

Welcome to Macquarie MySupplier, our new platform to complete supplier governance and assurance activities

You're assigned an assessment

You'll receive an email from Macquarie MySupplier to let you know there's a new assessment to complete. Your email will contain access information. Log in to your account to access the online assessment form.

Complete the questionnaire and upload your documents

As you go through the questions you can provide responses as well as uploaded supporting documents.

Share tasks with your colleagues

If you need input from your colleagues, you can delegate questions to them for completion. Both yours and your colleagues' responses will be kept in the one form for visibility.

Manage follow ups efficiently

If your Macquarie Relationship Manager needs more information, they can raise a request in the platform. You'll receive an email notification to login and provide extra details.

Save your responses for future

Once your assessment is complete your responses will be saved, next time around you can simply approve or update your previous answers.
