the Subordinated Debt Instrument referable to the Exchanged Portion, equal to the nominal amount required to be Exchanged; and
 - (ii) in the case of the Subordinated Debt Instrument referable to the Remaining Portion, equal to the nominal amount not required to be exchanged (such amount being the “**Reduced Nominal Amount**”);

- (b) the Subordinated Debt Instrument referable to the Exchanged Portion shall be Exchanged in accordance with Condition 8; and
- (c) in respect of the Subordinated Debt Instrument referable to the Remaining Portion:
 - (i) any amount payable in respect of the Subordinated Debt Instrument (including interest, principal or otherwise and any amount provable in a Winding-Up) on a date following the Non-Viability Event Date will be reduced and calculated on the basis of the Reduced Nominal Amount (this includes, where such Subordinated Debt Instrument is a Subordinated Bearer Debt Instrument, any amount payable in respect of a Coupon presented after such date); and
 - (ii) the voting entitlement of that Subordinated Debt Instrument Holder in respect of that Subordinated Debt Instrument will be adjusted and calculated on the basis of the Reduced Nominal Amount of that Subordinated Debt Instrument.

7.8 Presentation and surrender of Subordinated Debt Instruments subject to Exchange or Write-Off

- (a) If a Subordinated Debt Instrument to which Condition 7.7 applies is a Subordinated Bearer Debt Instrument or a certificated Subordinated Registered Debt Instrument, the Subordinated Debt Instrument Holder must:
 - (i) in the case of a Subordinated Bearer Debt Instrument, immediately present and surrender the Subordinated Debt Instrument at the specified office of;
 - (A) in the case of a Subordinated Bearer Debt Instrument in definitive form, the I&P Agent;
 - (B) in the case of a Subordinated Bearer Debt Instrument that is represented by a Subordinated Global Debt Instrument, the I&P Agent;
 - (ii) in the case of a Subordinated Debt Instrument that is a Subordinated Registered Debt Instrument in certificated form, immediately present and surrender the certificate at the specified office of the relevant Registrar; and
- (b) where such Subordinated Debt Instrument is converted or Written-Off in full, the I&P Agent or the relevant Registrar (as the case may be) shall cancel or arrange for the cancellation of such Subordinated Debt Instrument; and
- (c) where such Subordinated Debt Instrument is converted or Written-Off in part, the I&P Agent or the relevant Registrar (as the case may be) shall:
 - (i) where such Subordinated Debt Instrument is represented by a Subordinated Global Debt Instrument, endorse or arrange for the endorsement of the Subordinated Global Debt Instrument to reflect the reduction in the nominal amount to the Remaining Portion; and
 - (ii) where such Subordinated Debt Instrument is in definitive form, cancel or arrange for the cancellation of the Subordinated Debt Instrument and deliver or arrange for the delivery of a new Subordinated Definitive Debt Instrument reflecting the nominal amount of the Remaining Portion,

but no failure or delay in such presentation and surrender, cancellation, endorsement or issue shall prevent, impede or delay the Exchange or Write-Off of any Subordinated Debt Instruments required by Condition 7.

In this Condition 7.8, a reference to a Subordinated Bearer Debt Instrument includes a reference to any Coupons and Talons relating to that Subordinated Bearer Debt Instrument, attached or otherwise.

7.9 Obligations of MGL

MGL irrevocably undertakes for the benefit of Subordinated Debt Instrument Holders:

- (a) to perform its obligations relating to an Exchange (including in connection with the issue and delivery of MGL Ordinary Shares) as provided in these Conditions;
- (b) to use all reasonable endeavours to procure quotation of the MGL Ordinary Shares issued or arising from an Exchange on ASX. Each holder of Subordinated Debt Instruments so Exchanged agrees not to trade MGL Ordinary Shares issued on an Exchange (except as permitted by the Corporations Act, other applicable laws and the ASX Listing Rules) until MGL has taken such steps as are required by the Corporations Act, other applicable laws and the ASX Listing Rules for the MGL Ordinary Shares to be freely tradable without further disclosure or other action and agrees that MGL may impose a holding lock or refuse to register a transfer in respect of MGL Ordinary Shares until such time;
- (c) to ensure that the MGL Ordinary Shares issued or arising from an Exchange will rank equally with all other fully paid MGL Ordinary Shares;
- (d) from the applicable Non-Viability Date, subject to Conditions 7.4 and 7.5(b)(x) to treat the Subordinated Debt Instrument Holder in respect of its Subordinated Debt Instruments as the holder of the Exchange Number of MGL Ordinary Shares and will take all such steps, including updating any register, required to record the Exchange; and
- (e) otherwise to comply with the Conditions.

7.10 Timing of Non-Viability Event

A Non-Viability Event takes effect, and the Issuer must perform the obligations in respect of the relevant determination, immediately on the Non-Viability Date, whether or not such day is a Business Day.

7.11 Priority of Exchange obligations

An Exchange on account of a Non-Viability Event takes place on the relevant date and in the manner required in Condition 8 notwithstanding anything in Conditions 5 or 6 (and any Early Redemption Notice in respect of the Subordinated Debt Instruments given before the Non-Viability Date but in respect of which Redemption has not completed will be taken to be revoked and of no force or effect).

8 Exchange Mechanics

8.1 Exchange

On a Non-Viability Date, subject to Condition 7.4, each of the events described in this Condition 8.1 shall occur in respect of any Subordinated Debt Instrument to be Exchanged (including where a Subordinated Debt Instrument is to be Exchanged in part, the Subordinated Debt Instrument arising in respect of the Exchanged Portion in accordance with Condition 7.7).

- (a) The rights of each Subordinated Debt Instrument Holder of each relevant Subordinated Debt Instrument (including to payment of interest, principal or otherwise) in relation to the nominal amount of that Subordinated Debt Instrument will be automatically and irrevocably transferred free from any Encumbrance to MGL or an Approved Nominee for an amount payable by MGL equal to the outstanding nominal amount of that Subordinated Debt Instrument and MGL will apply that outstanding nominal amount by way of payment for subscription for the MGL Ordinary Shares to be allotted and issued under Condition 8.1(b). Each Subordinated Debt Instrument Holder is taken to have irrevocably directed that any amount payable under this Condition 8.1(a) is to be applied as provided for in Condition 8.1(b) and no such Subordinated Debt Instrument Holder (or other person claiming through a Subordinated Debt Instrument Holder) has any right to payment in any other way.
- (b) MGL will allot and issue the Exchange Number of MGL Ordinary Shares to the Subordinated Debt Instrument Holder (or as they may direct) for a subscription price equal to the outstanding nominal amount of that Subordinated Debt Instrument. The “**Exchange Number**” will be calculated by the Issuer in accordance with the following formula:

$$\text{Exchange Number} = \frac{\text{Exchange Amount}}{0.99 \times \text{Non-Viability Date VWAP}}$$

subject to the Exchange Number being no greater than the Maximum Exchange Number.

- (c) The “**Maximum Exchange Number**” will be calculated by the Issuer on the Issue Date in accordance with the following formula:

$$\text{Maximum Exchange Number} = \frac{\text{Exchange Amount}}{\text{Exchange Floor Price}}$$

- (d) If the total number of MGL Ordinary Shares to be allotted to a Subordinated Debt Instrument Holder in respect of their aggregate holding of Subordinated Debt Instruments or portions thereof upon Exchange includes a fraction of an MGL Ordinary Share, that fraction of an MGL Ordinary Share will be disregarded.
- (e) All rights to payment of interest or any other amount owing, both in the future and as accrued but unpaid as at the Non-Viability Date, in relation to such Subordinated Debt Instrument transferred will be immediately and irrevocably terminated for no other consideration.
- (f) As agreed between, amongst others, MGL and the Issuer under the Implementation Deed, MGL, the Issuer and their Related Bodies Corporate will deal with the Subordinated Debt Instruments or portions thereof being Exchanged so that fully paid ordinary shares in the capital of the Issuer are issued to, or as directed by, MGL or to a Related Body Corporate of MGL nominated by MGL (which is a holding company of the Issuer and which itself issues ordinary shares to, or as directed by, MGL), for an aggregate Issue Price equal to the aggregate Exchange Amount and the Subordinated Debt Instruments transferred to MGL or to an Approved Nominee in accordance with this Condition 8.1 shall be redeemed and cancelled (the “**Related Exchange Steps**”).

8.2 Adjustments to VWAP

For the purposes of calculating VWAP under these Conditions:

- (a) where, on some or all of the ASX Trading Days in the relevant VWAP Period, MGL Ordinary Shares have been quoted on ASX as cum dividend or cum any other distribution or entitlement and the Subordinated Debt Instruments or portions thereof will be Exchanged for MGL Ordinary Shares after the date those MGL Ordinary Shares no longer carry that

dividend or any other distribution or entitlement, then the VWAP on the ASX Trading Days on which those MGL Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement shall be reduced by an amount (“Cum Value”) equal to:

- (i) in case of a dividend or other distribution, the amount of that dividend or other distribution including, if the dividend or other distribution is franked, the amount that would be included in the assessable income of a recipient of the dividend or other distribution who is both a resident of Australia and a natural person under the Tax Act and eligible to receive a franked distribution;
 - (ii) in the case of any other entitlement that is not a dividend or other distribution under Condition 8.2(a)(i) and which is traded on ASX on any of those ASX Trading Days, the volume weighted average sale price of all such entitlements sold on ASX during the VWAP Period on the ASX Trading Days on which those entitlements were traded; or
 - (iii) in the case of any other entitlement which is not traded on ASX during the VWAP Period, the value of the entitlement as reasonably determined by the Issuer; and
- (b) where, on some or all of the ASX Trading Days in the VWAP Period, MGL Ordinary Shares have been quoted on ASX as ex dividend or ex any other distribution or entitlement, and the Subordinated Debt Instruments or portions thereof will be Exchanged for MGL Ordinary Shares which would be entitled to receive the relevant dividend or other distribution or entitlement, the VWAP on the ASX Trading Days on which those MGL Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement shall be increased by the Cum Value.

8.3 Adjustments to VWAP for divisions and similar transactions

- (a) Where during the relevant VWAP Period there is a change in the number of the MGL Ordinary Shares on issue as a result of a Reclassification, in calculating the VWAP for that VWAP Period the Daily VWAP applicable on each day in the relevant VWAP Period which falls before the date on which trading in MGL Ordinary Shares is conducted on a post Reclassification basis shall be adjusted by multiplying the VWAP by the following fraction:

$$\frac{A}{B}$$

where:

“A” means the aggregate number of MGL Ordinary Shares immediately before the Reclassification; and

“B” means the aggregate number of MGL Ordinary Shares immediately after the Reclassification.

- (b) Any adjustment to VWAP made by the Issuer in accordance with Condition 8.2 or Condition 8.3(a) will be effective and binding on Subordinated Debt Instrument Holders and the Conditions will be construed accordingly. Any such adjustment must be notified to all Subordinated Debt Instrument Holders as soon as reasonably practicable following its determination by the Issuer.

8.4 Adjustments to Issue Date VWAP

For the purposes of determining the Issue Date VWAP, adjustments to VWAP will be made in

accordance with Condition 8.2 or Condition 8.3 during the period for determining the Issue Date VWAP. On and from the Issue Date, adjustments to the Issue Date VWAP:

- (a) may be made in accordance with Condition 8.5 or Condition 8.6; and
- (b) if so made, will correspondingly cause an adjustment to the Maximum Exchange Number.

8.5 Adjustments to Issue Date VWAP for bonus issues

- (a) Subject to Condition 8.5(b), if MGL makes a pro rata bonus issue of MGL Ordinary Shares to holders of MGL Ordinary Shares generally, the Issue Date VWAP will be adjusted immediately in accordance with the following formula:

$$V = V_0 \times \frac{RD}{RD + RN}$$

where:

“V” means the Issue Date VWAP applying immediately after the application of this formula;

“V₀” means the Issue Date VWAP applying immediately prior to the application of this formula;

“RN” means the number of MGL Ordinary Shares issued pursuant to the bonus issue; and

“RD” means the number of MGL Ordinary Shares on issue immediately prior to the allotment of new MGL Ordinary Shares pursuant to the bonus issue.

- (b) Condition 8.5(a) does not apply to MGL Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan.
- (c) For the purpose of Condition 8.5(a) an issue will be regarded as a pro rata issue notwithstanding that MGL does not make offers to some or all holders of MGL Ordinary Shares with registered addresses outside Australia, provided that in so doing MGL is not in contravention of the ASX Listing Rules.
- (d) No adjustments to the Issue Date VWAP will be made under this Condition 8.5 for any offer of MGL Ordinary Shares not covered by Condition 8.5(a), including a rights issue or other essentially pro rata issue.
- (e) The fact that no adjustment is made for an issue of MGL Ordinary Shares except as covered by Condition 8.5(a) shall not in any way restrict MGL from issuing MGL Ordinary Shares at any time on such terms as it sees fit nor be taken to constitute a modification or variation of rights or privileges of Subordinated Debt Instrument Holders or otherwise requiring any consent or concurrence of Subordinated Debt Instrument Holders.

8.6 Adjustment to Issue Date VWAP for divisions and similar transactions

- (a) If at any time after the Issue Date there is a change in the number of MGL Ordinary Shares on issue as a result of a Reclassification, the Issuer will adjust the Issue Date VWAP by multiplying the Issue Date VWAP applicable on the Business Day immediately before the date of any such Reclassification by the following fraction:

$$\frac{A}{B}$$

where:

“A” means the aggregate number of MGL Ordinary Shares immediately before the Reclassification; and

“B” means the aggregate number of MGL Ordinary Shares immediately after the Reclassification.

- (b) Each Subordinated Debt Instrument Holder acknowledges that MGL may consolidate, divide or reclassify securities so that there is a lesser or greater number of MGL Ordinary Shares at any time in its absolute discretion without any such action constituting a modification or variation of rights or privileges of Subordinated Debt Instrument Holders or otherwise requiring any consent or concurrence.

8.7 No adjustment to Issue Date VWAP in certain circumstances

Despite the provisions of Condition 8.5 or Condition 8.6, no adjustment shall be made to the Issue Date VWAP where such cumulative adjustment (rounded if applicable) would be less than 1 per cent. of the Issue Date VWAP then in effect. Any adjustment not made in accordance with this Condition 8.7 shall be carried forward and taken into account in determining whether any subsequent adjustment shall be made.

8.8 Announcement of adjustment to Issue Date VWAP

If the Issuer determines an adjustment to the Issue Date VWAP under Condition 8.5 or Condition 8.6, such an adjustment will be:

- (a) determined as soon as reasonably practicable following the relevant event; and
- (b) notified to Subordinated Debt Instrument Holders (an “**Adjustment Notice**”) within 10 Business Days of the Issuer determining the adjustment.

The adjustment set out in the Adjustment Notice will be final and binding on Subordinated Debt Instrument Holders and the Conditions will be construed accordingly.

8.9 Failure to Exchange

- (a) Subject to Condition 7.4 and Condition 8.10(h), if, in respect of an Exchange of a Subordinated Debt Instrument, MGL fails to issue the MGL Ordinary Shares to, or in accordance with the instructions of, the relevant Subordinated Debt Instrument Holder of that Subordinated Debt Instrument on the applicable Non-Viability Date or to a Sale Agent where Condition 8.10 applies, the outstanding nominal amount of that Subordinated Debt Instrument shall nonetheless be transferred and dealt with in accordance with Condition 8.1(a), Condition 8.1(e) and Condition 8.1(f) and the remedies of any Subordinated Debt Instrument Holder of that Subordinated Debt Instrument in respect of that failure are limited to seeking an order for specific performance of MGL’s obligations to issue MGL Ordinary Shares.
- (b) If, in respect of an Exchange of a Subordinated Debt Instrument, that Subordinated Debt Instrument is not transferred on the Non-Viability Date free from Encumbrance to MGL or its Approved Nominee, MGL shall issue the Exchange Number of MGL Ordinary Shares to the Subordinated Debt Instrument Holder in respect of that Subordinated Debt Instrument

and all rights of the relevant Subordinated Debt Instrument Holder (and any person claiming through the Subordinated Debt Instrument Holder) in such Subordinated Debt Instrument are taken to have ceased and that Subordinated Debt Instrument shall be cancelled.

- (c) This Condition 8.9 does not affect the obligation of MGL to deliver the MGL Ordinary Shares or of the relevant Subordinated Debt Instrument Holder to transfer that Subordinated Debt Instrument when required in accordance with these terms.

8.10 Subordinated Debt Instruments Holders whose MGL Ordinary Shares are to be sold

Subject to Condition 7.4, if any Subordinated Debt Instrument is required to be Exchanged and if:

- (a) the Subordinated Debt Instrument Holder of that Subordinated Debt Instrument has notified the Issuer that it does not wish to receive MGL Ordinary Shares as a result of the Exchange (whether entirely or to the extent specified in the notice), which notice may be given at any time on or after the Issue Date and no less than 15 Business Days prior to the Non-Viability Date;
- (b) the Subordinated Debt Instrument Holder of that Subordinated Debt Instrument is a Foreign Holder;
- (c) the Subordinated Debt Instrument Holder of that Subordinated Debt Instrument is a Clearing System Holder;
- (d) for any reason (whether or not due to the fault of the Subordinated Debt Instrument Holder):
 - (i) the Issuer or MGL does not receive any information required by it in accordance with the terms of that Subordinated Debt Instrument so as to impede MGL from issuing the MGL Ordinary Shares to the Subordinated Debt Instrument Holder of that Subordinated Debt Instrument on the Non-Viability Date; or
 - (ii) a FATCA Withholding is required to be made in respect of any MGL Ordinary Shares to be delivered as a result of that Exchange; or
- (e) MGL is of the opinion that under an Applicable Shareholding Law, the Subordinated Debt Instrument Holder of that Subordinated Debt Instrument is prohibited from acquiring some or all of the Exchange Number of MGL Ordinary Shares on the Non-Viability Date;

then, subject to Condition 8.10(f), the Issuer will use reasonable endeavours to appoint one or more parties (in each case, other than the Issuer or any Related Entity of the Issuer) as a Sale Agent on such terms as the Issuer considers reasonable, who will act in accordance with Condition 8.10(g) where the Issuer, MGL and each Sale Agent can be satisfied that the obligation in Condition 8.10(g) may be performed in respect of the relevant Subordinated Debt Instrument and the relevant MGL Ordinary Shares in accordance with all applicable laws and without the Issuer, MGL or any Sale Agent having to take steps which any of them regard as unacceptable or onerous.

On the Non-Viability Date:

- (f) where Condition 8.10(a), Condition 8.10(b), Condition 8.10(d)(ii) or Condition 8.10(e) applies, MGL will issue the Exchange Number of MGL Ordinary Shares to the Subordinated Debt Instrument Holder of that Subordinated Debt Instrument only to the extent (if at all) that:

- (i) where Condition 8.10(a) applies, the Subordinated Debt Instrument Holder's notice referred to in Condition 8.10(a) indicates the Subordinated Debt Instrument Holder wishes to receive them;
 - (ii) where Condition 8.10(b) applies, the Foreign Holder has notified the Issuer that it wishes to receive MGL Ordinary Shares as a result of the Exchange (whether entirely or to the extent specified in the notice), which notice may be given at any time on or after the Issue Date and no less than 15 Business Days prior to the Non-Viability Date, and MGL is satisfied that the laws of both Australia and the Foreign Holder's country of residence permit the issue of the Exchange Number of MGL Ordinary Shares to the Foreign Holder as contemplated by this Condition 8.10 (but as to which MGL is not bound to enquire), either unconditionally or after compliance with conditions which MGL, in its absolute discretion, regards as acceptable and not unduly onerous;
 - (iii) where Condition 8.10(d)(ii) applies, MGL, in its absolute discretion, considers that it can do so in accordance with the requirements applicable to the relevant FATCA Withholding without it having to take steps which it regards as unacceptable or onerous; or
 - (iv) where Condition 8.10(e) applies, the issue would, in MGL's opinion, result in the Subordinated Debt Instrument Holder receiving the maximum number of MGL Ordinary Shares the Subordinated Debt Instrument Holder is permitted to acquire in compliance with Applicable Shareholding Law as at the Non-Viability Date;
- (g) otherwise, subject to Conditions 8.10(h) and 8.10(i) and Condition 7.4, MGL will issue the balance (or where Condition 8.10(d)(i) applies, all) of the Exchange Number of MGL Ordinary Shares in respect of that Subordinated Debt Instrument Holder to a Sale Agent (or its nominee) on the terms that, at the first reasonable opportunity to sell the MGL Ordinary Shares, the Sale Agent will arrange for their sale and pay to the Subordinated Debt Instrument Holder of the relevant Subordinated Debt Instrument on a date determined by the Sale Agent a cash amount equal to the Attributable Proceeds of the Subordinated Debt Instrument Holder of that Subordinated Debt Instrument (and, where a FATCA Withholding has been required to be made, will remit the cash amount referable to the FATCA Withholding to, or as directed by, the relevant authority or agency). The issue of MGL Ordinary Shares to a Sale Agent will satisfy all obligations of MGL and its Related Bodies Corporate in connection with the Exchange, that Subordinated Debt Instrument will be deemed Exchanged and will be dealt with in accordance with Condition 8.1 and, on and from the issue of MGL Ordinary Shares, the rights of the Subordinated Debt Instrument Holder of that Subordinated Debt Instrument the subject of this Condition 8.10 are limited to its rights in respect of the MGL Ordinary Shares or the Attributable Proceeds as provided in this Condition 8.10;
- (h) where Condition 8.10(c) applies, MGL will issue the relevant aggregate Exchange Number of MGL Ordinary Shares required to be issued to such holder to a Sale Agent (or its nominee) in accordance with this Condition 8 for no additional consideration to hold for the benefit of the participants in, or members of, the relevant Clearing System who held interests in the corresponding Subordinated Debt Instruments through the relevant Clearing System immediately prior to Exchange ("**Clearing System Participants**"); and each such Clearing System Participant will, in respect of its entitlement to an interest in that Subordinated Debt Instrument, be entitled to receive MGL Ordinary Shares (or the proceeds of the sale of MGL Ordinary Shares) from the Sale Agent in accordance with this Condition 8 as though references to the "holder" of any Subordinated Debt Instrument are to the Clearing System Participant and references to MGL issuing MGL Ordinary Shares to the holder are to the Sale

Agent delivering to the Clearing System Participant the MGL Ordinary Shares issued to the Sale Agent under Condition 8.10(g);

- (i) where Condition 8.10(g) applies in respect of a Subordinated Debt Instrument Holder and a Sale Agent is unable to be appointed, or any of the Issuer, MGL or a Sale Agent is of the opinion that the issue of MGL Ordinary Shares to the Sale Agent and subsequent delivery or sale in accordance with Condition 8.10(g) cannot be undertaken in accordance with Applicable Shareholding Law or other applicable law (or can be undertaken in accordance with Applicable Shareholding Law or applicable law only after MGL or the Sale Agent take steps which any of the Issuer, MGL or the Sale Agent regard as onerous) then, without in any way limiting Condition 7.4, if either or both of MGL and the Sale Agent is of the opinion that the issue of MGL Ordinary Shares cannot be undertaken within 5 Business Days of the Non-Viability Date to the Sale Agent in accordance with Condition 8.10(g) or otherwise to the Subordinated Debt Instrument Holder of that Subordinated Debt Instrument in accordance with Condition 8.10, then that Subordinated Debt Instrument will be Written-Off;
- (j) nothing in this Condition 8.10 shall affect the Exchange of any Subordinated Debt Instrument to any Subordinated Debt Instrument Holder of that Subordinated Debt Instrument which is not a person to which any of Condition 8.10(a) to Condition 8.10(g) applies; and
- (k) for the purpose of this Condition 8.10, none of the Issuer, MGL, any Sale Agent or any other person owes any obligations or duties to the Subordinated Debt Instrument Holders in relation to the price at which MGL Ordinary Shares are sold or has any liability for any loss suffered by a Subordinated Debt Instrument Holder as a result of the sale of MGL Ordinary Shares.

- (a) the Issuer has appointed an I&P Agent with specified offices outside the United States with the reasonable expectation that such agent would be able to make payment in U.S. Dollars at such specified offices outside the United States of the full amount of principal and interest on the Subordinated Debt Instruments in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. Dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

If paragraphs (a) and (b) apply, the Issuer shall forthwith appoint a paying agent with a specified office in New York City.

9.1.4 *Unmatured Coupons and unexchanged Talons*

Each Subordinated Bearer Debt Instrument initially delivered with Coupons attached thereto should be presented and surrendered for final redemption together with all unexpired Coupons and Talons appertaining thereto (if any), failing which:

- (a) in the case of Subordinated Bearer Debt Instruments which are Subordinated Fixed Rate Debt Instruments (and unless otherwise specified in the relevant Pricing Supplement), the amount of any missing unexpired Coupons (excluding, for this purpose, but without prejudice to paragraph (c) below, Talons) will be deducted from the amount otherwise payable on such final redemption. The amount so deducted will be paid against surrender of the relevant Coupon at the specified office of the I&P Agent at any time within five years of the Relevant Date applicable to payment of such final redemption amount. The “**Relevant Date**” is the earlier of:
 - (i) the date on which all amounts due in respect of the Subordinated Debt Instrument have been paid; and
 - (ii) the date on which the full amount of the moneys payable has been received by the I&P Agent, in the case of a Subordinated Bearer Debt Instrument, or the Registrar, in the case of a Subordinated Registered Debt Instrument, and notice to that effect has been given to the Subordinated Debt Instrument Holders in accordance with Condition 19;
- (b) in the case of Subordinated Bearer Debt Instruments which are Subordinated Floating Rate Debt Instruments (or otherwise where specified in the relevant Pricing Supplement), all unexpired Coupons (excluding, for this purpose, but without prejudice to paragraph (c) below, Talons) relating to such Subordinated Bearer Debt Instruments (whether or not attached) shall become void and no payment shall be made thereafter in respect of them;
- (c) in the case of Subordinated Bearer Debt Instruments initially delivered with Talons attached thereto, all unexpired Talons (whether or not surrendered therewith) shall become void and no exchange for Coupons shall be made thereafter in respect of them; and

- (d) in the case of Subordinated Bearer Debt Instruments which bear interest at a floating rate or rates, or where such a Subordinated Bearer Debt Instrument is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

The provisions of paragraph (a) of this Condition 9.1.4 notwithstanding, if any Subordinated Bearer Debt Instruments are issued with a Maturity Date and a fixed rate or fixed rates of interest such that on the presentation for payment of any such Subordinated Bearer Debt Instrument without any unmatured Coupons attached thereto or surrendered therewith, the amount required by paragraph (a) to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption of any such Subordinated Bearer Debt Instrument, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the provisions of paragraph (a) in respect of such Coupons as have not so become void, the amount required by paragraph (a) to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Subordinated Bearer Debt Instrument to become void, the I&P Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

9.1.5 Exchange of Talons

In relation to Subordinated Bearer Debt Instruments initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of the I&P Agent outside (unless Condition 9.1.3 applies) the United States in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 12 below. Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date for payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

9.2 Payments - Subordinated Registered Debt Instruments

9.2.1 Payment of principal in respect of Subordinated Registered Debt Instruments

Subject to Condition 9.2.4 in the case of Australian Domestic Notes, payment of principal (which for this purpose shall include any final redemption amount) due in respect of Subordinated Registered Debt Instruments will be made to the Subordinated Debt Instrument Holder (or, in the case of joint Subordinated Debt Instrument Holders, the first named) as appearing in the Register as at opening of business (local time in the place of the specified office of the Registrar or the specified office of the Transfer Agent) on the fifteenth (eighth, if the specified office of the Registrar or the specified office of the Transfer Agent is located in Sydney or Melbourne) Relevant Banking Day before the due date for such payment and (if in certificated form) against presentation and, save in the case of partial payment of the amount due upon final redemption by reason of insufficiency of funds, surrender of the relevant certificate at the specified office of the Registrar or the specified office of the Transfer Agent.

9.2.2 Payment of interest in respect of Subordinated Registered Debt Instruments

Subject to Condition 9.2.4 in the case of Australian Domestic Notes, payment of interest due in respect of Subordinated Registered Debt Instruments will be paid to the Subordinated Debt Instrument Holder (or, in the case of joint Subordinated Debt Instrument Holders, the first named) as appearing in the Register as at opening of business (local time in the place of the specified office of the Registrar or the specified office of the Transfer Agent) on the fifteenth (eighth, if the specified office of the Registrar or the specified office of the Transfer Agent is located in Sydney or Melbourne) Relevant

Banking Day before the due date for such payment (“**Record Date**”), provided that, for so long as the Subordinated Registered Debt Instruments are represented by a Subordinated Global Debt Instrument, the “**Record Date**” shall be the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment where “**Clearing System Business Day**” means a day on which the relevant clearing system is open for business.

9.2.3 *Manner of payments pursuant to Condition 9.2.2*

Notwithstanding the provisions of Condition 9.4 but subject to Condition 9.2.4 in the case of Australian Domestic Notes, payments in respect of Subordinated Registered Debt Instruments pursuant to Condition 9.2.2 will be made by cheque and posted to the address (as recorded in the Register) of the Subordinated Debt Instrument Holder (or, in the case of joint Subordinated Debt Instrument Holders, the first-named) on the relevant due date for payment unless prior to the relevant Record Date the Subordinated Debt Instrument Holder (or, in the case of joint Subordinated Debt Instrument Holders, the first-named) has applied to the Registrar and the Registrar has acknowledged such application for payment to be made to a designated account in the relevant currency.

9.2.4 *Payments in respect of Australian Domestic Notes*

Monies payable by the Issuer in respect of an Australian Domestic Note shall be paid:

- (a) in the case of a payment of interest, to the holder appearing in the Australian Register at the close of business on the Record Date; and
- (b) in the case of a payment of principal, to the holder appearing in the Australian Register at 10.00 a.m. (Sydney time) on the date which is fixed for payment.

In the case of Australian Domestic Notes that are Subordinated Registered Debt Instruments in Austraclear, subject to all applicable fiscal or other laws and regulations, payments in respect of each such Subordinated Debt Instrument will be made by crediting on the relevant payment date the amount then due to the account of the holder in respect of that such Subordinated Debt Instrument in accordance with the Austraclear Regulations.

In the case of Australian Domestic Notes that are not held in the Austraclear System, payments in respect of each Subordinated Debt Instrument will be made by crediting on the relevant payment date the amount then due to an account previously notified to the Issuer and the Australian Registrar by the holder in respect of that Subordinated Debt Instrument. If the holder has not notified the Issuer and the Australian Registrar of such an account by the time specified in paragraph (a) or (b) above (as the case may be), payments in respect of the relevant Subordinated Debt Instrument will be made by cheque dispatched by post on the relevant payment date at the risk of the Subordinated Debt Instrument Holder. Cheques dispatched to the nominated address of a holder will in such cases be deemed to have been received by the holder on the relevant payment date and no further amount will be payable by the Issuer in respect of the relevant Subordinated Debt Instrument as a result of payment not being received by the holder on the due date.

9.3 **Payment due on a non-Payment Business Day**

If the due date for payment of the Redemption Amount, interest or any other amount due in respect of any Subordinated Debt Instrument is not a Payment Business Day, then the Subordinated Debt Instrument Holder will not be entitled to payment of such amount until the next day which is a Payment Business Day and no further payment on account of principal or interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 5.5(d).

9.4 Payments - general provisions

Subject to Condition 9.2.3, payments of amounts due (whether principal, redemption amount, interest or otherwise) in respect of Subordinated Debt Instruments will be made as follows:

- (a) payments in a Specified Currency other than Euro will be made by transfer to an account in the relevant Specified Currency (which, in the case of a payment in Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank (which, in the case of a payment in Yen to a non-resident of Japan, shall be an authorised foreign exchange bank) in the principal financial centre of the country of such Specified Currency, provided however that no payment may be made by transfer of funds to an account maintained in the United States or by cheque mailed to an address in the United States;
- (b) payments in respect of Subordinated Definitive Debt Instruments in Euro will be made by credit or transfer to a Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or at the option of the payee, by a Euro cheque.

Payments will, without prejudice to the provisions of Condition 10, be subject in all cases to any applicable fiscal or other laws, regulations and directives and the administrative practices and procedures of fiscal and other authorities in relation to tax, anti-money laundering and other requirements which may apply to payments of amounts due (whether principal, redemption amount, interest or otherwise) in respect of Subordinated Debt Instruments.

9.5 Interpretation of Principal and Interest

Any reference in these Conditions to principal in respect of the Subordinated Debt Instruments shall be deemed to include, as applicable the Redemption Amount and any Additional Amounts which may be payable with respect to principal under Condition 10.

Any reference in these Conditions to interest in respect of the Subordinated Debt Instruments shall be deemed to include, as applicable, any Additional Amounts which may be payable with respect to interest under Condition 10.

10 Taxation

All payments by the Issuer (in respect of principal, redemption amount or interest) in respect of the Subordinated Debt Instruments or Coupons will be made free and clear of and without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (“**Taxes**”) imposed or levied by or on behalf of Australia or any political subdivision thereof or any authority therein or thereof having power to tax or, in the case of Subordinated Debt Instruments issued by the Issuer through its London Branch or its Singapore Branch, Taxes imposed or levied by or on behalf of the country in which such branch is located or any political subdivision thereof or any authority therein or thereof having power to tax, or Taxes imposed or levied by or on behalf of the United States or any political subdivision thereof or any authority therein or thereof having the power to tax, unless in each case such withholding or deduction is required by law. In that event, the Issuer will pay such additional amounts (“**Additional Amounts**”) as may be necessary in order that the net amounts received by the Subordinated Debt Instrument Holders and Couponholders after such withholding or deduction shall equal the respective amounts which would otherwise have been receivable in respect of the Subordinated Debt Instruments or, as the case may be, Coupons in the absence of such withholding or deduction; except that no Additional Amounts are payable in relation to any payment in respect of any Subordinated Debt Instrument or Coupon:

- (a) to, or to a third party on behalf of, a Subordinated Debt Instrument Holder who is liable to such Taxes in respect of such Subordinated Debt Instrument or Coupon by reason of his having some connection with Australia or the country in which such branch is located other than the mere holding of such Subordinated Debt Instrument or Coupon or receipt of principal or interest in respect thereof or who could have lawfully avoided (but has not so avoided) such liability by providing or procuring that any third party provides the Subordinated Debt Instrument Holder's TFN and/or ABN or evidence that the Subordinated Debt Instrument Holder is not required to provide a TFN and/or ABN to the Issuer or, in the case of Subordinated Debt Instruments issued by the Issuer through its London Branch or its Singapore Branch, satisfies similar requirements or otherwise provides details of the Subordinated Debt Instrument Holder's name and address to the Issuer;
- (b) to, or to a third party on behalf of, a Subordinated Debt Instrument Holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption to any tax authority in the place where the Subordinated Debt Instrument is presented for payment;
- (c) where the Subordinated Debt Instrument or Coupon is presented for payment more than 30 days after the Tax Relevant Date except to the extent that a Subordinated Debt Instrument Holder would have been entitled to Additional Amounts on presenting the same for payment on the last day of the period of 30 days assuming, whether or not such is in fact the case, that day to have been a Business Day;
- (d) to, or to a third party on behalf of, a Subordinated Debt Instrument Holder who is liable to the Taxes in respect of the Subordinated Debt Instrument or Coupon by reason of the Subordinated Debt Instrument Holder being an associate of the Issuer for the purposes of section 128F(9) of the Australian Tax Act;
- (e) in a case where the Issuer receives a notice or direction under section 260-5 of Schedule 1 to the Taxation Administration Act 1953 of Australia, section 255 of the Australian Tax Act or any analogous provisions, any amounts paid or deducted from sums payable to a Subordinated Debt Instrument Holder by the Issuer in compliance with such notice or direction on account of any Taxes or charges payable by the Issuer;
- (f) where such withholding or deduction is due to Taxes imposed or levied by, or on behalf of, the United States, or any political subdivision thereof or any authority therein or thereof having power to tax under the United States;
- (g) any combination of paragraphs (a) through (f) above; or
- (h) in such other circumstances as may be specified in the relevant Pricing Supplement.

Notwithstanding any other provision herein, any amounts to be paid in respect of the Subordinated Debt Instruments or Coupons will be paid net of any FATCA Withholding. Neither the Issuer nor any other person will be required to pay any Additional Amounts in respect of FATCA Withholding.

11 Events of Default

11.1 Events of Default

An "Event of Default" occurs in relation to a Subordinated Debt Instrument if:

- (a) either:

- (i) the Issuer fails to pay any part of the Redemption Amount in respect of the Subordinated Debt Instrument of that Series within 14 days of the relevant due date; or
- (ii) the Issuer fails to pay any amount of interest in respect of the Subordinated Debt Instruments of that Series within 30 days of the relevant due date,

provided that, if the Solvency Condition is not satisfied then the Issuer is under no obligation to make any payment and accordingly no amount is due and the Event of Default described in this Condition 11.1(a) cannot occur (a “**Payment Default**”); or

(b) either:

- (i) an order is made by a court of competent jurisdiction in Australia (other than an order successfully appealed or permanently stayed within 60 days); or
- (ii) an effective resolution is passed,

for the Winding-Up of the Issuer in Australia, in each case other than in connection with a scheme of amalgamation or reconstruction not involving the bankruptcy or insolvency of the Issuer (a “**Winding-Up Default**”).

11.2 Notification

If an Event of Default occurs in relation to a Subordinated Debt Instrument, the Issuer must promptly after becoming aware of it notify the Subordinated Debt Instrument Holders of the occurrence of the Event of Default, specifying whether it is a Payment Default or a Winding-Up Default.

11.3 Enforcement

If an Event of Default occurs and is continuing:

- (a) in the case of a Payment Default, any Subordinated Debt Instrument Holder may bring Proceedings:
 - (i) to recover any amount then due and payable but unpaid on that Subordinated Debt Instrument (subject to the Issuer being able to make the payment and remain solvent);
 - (ii) to obtain an order for specific performance of any other obligation in respect of that Subordinated Debt Instrument; or
 - (iii) for the Winding-Up of the Issuer in Australia; and
- (b) in the case of a Winding-Up Default, in addition to taking any of the actions specified in Condition 11.3(a)(i) or (ii), a Subordinated Debt Instrument Holder may declare by notice to the Issuer that the nominal amount of that Subordinated Debt Instrument is payable on a date specified in the notice and, subject to Condition 4, may prove in the Winding-Up of the Issuer for that amount.

11.4 No other remedies

No Subordinated Debt Instrument Holder may exercise any other remedies against the Issuer or MGL (including any right to sue for damages which has the same economic effect as acceleration) as a consequence of an Event of Default or other default except as specified in this Condition 11 or as

otherwise expressly provided in these Conditions (but this does not affect the Subordinated Debt Instrument Holders' rights, subject to these Conditions and the Deed of Covenant and the Australian Note Deed Poll (as applicable), to seek an injunction or order for specific performance in respect of an obligation).

12 Prescription

Claims against the Issuer for payment in respect of the Subordinated Debt Instruments or Coupons (which, for this purpose, shall not include Talons) will be prescribed and become void unless made within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date.

13 Replacement of Subordinated Debt Instruments, Coupons and Talons

Should any Subordinated Debt Instrument (other than an Australian Domestic Note), Coupon, Talon or certificate be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the I&P Agent (in the case of Subordinated Bearer Debt Instruments, Coupons and Talons) or the relevant Registrar (in the case of Subordinated Registered Debt Instruments in certified form), subject to all applicable laws, upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence, security, indemnity and otherwise as the Issuer or the I&P Agent may require. Mutilated or defaced Subordinated Debt Instruments, Coupons or Talons must be surrendered before replacements will be issued.

14 Currency Indemnity

The Specified Currency is, unless otherwise specified in the relevant Pricing Supplement, the sole currency of account and payment for all sums payable by the Issuer in respect of the Subordinated Debt Instruments. Any amount received or recovered in a currency other than the Specified Currency (whether as a result of, or on the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Subordinated Debt Instrument Holder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the Specified Currency which such Subordinated Debt Instrument Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount is less than the amount in the Specified Currency expressed to be due to any Subordinated Debt Instrument Holder in respect of such Subordinated Debt Instrument the Issuer shall indemnify each such Subordinated Debt Instrument Holder against any cost of making such purchase which is reasonably incurred. Subject to Condition 4, these indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Subordinated Debt Instrument Holder and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Subordinated Debt Instruments or any judgment or order. Any such loss aforesaid shall be deemed to constitute a loss suffered by the relevant Subordinated Debt Instrument Holder and no proof or evidence of any actual loss will be required by the Issuer.

15 Further Issues

The Issuer may from time to time without the consent of the Subordinated Debt Instrument Holders (or any of them) create and issue further Subordinated Debt Instruments forming a single Series with any existing Subordinated Debt Instruments either having the same terms and conditions as such Subordinated Debt Instruments in all respects or in all respects except in connection with the Issue Date, Interest Commencement Date and the amount of the first payment of interest (if any) and so that the same shall be consolidated and form a single Series with the outstanding Subordinated Debt

Instruments, provided that the requirements of APRA that the Subordinated Debt Instruments be eligible to be treated as Tier 2 Capital are met.

16 Agents

The Issuer reserves the right at any time to terminate the appointment of any Agent or to appoint additional or other Agents, provided that it will:

- (a) at all times maintain an I&P Agent;
- (b) if and for so long as any Subordinated Debt Instruments are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, and the rules of the relevant listing authority, stock exchange and/or quotation system so require, at all times maintain a paying agent, a Transfer Agent (in the case of Subordinated Registered Debt Instruments) in such place as may be required by such listing authority, stock exchange and/or quotation system;
- (c) if and for so long as there are any Subordinated Registered Debt Instruments outstanding, at all times maintain a Euro Registrar (in the case of Subordinated Debt Instruments other than Australian Domestic Notes) or an Australian Registrar (in the case of Australian Domestic Notes).

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Subordinated Debt Instrument Holders in accordance with Condition 19.

17 Exchange of Talons

In the case of Subordinated Bearer Debt Instruments, on and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the I&P Agent or any other paying agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Subordinated Debt Instrument to which it appertains) a further Talon, subject to the provisions of Condition 12. Each Talon shall, for the purposes of these Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the Coupon sheet in which that Talon was included on issue matures.

18 Modification and waiver

18.1 Meetings of Subordinated Debt Instrument Holders

The Euro Agency Agreement, the Australian Note Deed Poll and the Deed of Covenant (as applicable) contain provisions for convening meetings (including by way of conference call or by use of a videoconference platform) of the Subordinated Debt Instrument Holders to consider any matter affecting their interests, including the modification by Extraordinary Resolution of any of these Conditions or any of the provisions of the Euro Agency Agreement, the Australian Note Deed Poll, the Deed of Covenant or any undertaking given by MGL in connection with an Exchange (“**MGL Deed of Undertaking**”) (as applicable). An Extraordinary Resolution passed at any meeting of the Subordinated Debt Instrument Holders will be binding on all Subordinated Debt Instrument Holders, whether or not they are present at the meeting, and on all Couponholders.

18.2 Modification and Waiver

The Issuer may, without the consent of the Subordinated Debt Instrument Holders or Couponholders, make any modification of any of these Conditions or any of the provisions of the Euro Agency Agreement, the Australian Note Deed Poll, the Deed of Covenant and any MGL Deed of Undertaking (as applicable) which is not materially prejudicial to the interests of the Subordinated Debt Instrument Holders or any modification which is of a formal, minor or technical nature or to correct a manifest error, to cure any ambiguity or defect or to comply with mandatory provisions of the law.

Notwithstanding the foregoing, no consent of the Subordinated Debt Instrument Holders or Couponholders shall be required in order to make any amendments to the Conditions and/or the Euro Agency Agreement as the Issuer may deem necessary or desirable to give effect to the provisions as provided for in Condition 5.3(c).

The Issuer will not make any modification to the conditions of any Subordinated Debt Instrument which impact upon the eligibility of the Subordinated Debt Instrument for inclusion as part of the regulatory capital of the Issuer for the purposes of any prudential standard, prudential regulation or other requirement of APRA which is applicable to the Issuer without the prior written consent of APRA having been obtained.

18.3 No variation which may affect Tier 2 Capital eligibility

The prior written approval of APRA is required in respect of any variation in respect of the Deed of Covenant, the Australian Note Deed Poll or any MGL Deed of Undertaking (as applicable) or these Conditions where such variation may affect the eligibility of the Subordinated Debt Instruments as Tier 2 Capital.

18.4 Notification

Any modification, waiver or authorisation shall be binding on the Subordinated Debt Instrument Holders and the Couponholders and any modification shall be notified by the Issuer to the Subordinated Debt Instrument Holders as soon as practicable thereafter in accordance with Condition 19.

19 Notices

address) by air mail to the Subordinated Registered Debt Instrument Holder (or, in the case of joint Subordinated Debt Instrument Holders, to the first-named in the Register) at their respective addresses as recorded in the Register, and will be deemed to have been validly given on the fourth day after the date of such mailing or, if posted from another country, on the fifth such day.

Notices to be given by any Subordinated Registered Debt Instrument Holder shall be in writing and given by lodging the same, together with the relative Subordinated Registered Debt Instrument or Subordinated Registered Debt Instruments with the Issuer and (if certificated) with the Registrar.

19.3 Listed Subordinated Debt Instruments

So long as the Subordinated Debt Instruments are listed on a stock exchange, notices shall be published in accordance with the rules of that stock exchange (and without need for publication of any such notice as required under Condition 19.1 or Condition 19.2).

19.4 Subordinated Global Debt Instruments

So long as the Subordinated Debt Instruments are represented by a Subordinated Global Debt Instrument and the Subordinated Global Debt Instrument is held on behalf of Euroclear and Clearstream (or any other clearing system), all notices regarding the Subordinated Debt Instrument may be given to Euroclear, Clearstream, or such other clearing system, as the case may be, or otherwise to the holder of the Subordinated Global Debt Instrument, without need for publication of any such notice as required under Condition 19.1 or Condition 19.2 (as applicable). Any such notice will be deemed to have been given on the date on which the notice was given.

19.5 Subordinated Debt Instruments listed on ASX

So long as Subordinated Debt Instruments are quoted on ASX, the Issuer may give notice to holders of such Subordinated Debt Instruments by publication of an announcement on ASX. Any such notice will be deemed to have been given on the date of publication of the announcement.

19.6 Subordinated Registered Debt Instruments in Austraclear

So long as Subordinated Debt Instruments are Subordinated Registered Debt Instruments in Austraclear, notices may be given by delivery to the Austraclear System for communication through the Austraclear System to the persons shown in its records as having interests therein. Such notices are taken to be received by the holder of the Subordinated Registered Debt Instruments in Austraclear on the fourth Business Day after delivery to the Austraclear System.

20 Governing law and jurisdiction

The Subordinated Debt Instruments and the Coupons are governed by, and shall be construed in accordance with, New South Wales law.

The courts of New South Wales are to have jurisdiction to settle any disputes which may arise out of or in connection with the Subordinated Debt Instruments and accordingly any legal action or proceedings arising out of or in connection with the Subordinated Debt Instruments (“**Proceedings**”) may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of the courts and waives any objection to Proceedings in such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. These submissions are made for the benefit of each Subordinated Debt Instrument Holder and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).
