About this Prospectus

This Prospectus relates to the offer by Macquarie Group Limited ABN 94 122 169 279 ("MGL") of Macquarie Group Capital Notes 3 ("MCN3") to raise \$900 million with the ability to raise up to \$1 billion (the "Offer").

This Prospectus is dated 15 May 2018 and a copy was lodged with the Australian Securities and Investments Commission ("ASIC") on that date pursuant to section 713(1) of the Corporations Act 2001 (Cth) ("Corporations Act") (as modified by the ASIC Corporations (Regulatory Capital Securities) Instrument 2016/71). This is a replacement prospectus which replaces the Prospectus dated and lodged with ASIC on 7 May 2018 ("Original Prospectus"). This Prospectus expires 13 months after that date and no MCN3 will be issued on the basis of this Prospectus after that expiry date.

Neither ASIC nor ASX Limited ("ASX") take any responsibility for the contents of this Prospectus or for the merits of investing in MCN3.

Documents relevant to the Offer

In addition to this Prospectus, the following documents are relevant to the Offer and can be obtained from www.MCN3Offer.com.au:

- the MCN3 Terms (see Appendix A to this Prospectus);
- the Trust Deed (see Section 7.1); and
- the MGL Constitution.

Status of MCN3

MCN3 are fully paid, unsecured, subordinated, non-cumulative, mandatorily convertible notes. MCN3 are not deposit liabilities and are not protected accounts of Macquarie Bank Limited ABN 46 008 583 542 ("MBL") under the Banking Act 1959 (Cth) ("Banking Act") and are not guaranteed or insured by any government, government agency or compensation scheme of Australia or any other jurisdiction. MGL is not an authorised deposit-taking institution for the purposes of the Banking Act and its obligations do not represent deposits or other liabilities of MBL. The investment performance of MCN3 is not guaranteed by MGL, MBL or any other member of the Macquarie Group.

Claims in respect of MCN3 are subordinated in a winding up of MGL so as to rank after all creditors, equally with the holders of certain preference shares and other equal ranking instruments and ahead only of holders of Ordinary Shares. Further, if MGL is in financial difficulty some or all MCN3 may be required to be Exchanged into Ordinary Shares or Written-Off. If Exchange occurs, you would be in the position of a holder of Ordinary Shares and those shares may be worth significantly less than your investment in MCN3. If a MCN3 is Written-Off you lose all of your investment in the MCN3.

MCN3 are unsecured notes for the purposes of section 283BH of the Corporations Act.

MCN3 are issued by MGL under the MCN3 Terms and the Trust Deed and holders of MCN3 have no claim on MGL except as provided in the MCN3 Terms and the Trust Deed.

You can find this guidance by searching “hybrid securities” at www.moneysmart.gov.au. MGL is subject to regular reporting and disclosure obligations under the Corporations Act and the ASX Listing Rules. MGL must notify ASX immediately (subject to certain exceptions) if it becomes aware of information about MGL that a reasonable person would expect to have a material effect on the price or value of its securities, including MCN3. Copies of documents lodged with ASIC, which are publicly available, can be obtained from ASIC’s website www.asic.gov.au (a fee may apply) and MGL’s ASX announcements may be viewed at www.asx.com.au.

Topic	Summary	Further information
1.1.7. Why is MGL issuing MCN3?	<ul style="list-style-type: none"> As at the Issue Date, MCN3 will constitute eligible regulatory capital of Macquarie Group in a manner which satisfies APRA regulatory capital requirements. The MCN3 and MGL's other regulatory capital instruments and equity capital provide a buffer which protects Senior Creditors against losses that may be incurred by the Macquarie Group. MGL issued a redemption notice on 15 May 2018 to redeem the MCN on 7 June 2018. The Offer comprises the Reinvestment Offer under which Eligible MCN Holders can reinvest some or all of their MCN. The net proceeds of the Offer will be used for general corporate purposes. 	Sections 2.9 and 3
1.2. Key features of MCN3		
1.2.1. Do MCN3 have a maturity date?	<ul style="list-style-type: none"> MCN3 are perpetual and do not have a fixed maturity date and, if MCN3 are not Exchanged, Redeemed or Written-off, they could remain on issue indefinitely and the Issue Price may not be repaid. MCN3 will Exchange into Ordinary Shares on 15 December 2027, subject to certain Exchange Conditions being satisfied, unless they are Exchanged, Redeemed or Written-Off earlier. If the Exchange Conditions have not been satisfied on the above date then MCN3 will Exchange on the next Distribution Payment Date on which the Exchange Conditions are satisfied, unless they are Exchanged, Redeemed or Written-Off earlier. 	Sections 2.2 to 2.8
1.2.2. What Distributions are payable?	<ul style="list-style-type: none"> MCN3 are scheduled to pay floating rate cash distributions commencing on 17 September 2018,¹ thereafter quarterly, in arrears until all MCN3 are Exchanged, Redeemed or Written-Off. The Distribution Rate is based on the Reference Rate plus the Margin, adjusted for franking. The Margin is 4.00% which was determined under the Bookbuild. Distributions on MCN3 are discretionary, which means MGL can decide not to pay them. Distributions can also only be paid if certain Payment Conditions are met (including that MGL is able to pay Distributions without breaching APRA's capital adequacy requirements or becoming insolvent). Distributions are non-cumulative, which means that if a Distribution is not paid on a Distribution Payment Date then MGL has no obligation to pay the Distribution at any later date. Failure to pay a Distribution is not an event of default. Unless a Distribution is paid in full within 10 Business Days of the Distribution Payment Date, in most circumstances MGL is restricted from paying any dividends or returning capital on Ordinary Shares until the next Distribution Payment Date. 	Section 2.1
1.2.3. Will Distributions be franked?	<ul style="list-style-type: none"> Distributions on MCN3 are frankable. Distributions are expected to be franked at the same rate as dividends on Ordinary Shares. MGL currently franks dividends on Ordinary Shares at 45%. The level of franking may vary over time and Distributions may be partially, fully or not franked. A higher Franking Rate for a Distribution will result in a lower Distribution Rate and a lower cash Distribution, reflecting the value of the franking credit attached to the Distribution. If Distributions are franked, the ability of MCN3 Holders to use the franking credits will depend on their individual circumstances. 	Sections 2.1.3, 2.1.4, 5.1.7 and 6

1. Due to the Business Day convention, the first Distribution Payment Date is deferred from 15 September 2018 to 17 September 2018.

Topic	Summary	Further information
1.2.4. When will the Issue Price be repaid?	<ul style="list-style-type: none"> ● MGL has no obligation to return the Issue Price on any fixed date, therefore capital invested by MCN3 Holders may never be returned. ● Whether and when the capital invested by MCN3 Holders may be returned will depend on what happens to MCN3. What may happen to MCN3 is uncertain and depends on a number of factors, including whether: <ul style="list-style-type: none"> ● a Scheduled Mandatory Exchange occurs; ● a Non-Viability Event, Acquisition Event, Regulatory Event or Tax Event occurs; ● MGL elects for an Optional Exchange, Redemption or Resale to occur; and ● APRA approval is given when it is required under the MCN3 Terms. ● MCN3 Holders will have no right to request that MGL Exchange, Redeem or Resell any MCN3. ● If a Non-Viability Event occurs MCN3 will be Exchanged for Ordinary Shares or if MCN3 are not Exchanged for any reason, those MCN3 will be Written-Off in which case the relevant MCN3 Holders' rights will be terminated and they will not receive any return of capital invested. 	Sections 2.2 to 2.8
1.2.5. Will MCN3 be Redeemed?	<ul style="list-style-type: none"> ● If APRA gives prior written approval, MGL has a right, but not an obligation, to Redeem all or some MCN3: <ul style="list-style-type: none"> ● on 16 December 2024, 16 June 2025 or 15 December 2025; or² ● if a Tax Event or Regulatory Event occurs. ● Redemption cannot occur unless MCN3 are replaced with securities forming part of Eligible Capital of the same or better quality from APRA's perspective or APRA is satisfied that MGL's capital position is sufficient after Redemption. ● If MCN3 are Redeemed MCN3 Holders will receive \$100 for each MCN3 Redeemed and, if the Payment Conditions are met, a Distribution for the period since the last Distribution Payment Date to the Redemption Date. 	Section 2.5
1.2.6. Will MCN3 be Resold?	<ul style="list-style-type: none"> ● If APRA gives prior written approval, MGL has a right, but not an obligation, to Resell all or some MCN3 in the same limited circumstances as when Redemption may occur. ● If a Resale occurs, the relevant MCN3 will be mandatorily sold to one or more nominated third parties. MCN3 Holders will receive a cash amount of \$100 for each MCN3 Resold and, if the Payment Conditions are met, a Distribution for the period since the last Distribution Payment Date to the Resale Date. 	Section 2.6
1.2.7. Will MCN3 be Exchanged for Ordinary Shares?	<p>MCN3 may be Exchanged for Ordinary Shares in the following circumstances:</p> <ul style="list-style-type: none"> ● Mandatory Exchange: All MCN3 are scheduled to be Exchanged on 15 December 2027, unless the Exchange Conditions relevant to that date are not met (in which case, Exchange will be deferred until the first quarterly Distribution Payment Date where the Exchange Conditions relevant to that date are met). The Exchange Conditions (where applicable) are intended to ensure that MCN3 Holders will receive approximately \$101 worth of Ordinary Shares per MCN3 on Exchange (based on the VWAP during the 20 ASX Trading Days before the Relevant Mandatory Exchange Date) and that the Ordinary Shares are capable of being sold on ASX. ● Exchange at MGL's option: MGL may also choose to Exchange all or some MCN3 on 16 December 2024, 16 June 2025 or 15 December 2025², or if there has been a Tax Event or Regulatory Event, provided certain conditions are met. 	Sections 2.3, 2.4, 2.7 and 2.8

Topic	Summary	Further information
1.2.7. Will MCN3 be Exchanged for Ordinary Shares? <i>continued</i>	<ul style="list-style-type: none"> • Acquisition Event: MGL will be required to Exchange all MCN3 for Ordinary Shares if an Acquisition Event (broadly, a change of control of MGL by takeover bid, scheme of arrangement or otherwise) occurs, provided certain conditions are met. • Non-Viability Event: MGL will be required to immediately Exchange all or some MCN3 for Ordinary Shares (or, if Exchange has not occurred for any reason within 5 Business Days, Write-Off all or some MCN3) if a Non-Viability Event occurs. Exchange under these circumstances is not subject to any conditions. 	Sections 2.3, 2.4, 2.7 and 2.8
1.2.8. What will MCN3 Holders receive on Exchange?	<ul style="list-style-type: none"> • If Exchange occurs as a result of Mandatory Exchange, or at MGL's option, MCN3 Holders will receive approximately \$101 worth of Ordinary Shares per MCN3, but those shares may be worth more or less than \$101 by the time the Exchange occurs. • If Exchange occurs as a result of an Acquisition Event, MCN3 Holders should receive approximately \$101 worth of Ordinary Shares per MCN3, except in limited circumstances where the Directors determine that it is in the best interests of MCN3 Holders as a whole for Exchange to proceed, notwithstanding that Holders will receive less than \$101 worth of Ordinary Shares. Similarly to Mandatory Exchange, those shares may be worth more or less than \$101 by the time the Exchange occurs. • The number of Ordinary Shares to be received by each MCN3 Holder in respect of its aggregate holding of the MCN3 will also be rounded down to the nearest whole number. • See below for what MCN3 Holders receive on Exchange as a result of a Non-Viability Event. 	Sections 2.3 and 2.4
1.2.9. What will MCN3 Holders receive on Exchange on a Non-Viability Event?	<ul style="list-style-type: none"> • MGL is required to immediately Exchange MCN3 into Ordinary Shares where a Non-Viability Event occurs. MCN3 Holders will not receive prior notice of the Exchange. • Broadly, a Non-Viability Event occurs if APRA has notified the Issuer in writing that (1) Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable or (2) APRA has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable. As at the date of this Prospectus, APRA has not provided guidance as to how it would determine non-viability. • Exchange on account of a Non-Viability Event is not subject to any conditions. As a result, MCN3 Holders may receive less, or significantly less, than the Issue Price per MCN3 and an MCN3 Holder may suffer loss as a consequence. 	Section 2.7
1.2.10. What happens if Exchange following a Non-Viability Event does not occur?	<ul style="list-style-type: none"> • If MCN3 that are required to be Exchanged have not been Exchanged, for any reason, within 5 Business Days of the Non-Viability Event, they will never be Exchanged and must be Written-Off. • If a Write-Off of an MCN3 occurs, the MCN3 Holder's rights under that MCN3 (including to payment of the Liquidation Amount and Distributions) are immediately and irrevocably terminated for no consideration with effect on and from the Non-Viability Exchange Date and MCN3 Holders will suffer a total loss of their investment in that MCN3 as a consequence. 1. Please see the Glossary for full definitions.
2. Holders should not expect that APRA's approval will be given for any Redemption or Resale.
3. The Exchange Conditions applicable to a Mandatory Exchange differ from those applicable to a Tax Event, Regulatory Event, Acquisition Event or an Optional Exchange. See Sections 2.3, 2.4, 2.7 and 2.8.
4. If Exchange (other than on account of a Non-Viability Event), Redemption or Resale occurs on a day that is not a scheduled quarterly Distribution Payment Date, MCN3 Holders which are being Exchanged, Redeemed or Resold will also receive a Distribution in respect of those MCN3 for the period from the immediately preceding Distribution Payment Date to the date on which the Exchange, Redemption or Resale occurs (provided the Directors have decided to pay the Distribution and the other Payment Conditions are met).
5. The value of Ordinary Shares is determined over a period of ASX Trading Days immediately prior to Exchange (generally the period is 20 ASX Trading Days, with 5 ASX Trading Days for Non-Viability Exchange). By the time of Exchange, the value of Ordinary Shares received on Exchange may be more or less than \$101.
6. May be less if Directors determine that Exchange is in the best interests of MCN3 Holders as a whole, notwithstanding that MCN3 Holders will suffer loss, or that the Ordinary Shares may not be listed. See Section 2.8.
7. Whilst APRA approval is not required for an Exchange due to a Non-Viability Event, APRA must determine that a Non-Viability Event has occurred.
8. These dates may change due to the Business Day convention.
9. MCN3 are perpetual and, if the Exchange Conditions are never met, Exchange may never occur and MCN3 may remain on issue indefinitely. Unless Redeemed, Exchanged or Written-Off earlier, MCN3 will be mandatorily Exchanged on 15 December 2027 provided the Exchange Conditions are met, or on the next Distribution Payment Date on which the Exchange Conditions are satisfied.

1.2.12. Ranking of MCN3 in a Winding Up of MGL	<ul style="list-style-type: none"> In a Winding Up of MGL, MCN3 will rank ahead of Ordinary Shares, equally with Equal Ranking Obligations, but behind all Senior Creditors of MGL. The table below illustrates this ranking, if the MCN3 have not been Exchanged or Written-Off on account of a Non-Viability Event. However, any return on MCN3 may be adversely affected or reduced to zero if a Non-Viability Event occurs. If APRA determines that a Non-Viability Event occurs, some or all of the MCN3 are to be Exchanged or, if that does not occur, Written-Off. Where this occurs, the MCN3 Holders will become holders of Ordinary Shares (ranking equally with other Ordinary Shares) or the MCN3 may be Written-Off in which case the MCN3 Holders will have no claim at all on MGL (even though Ordinary Shares will still be on issue). Topic	Summary	Further information
1.3. What are the key risks of investing in MCN3?		
There are risks associated with an investment in MCN3, many of which are outside the control of MGL. These risks include those in this Section 1.3 and Section 5 and other matters referred to in this Prospectus.		
Before applying for MCN3, you should consider whether MCN3 are a suitable investment for you. MCN3 are complex investments and may be difficult to understand, even for experienced investors.		
A summary of some of the key risks associated with an investment in MGL and the Macquarie Group generally are described in Section 5.2.		
1.3.1. Market Price and Liquidity of MCN3	<ul style="list-style-type: none"> The market price of MCN3 may go up or down and there is no guarantee MCN3 will trade at or above their Issue Price. For example, the market price of MCN3 may decline if better rates of return are available on other securities. The market price of MCN3 may also be significantly impacted by the market price for Ordinary Shares. There may be no liquid market for MCN3. MCN3 Holders who wish to sell their MCN3 may be unable to do so at a price acceptable to them, or at all. 	Section 5.1.3
1.3.2 Market price and liquidity of Ordinary Shares	<ul style="list-style-type: none"> If MCN3 are Exchanged into Ordinary Shares, the value of those Ordinary Shares is determined over a period of up to 20 ASX Trading Days immediately prior to Exchange. By the time of Exchange, the price at which the Ordinary Shares received by MCN3 Holders can be sold may be more or less than the anticipated \$101. Additionally, in various circumstances the market price of Ordinary Shares may determine whether Exchange can occur. This will affect when Exchange occurs (and may mean that Exchange never occurs). The market price for Ordinary Shares will vary due to many factors including the availability and rates of return on other securities, investor perceptions of the Macquarie Group's financial position and performance and general economic and market conditions. The market for Ordinary Shares may be less liquid than other securities and may not be liquid at all, so that MCN3 Holders may be unable to sell the Ordinary Shares they may receive for an acceptable price, or at all. 	Section 5.1.4
1.3.3. Distributions may not be paid	<ul style="list-style-type: none"> MGL has absolute discretion to determine whether or not to pay Distributions. Furthermore, a Distribution can only be paid if the Payment Conditions are met, including that MGL is able to pay the Distribution without MGL breaching APRA's capital adequacy requirements or becoming insolvent. This means that there is a risk that Distributions may not be paid. Distributions are non-cumulative. Accordingly, if a Distribution is not paid for any reason, MCN3 Holders will have no rights to receive that Distribution in the future. 	Section 5.1.5
1.3.4. Changes in Distribution Rate	<ul style="list-style-type: none"> The Distribution Rate will fluctuate (both increasing and decreasing) over time as a result of movements in the Reference Rate. A higher Franking Rate for a Distribution will result in a lower Distribution Rate and a lower cash Distribution, reflecting the value of the franking credit attached to the Distribution. There is a risk that the Distribution Rate may become less attractive when compared to the rates of return available on comparable securities or investments. 	Section 5.1.6

Topic	Summary	Further information
1.3.5. Level of franking	<ul style="list-style-type: none"> The level of franking of Distributions on MCN3 is affected by the level of MGL's available franking credits and distributable profits. MGL's level of franking credits may be affected by a wide range of factors, including its business performance, the jurisdictions in which the Macquarie Group makes profits and pays tax and the amount of other frankable distributions. MGL's distributable profits may also be affected by a wide range of factors including its level of earnings and other distributions it makes. The value and availability of franking credits to an MCN3 Holder will depend on that MCN3 Holder's particular circumstances. 	Sections 5.1.7 and 5.1.8
1.3.6. MCN3 are perpetual and may never be Exchanged, Redeemed or Resold	<ul style="list-style-type: none"> MCN3 are a perpetual instrument but will Exchange for Ordinary Shares on 15 December 2027 if they are still on issue and the Exchange Conditions are satisfied. If the Exchange Conditions are not met on this date MCN3 will Exchange on the next subsequent Distribution Payment Date on which the Exchange Conditions are met. There is a risk that the Exchange will not occur on any of these dates and may never occur because these Exchange Conditions cannot be satisfied. 	Section 5.1.11
1.3.7. MGL has rights for Exchange, Redemption or Resale at its election	<ul style="list-style-type: none"> MGL may elect to Exchange, Redeem or arrange a Resale of all or some MCN3 in certain circumstances, subject to a number of conditions, including prior written approval from APRA when required under the MCN3 Terms. Where required, APRA's approval is at the complete discretion of APRA and may or may not be granted. The choice to elect the Exchange, Redemption or Resale of all or some MCN3 is entirely at MGL's discretion and MCN3 Holders have no right to either request or alter the timing of any Exchange, Redemption or Resale. It is uncertain whether and when Exchange, Redemption or Resale may occur. The timing of any Exchange, Redemption or Resale may not suit MCN3 Holders. 	Sections 5.1.10 to 5.1.13
1.3.8. Losses due to an Acquisition Event	<ul style="list-style-type: none"> If an Acquisition Event occurs, and the Directors determine it is in the best interests of MCN3 Holders, Exchange may occur even though MCN3 Holders would receive less (and possibly significantly less) than \$101 worth of Ordinary Shares or even though those Ordinary Shares are unlisted and MCN3 Holders may suffer a loss as a result. 	Section 5.1.14
1.3.9. Losses due to a Non-Viability Event	<ul style="list-style-type: none"> If Exchange occurs following a Non-Viability Event, MCN3 Holders may receive significantly less than \$101 worth of Ordinary Shares per MCN3 and may receive unlisted Ordinary Shares. If, for any reason, an MCN3 which is required to be Exchanged is not Exchanged within 5 Business Days of the Non-Viability Event then that MCN3 will be Written-Off (in which case the MCN3 Holders' rights under the relevant MCN3 will be immediately and irrevocably terminated for no consideration with effect on and from the Non-Viability Exchange Date). In these circumstances, MCN3 Holders will suffer a total loss of their investment in that MCN3. 	Section 5.1.15 and 5.1.16
1.3.10. Restrictions on rights and ranking in a Winding Up of MGL	<ul style="list-style-type: none"> MCN3 are not deposit liabilities or protected accounts of MBL or MGL and are not guaranteed or insured by any government, government agency or compensation scheme of Australia or any other jurisdiction or by any other person. The investment performance of MCN3 is not guaranteed by MGL, MBL or any other member of the Macquarie Group. In the event of a Winding Up of MGL, MCN3 Holders will rank behind all Senior Creditors, equally with Equal Ranking Obligations and ahead of Ordinary Shares. Any return in a Winding Up of MGL may be adversely affected if a Non-Viability Event occurs. If this happens some or all MCN3 will be required to be Exchanged or, if Exchange has not occurred within 5 Business Days of the Non-Viability Event, Written-Off. If an MCN3 is Exchanged, the MCN3 Holder will become a holder of Ordinary Shares and those shares may be worth significantly less than their investment in MCN3. If an MCN3 is Written-Off, the MCN3 Holder will suffer a total loss of their investment in that MCN3. If there is a shortfall of funds on a Winding Up of MGL, MCN3 Holders will lose some or all of their investment in that MCN3. 	Sections 5.1.1 and 5.1.18

2.1. Distributions	<p>MCN3 are expected to pay Distributions commencing on 17 September 2018 and thereafter quarterly which are expected to be 45% franked initially, but may not be franked, or may be franked to a different level in the future. 	<p>Distributions are non-cumulative.</p>	
2.1.1. What are Distributions?	<ul style="list-style-type: none"> ● Distributions on MCN3 are discretionary, non-cumulative floating rate payments. ● Distributions are scheduled to be paid in arrears commencing on 17 September 2018 and thereafter quarterly subject to the Payment Conditions – see below. Due to the Business Day convention, the first Distribution Payment Date is deferred from 15 September 2018 to 17 September 2018. ● Distributions are expected to be franked at the same rate as dividends on Ordinary Shares. 2.1.4. What is the impact of Franking credits?	<ul style="list-style-type: none"> • Distributions are expected to be franked at the same rate as Ordinary Shares. MGL currently franks dividends on Ordinary Shares at 45%. The level of franking may vary over time and Distributions may be partially, fully or not franked. • MGL's ability to frank dividends on Ordinary Shares and Distributions on MCN3 is affected by its level of available franking credits and distributable profits. MGL's level of franking credits may be affected by a wide range of factors, including its business performance, the jurisdictions in which the Macquarie Group makes profits and pays tax, the applicable Australian corporate tax rate and the amount of other frankable distributions. MGL's distributable profits may also be impacted by a wide range of factors, including its level of earnings and other distributions it makes. See Section 5.1.7. • A higher Franking Rate for a Distribution will result in a lower Distribution Rate and a lower cash Distribution, reflecting the value of the franking credit attached to the Distribution. • MCN3 Holders should be aware that the potential value of any franking credit does not accrue at the same time as the receipt of any cash Distribution. MCN3 Holders should also be aware that the ability to use the franking credits, either as an offset to a tax liability or by claiming a refund after the end of the income year, will depend on the individual tax position of each MCN3 Holder and the tax rules that apply at the time of each distribution. • MCN3 Holders should refer to the Australian taxation summary in Section 6.1 and seek professional advice in relation to their tax position. • If the Distribution is fully or partially franked, the franking credits attached to a Distribution (expressed as a percentage of the Issue Price) will be equal to: <p style="text-align: center;">Distribution Rate x Tax Rate x Franking Rate</p> <p style="text-align: center;">(1-Tax Rate)</p>	Sections 5.1.7 and 6

2.3. Mandatory Exchange		Section 2.6
MGL must Exchange MCN3 into Ordinary Shares on 15 December 2027 (if the MCN3 have not been Redeemed, Exchanged or Written-Off beforehand) provided that certain Exchange Conditions are satisfied.		
The conditions to Mandatory Exchange and the associated Exchange calculations (described in this section) are designed to ensure that if Exchange occurs MCN3 Holders will receive approximately \$101 worth of Ordinary Shares for each MCN3 held, and that the Ordinary Shares they receive following the Exchange are capable of being sold on ASX.		
2.3.1. What happens on Scheduled Mandatory Exchange?	<ul style="list-style-type: none"> If MCN3 have not already been Redeemed, Resold, Exchanged or Written-Off, MCN3 Holders will receive Ordinary Shares on Exchange of MCN3 on 15 December 2027, the "Scheduled Mandatory Exchange Date", unless the Exchange Conditions are not satisfied. This VWAP will most likely differ from the Ordinary Share price on or after the Scheduled Mandatory Exchange Date. This means that the value of Ordinary Shares received may be more or less than \$101 when they are issued or at any time after that. As a result of any Exchange of MCN3 for Ordinary Shares, MCN3 Holders will become holders of Ordinary Shares, which will rank equally with existing Ordinary Shares from the date of issue. 2.3.6. Example of the Exchange calculations	Illustrative example of Exchange	

This example is for illustrative purposes only. The figures in it are not forward-looking statements and do not indicate or guarantee the Issue Date VWAP or future VWAP or other price of Ordinary Shares.

For the example of the Mandatory Exchange on 15 December 2027, assume the Issue Date VWAP was \$104. The Exchange Conditions are tested and the number of shares to be received on Exchange would be determined as follows:

Step 1: passing the Exchange Conditions

First Exchange Condition

This condition requires that the VWAP on the 25th Business Day immediately preceding 15 December 2027 (assuming there is trading of Ordinary Shares on that day) is greater than 56% of the Issue Date VWAP, which would be \$58.24 (being 56% of \$104).

- Assume the VWAP on 10 November 2027 (expected to be the 25th Business Day immediately preceding, but not including, 15 December 2027) is \$94.

Since the VWAP on 10 November 2027 is greater than \$58.24, the First Exchange Condition is satisfied.

Second Exchange Condition

The Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date is calculated on the basis that the Relevant Percentage is 50%. The effect of this is that the Second Exchange Condition applicable to a Relevant Mandatory Exchange Date will be met if the VWAP during the 20 ASX Trading Days immediately preceding 15 December 2027 is greater than 50.505% of the Issue Date VWAP, which would be \$52.53 (being 50.505% of \$104).

- Assume the VWAP during the period from 17 November 2027 to 14 December 2027 (expected to be the 20 ASX Trading Days immediately preceding, but not including, 15 December 2027) is \$104.

Since the VWAP during the period from 17 November 2027 to 14 December 2027 is greater than \$52.53, the Second Exchange Condition is satisfied.

2.4. Exchange at option of MGL

On any of the Scheduled Optional Exchange Dates, being 16 December 2024, 16 June 2025 and 15 December 2025,² MGL may elect to Exchange MCN3 into Ordinary Shares. MGL may also elect to Exchange MCN3 into Ordinary Shares following the occurrence of a Tax Event or Regulatory Event.

There are certain conditions and restrictions that apply to an Optional Exchange. The conditions to Optional Exchange and the associated Exchange calculations (described in this Section) are designed to ensure that if Exchange occurs MCN3 Holders will receive approximately \$101 worth of Ordinary Shares for each MCN3 held, and that the Ordinary Shares they receive following the Exchange are capable of being sold on ASX.

2. Due to the Business Day convention, the Scheduled Optional Exchange Dates are deferred from 15 December 2024 to 16 December 2024 and from 15 June 2025 to 16 June 2025.

The calculation of the Exchange Number of Ordinary Shares that MCN3 Holders will receive upon Optional Exchange is the same as described in Section 2.3.4 for a Relevant Mandatory Exchange Date (with the Optional Exchange Date substituted for the Relevant Mandatory Exchange Date) and using the Maximum Exchange Number applicable to an Optional Exchange Date as described in Section 2.4.5. ● The VWAP during this period will most likely differ from the Ordinary Share price on or after the Optional Exchange Date. This means that the value of Ordinary Shares received may be more or less than approximately \$101 when they are issued or at any time after that. ● MGL's right to elect to Exchange is restricted in the circumstances described further in Section 2.4.4, and is also subject to certain conditions as described further in Section 2.4.5. ● MCN3 Holders have no right to request Exchange of MCN3. 	Clauses 5.1, 5.2 and 9.1 of the MCN3 Terms
2.4.2 What is a Tax Event?	<p>A Tax Event means, broadly, that:</p> <ul style="list-style-type: none"> ● MGL receives advice that as a result of a change in law or regulation affecting taxation in Australia on or after the Issue Date (which was not expected by MGL as at the Issue Date), there is more than an insubstantial risk that, in connection with MCN3: <ul style="list-style-type: none"> ● an additional franking debit will arise in the franking account of MGL in respect of any Distribution; ● MGL would be exposed to a more than <i>de minimis</i> increase in its costs (including any amount of taxes, duties, assessments, costs or other government charges or the loss of any deductions); or ● any Distribution would not be frankable. 	Clause 18.2 of the MCN3 Terms
2.4.3. What is a Regulatory Event?	<p>A Regulatory Event will, broadly, occur if as a result of a change of law or regulation, or a statement, order or directive from APRA, on or after the Issue Date, the Issuer determines that:</p> <ul style="list-style-type: none"> ● any of the MCN3 are not eligible for inclusion as Eligible Capital; ● additional requirements in connection with the MCN3 would be imposed on MGL or the Macquarie Group which the Issuer determines, in its absolute discretion, might have a material adverse effect on MGL; or ● to have any of the MCN3 outstanding would be unlawful or impractical or that the Macquarie Group would be exposed to a more than <i>de minimis</i> increase in its costs in connection with those MCN3. 2.4.4. What are the requirements for Exchange to be elected?	<ul style="list-style-type: none"> MGL may not elect to Exchange MCN3 if an Optional Exchange Restriction applies. Further, if MGL has elected to Exchange MCN3, MGL may not proceed to Exchange if, on the Optional Exchange Date, certain further Exchange Conditions are not satisfied. In that case, the Exchange will be deferred until the first quarterly Distribution Payment Date on which the Optional Exchange Restrictions and the further Exchange Conditions are satisfied. The Optional Exchange Restrictions are: <ul style="list-style-type: none"> First Optional Exchange Restriction: the Daily VWAP on the second Business Day before the date on which an Optional Exchange Notice is to be sent by MGL (or, if that Business Day is not an ASX Trading Day, the last ASX Trading Day prior to that day) ("Non-Exchange Test Date") is less than or equal to 25% of the Issue Date VWAP; or Second Optional Exchange Restriction: MGL is Delisted as at the Non-Exchange Test Date. 2.4.5. The Maximum Exchange Number applicable to an Optional Exchange Date is calculated on the basis that the Relevant Percentage is 20%. As a result, the Maximum Exchange Number in the event of an Optional Exchange is higher than the Maximum Exchange Number applicable on a Relevant Mandatory Exchange Date. The effect of this is that the Second Exchange Condition applicable to an Optional Exchange will be met if the VWAP during the 20 ASX Trading Days immediately preceding the Optional Exchange Date is greater than 20.202% of the Issue Date VWAP. 	Clause 5.5 and 9.1 of the MCN3 Terms
2.5. If MGL appoints more than one Nominated Party, MGL can determine the allocation of MCN3 purchased by each Nominated Party. ● MGL may appoint a Nominated Party on such terms as it may agree with the Nominated Party, including as to the conditions of any Resale, the procedures for settlement of such Resale, the substitution of a Nominated Party and the terms on which any MCN3 (and the circumstances in which the Resale Notice may be amended, modified, added to or restated) acquired by a Nominated Party may be Exchanged or otherwise dealt with. To the extent that such terms may cause the MCN3 to cease to be Relevant Securities forming part of Eligible Capital, such terms are subject to the prior written approval of APRA. ● MCN3 Holders have no right to request Resale of MCN3. 	Clause 8 of the MCN3 Terms
2.6.2. 2. About MCN3

Topic	Summary	Further information
2.7. Non-Viability Event Exchange	<p>MGL is required to immediately Exchange MCN3 into Ordinary Shares if a Non-Viability Event occurs. Broadly, a Non-Viability Event occurs if APRA has notified the Issuer in writing that (1) Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable or (2) APRA has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable.</p> <p>The Exchange Conditions do not apply to an Exchange following a Non-Viability Event. The number of Ordinary Shares that MCN3 Holders will receive on an Exchange in these circumstances will not be greater than the Maximum Exchange Number applicable to a Non-Viability Exchange Date.</p> <p>As an Exchange in these circumstances would most likely occur during a time of financial difficulty for MGL, depending on the market price of Ordinary Shares at the relevant time, MCN3 Holders may receive less, or significantly less, than \$101 worth of Ordinary Shares per MCN3 and an MCN3 Holder may suffer loss as a consequence.</p> <p>If, for any reason, MCN3 that are required to be Exchanged on account of a Non-Viability Event are not Exchanged within 5 Business Days of the Non-Viability Event, they will be Written-Off. If a Write-Off occurs, the MCN3 Holder's rights under that MCN3 are immediately and irrevocably terminated for no consideration with effect on and from the Non-Viability Exchange Date and MCN3 Holders will suffer a total loss of their investment.</p>	
2.7.1. Why do the MCN3 Terms include a Non-Viability Event?	<ul style="list-style-type: none"> The global bank Basel III capital framework includes requirements for conversion or write-off of capital instruments where the issuer becomes non-viable. APRA has implemented this framework for Australian banks with effect from 1 January 2013. In order to gain treatment as Eligible Capital under the NOHC Authority, it is also required that MCN3 be Exchanged or Written-Off on the occurrence of a Non-Viability Event. 	
2.7.2. What is a Non-Viability Event?	<ul style="list-style-type: none"> A Non-Viability Event means APRA has notified the Issuer in writing that: <ul style="list-style-type: none"> Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable; or APRA has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable. If a Non-Viability Event occurs which involves determination by APRA that a public sector injection of capital would be required, all MCN3 must be exchanged. If a Non-Viability Event occurs which does not involve a determination by APRA that a public sector injection of capital would be required, MGL must immediately Exchange some or all MCN3. In determining the number of MCN3 which must be Exchanged, the following applies: <ul style="list-style-type: none"> the aggregate face value of all Relevant Securities subject to Loss Absorption must equal the amount APRA has notified the Issuer (or if APRA has not notified the Issuer of that amount, the amount determined by the Issuer) to be necessary to satisfy APRA that the Issuer will not become non-viable; Relevant Securities that are Equal Ranking Obligations must be subject to Loss Absorption before other Relevant Securities are subject to Loss Absorption (unless the terms of such other Relevant Securities otherwise provide); and MCN3 and other Relevant Securities that are Equal Ranking Obligations must be subject to Loss Absorption on a proportionate basis (unless the terms of any such other security provide for that security to be subject to Loss Absorption other than on a proportionate basis with MCN3 and other such securities), or such other basis as the Issuer considers fair and reasonable (subject to such adjustment as the Issuer may determine to take into account the effect on marketable parcels and whole numbers of Ordinary Shares and any MCN3 or other Relevant Securities that are Equal Ranking Obligations). 	Clauses 4 and 18.2 of the MCN3 Terms

Topic	Summary	Further information
2.7.2. What is a Non-Viability Event? <i>continued</i>	<ul style="list-style-type: none"> ● Nothing in the making of the determination or the adjustments is to delay or impede the immediate Exchange of the MCN3 on the Non-Viability Exchange Date. ● There is no requirement that MGL's Ordinary Shares are cancelled or Written-Off before APRA determines a Non-Viability Event, or before MCN3 are required to be Exchanged or Written-Off on account of a Non-Viability Event. ● As at the date of this Prospectus, MGL has two other outstanding issue of Relevant Securities that are Equal Ranking Obligations (the MCN and the MCN2). If a Non-Viability Event were to occur and MGL is required to Exchange only some of the Relevant Securities then on issue, the proportion of MCN3 to be Exchanged (which may be all of the MCN3) may be lower if other Relevant Securities are on issue. There is no obligation on any member of the Macquarie Group to issue any Relevant Securities. There is no obligation on MGL to maintain on issue the MCN, the MCN2 or any other Relevant Securities that it has issued or may decide to issue in the future. MGL issued a redemption notice on 15 May 2018 to redeem the MCN on 7 June 2018. ● If some (but not all) MCN3 are to be Exchanged on account of a Non-Viability Event, MGL will endeavour to treat MCN3 Holders on an approximately proportionate basis, but may discriminate to take account of the effect on marketable parcels of MCN3 and other similar considerations and the need to effect Exchange immediately. 	Clauses 4 and 18.2 of the MCN3 Terms
2.7.3 What does non-viable mean?	<ul style="list-style-type: none"> ● APRA has not provided guidance as to how it would determine non-viability. ● Non-viability could be expected to include serious impairment of MGL's financial position and insolvency. However, it is possible that APRA's definition of non-viable may not necessarily be confined to solvency measures or capital levels and may also include other matters such as liquidity. ● APRA has indicated that at this time it will not publish further guidance on the parameters used to determine non-viability. 	Clauses 4.6 and 9.1 of the MCN3 Terms
2.7.4. How many Ordinary Shares will MCN3 Holders receive on the Non-Viability Exchange Date?	<ul style="list-style-type: none"> ● The number of Ordinary Shares an MCN3 Holder will receive per MCN3 on account of an Exchange following a Non-Viability Event is the Exchange Number (calculated as described below) but cannot be more than the Maximum Exchange Number applicable to a Non-Viability Exchange Date. ● The Exchange Number on account of a Non-Viability Event Exchange is calculated in the same manner as for a Relevant Mandatory Exchange Date (see Section 2.3.4). <p>However, the <i>Exchange Date VWAP</i> in this case is the volume weighted average price of Ordinary Shares during the period of 5 ASX Trading Days immediately preceding the Non-Viability Exchange Date.</p> <ul style="list-style-type: none"> ● The Maximum Exchange Number applicable to a Non-Viability Exchange Date is calculated on the basis that the Relevant Percentage is 20%. As a result, the Maximum Exchange Number on account of a Non-Viability Event Exchange is higher than the Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date. ● Since Exchange Conditions do not apply to a Non-Viability Event, the Exchange Number of Ordinary Shares may be limited to the Maximum Exchange Number applicable to a Non-Viability Exchange Date. Accordingly, the Ordinary Shares an MCN3 Holder may receive in these circumstances may be worth significantly less than the Issue Price of MCN3 and an MCN3 Holder may suffer a loss as a consequence. 	Clauses 4.6 and 9.1 of the MCN3 Terms

Topic	Summary	Further information
2.7.5. Are there any conditions to Exchange if a Non-Viability Event occurs?	<ul style="list-style-type: none"> If a Non-Viability Event occurs, MGL must immediately Exchange some or all MCN3 into Ordinary Shares. Exchange on the occurrence of a Non-Viability Event is not subject to the Exchange Conditions being satisfied and is required to occur immediately on the date the Non-Viability Event occurs. MGL expects any ASX trades in MCN3 that have not been settled on the date a Non-Viability Event occurs will continue to settle in accordance with the normal ASX settlement, although MGL expects the seller will be treated as having delivered, and the buyer will be treated as having acquired, the Exchange Number of Ordinary Shares into which MCN3 have been Exchanged as a result of the Non-Viability Event. MGL must give MCN3 Holders notice as soon as practicable that a Non-Viability Event has occurred, including details of the number of MCN3 Exchanged. 	Clauses 4.5, 4.6 and 4.7 of the MCN3 Terms
2.7.6. What happens if MCN3 are not Exchanged following a Non-Viability Event?	<ul style="list-style-type: none"> If, following a Non-Viability Event, for any reason (including, without limitation, an Inability Event), Exchange of MCN3 as required on account of a Non-Viability Event does not occur within 5 Business Days of the Non-Viability Exchange Date, then Exchange will not occur and each relevant MCN3 will be Written-Off. An Inability Event will arise if MGL or any of its Related Bodies Corporate is prevented, for any reason, from observing or performing their obligations in respect of an Exchange (including in connection with the issue of Ordinary Shares). For example an Inability Event will arise, if MGL were prevented by an applicable law or order of any court, or action of any government authority, from issuing Ordinary Shares. Such laws could include laws relating to insolvency, Winding Up or other external administration of MGL. However, Write-Off will also occur if the Exchange has not occurred for reasons other than an Inability Event. Where an MCN3 is Written-Off, the MCN3 Holder's rights under that MCN3 are immediately and irrevocably terminated for no consideration with effect on and from the Non-Viability Exchange Date, and MCN3 Holders will suffer a total loss of their investment. 	Clauses 4.5, 9.17 and 18.2 of the MCN3 Terms
2.8. Exchange on an Acquisition Event		
	<p>MGL is required to Exchange MCN3 into Ordinary Shares where a person acquires control of MGL (except in certain circumstances).</p> <p>There are conditions to Exchange on an Acquisition Event which ensure that an MCN3 Holder will receive approximately \$101 worth of Ordinary Shares for each MCN3 they hold and the Ordinary Shares received are capable of being sold on ASX. However, these conditions do not apply if the Directors determine that the Exchange is in any event in the best interests of MCN3 Holders as a whole.</p>	
2.8.1. What is an Acquisition Event?	<ul style="list-style-type: none"> An Acquisition Event broadly means either: <ul style="list-style-type: none"> a takeover bid is made to acquire all or some Ordinary Shares and the offer is, or becomes, unconditional and as a result the bidder has a relevant interest in more than 50% of the Ordinary Shares on issue; a court approves a scheme of arrangement which, when implemented will result in a person having a relevant interest in more than 50% of the Ordinary Shares on issue; or a person acquires, or enters into an agreement (which is or becomes unconditional) to beneficially acquire more than 50% of the voting shares in the capital of MGL. However, an Acquisition Event will not occur where that event occurs as part of a solvent reorganisation of MGL which, is initiated by the Directors or, in the reasonable opinion of the Directors, is not materially adverse to the interests of MCN3 Holders as a whole, and the acquiring entity assumes corresponding obligations to issue ordinary shares to MCN3 Holders where MGL would be required to issue Ordinary Shares. Such an entity is referred to as an Approved Acquirer. 	Clause 18.2 of the MCN3 Terms

Topic	Summary	Further information
2.8.2 What are the consequences of an Acquisition Event for MCN3 Holders?	<ul style="list-style-type: none"> • If an Acquisition Event occurs, all MCN3 will be Exchanged for the Exchange Number of Ordinary Shares (subject to the Exchange Number being no greater than the Maximum Exchange Number applicable to an Acquisition Exchange Date) unless the Directors determine that: <ul style="list-style-type: none"> • as at the Acquisition Exchange Date, MGL will be, or is likely to be, Delisted; or • the Exchange Number of Ordinary Shares to be issued in exchange for an MCN3 would exceed the Maximum Exchange Number applicable to that Acquisition Exchange Date (except in limited circumstances). • The Maximum Exchange Number applicable to an Acquisition Exchange Date is calculated on the basis that the Relevant Percentage is 20%. As a result, the Maximum Exchange Number in the event of an Exchange on an Acquisition Event is higher than the Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date. The effect of this is that the second of the Exchange Conditions referred to in the paragraph above will be met if the VWAP during the 20 ASX Trading Days immediately preceding the Acquisition Exchange Date is greater than 20.202% of the Issue Date VWAP. • If either of the conditions in the first paragraph above applies, Exchange will still occur if the Directors determine that the Exchange would be in the best interests of the MCN3 Holders as a whole, notwithstanding that MGL will be, or is likely to be, Delisted or the number of Ordinary Shares is limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date. In this situation MCN3 Holders would receive less than \$101 worth of Ordinary Shares and/or may be unable to trade the Ordinary Shares received. 	Clauses 6.1 and 9.1 of the MCN3 Terms
2.8.3. How many Ordinary Shares will MCN3 Holders receive on the Acquisition Exchange Date?	<ul style="list-style-type: none"> • In the ordinary course, Exchange of MCN3 following an Acquisition Event will be for approximately \$101 worth of Ordinary Shares per MCN3, based on the VWAP calculated over a period of up to 20 ASX Trading Days immediately preceding the Acquisition Exchange Date (calculated in the same manner as for a Relevant Mandatory Exchange Date as described in Section 2.3.4 with the Acquisition Exchange Date substituted for the Relevant Mandatory Exchange Date). • The VWAP during this period may differ from the Ordinary Share price on or after the Acquisition Exchange Date. This means that the value of Ordinary Shares received may be more or less than approximately \$101 when they are issued or at any time after that. • If MGL will be, or will be likely to be, Delisted on the Acquisition Exchange Date, Exchange will only occur if the Directors determine that it would be in the best interests of the MCN3 Holders, taken as a whole. This means that upon Exchange, MCN3 Holders may be issued with the Exchange Number (subject to the Maximum Exchange Number applicable to an Acquisition Exchange Date) of Ordinary Shares, based on the VWAP for a VWAP Period when MGL was listed. At the time of Exchange, the value of Ordinary Shares may be uncertain and MCN3 Holders may be unable to trade those Ordinary Shares. • If the Exchange Number (calculated as if it were not limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date) is greater than the Maximum Exchange Number applicable to an Acquisition Exchange Date then Exchange will not occur unless the Directors determine that the Exchange would be in the best interests of the MCN3 Holders taken as a whole. If, in this situation, Exchange proceeds, MCN3 Holders will receive the Maximum Exchange Number applicable to an Acquisition Exchange Date of Ordinary Shares. The Maximum Exchange Number of Ordinary Shares may be worth significantly less than \$101 and an MCN3 Holder may suffer a loss as a consequence. 	Clauses 6.1 and 9.1 of the MCN3 Terms

2.8.4. If Exchange does not occur following an Acquisition Event, will MCN3 Holders continue to hold MCN3?	<ul style="list-style-type: none"> Where Exchange does not occur following an Acquisition Event, MCN3 Holders will continue to hold MCN3 in accordance with the MCN3 Terms. 	Clause 9.13 of the MCN3 Terms
2.9. Regulatory treatment of MCN3		
2.9.1. What are MGL's prudential capital requirements?	<ul style="list-style-type: none"> MGL is an authorised non-operating holding company ("NOHC"), regulated by APRA. MGL is required by APRA to hold sufficient capital to meet the requirements of the Bank Group (based on APRA's ADI prudential standards) and the Non-Bank Group (calculated using the Macquarie Group's Economic Capital Adequacy Model ("ECAM"). 	Section 4.7.3
2.9.2. Who is the Australian Prudential Regulation Authority (APRA)?	<ul style="list-style-type: none"> APRA is the prudential regulator of the Australian financial services industry. APRA oversees banks, credit unions, building societies, general insurance and reinsurance companies, life insurance companies, friendly societies and most members of the superannuation industry. APRA's website at www.apra.gov.au includes further details of its functions and prudential standards. 	
2.9.3. What is Regulatory capital?	<ul style="list-style-type: none"> APRA's regulatory capital prudential standards aim to ensure that banks and financial groups, like MGL, maintain adequate capital to support the risks associated with their activities and can withstand unexpected losses. APRA has detailed guidance and restrictions on the types of capital instruments that are permitted to be included in a bank or financial conglomerate's regulatory capital base. Under Macquarie's NOHC authorisation, this capital is referred to as "Eligible Capital". APRA has published draft capital-related prudential standards applicable to conglomerate groups but has deferred their implementation until a number of domestic and international policy initiatives are further progressed. 	
2.9.4. What is the regulatory treatment of MCN3?	<ul style="list-style-type: none"> APRA has assessed that MCN3 will be Eligible Capital under its NOHC Authority. If APRA's treatment of the MCN3 changes, a Regulatory Event may occur. See further Section 2.4.3 on "Regulatory Event". 	
2.10. Ranking of MCN3		
2.10.1. How will MCN3 rank in a Winding Up of MGL?	<ul style="list-style-type: none"> If a Winding Up occurs in relation to MGL, MCN3 will rank ahead of Ordinary Shares, equally with Equal Ranking Obligations (which currently includes obligations in respect of MCN and MCN2), but behind all Senior Creditors. Any return in a Winding Up of MGL may be adversely affected if a Non-Viability Event occurs (see Section 2.7). If this happens some or all MCN3 will be required to be Exchanged, or, if Exchange has not occurred within 5 Business Days, Written-Off. If an MCN3 is Exchanged, the MCN3 Holder would become a holder of Ordinary Shares and those shares may be worth significantly less than the Issue Price of the MCN3. If an MCN3 is Written-Off the MCN3 Holder will suffer a total loss of their investment in MCN3. In this case, as Ordinary Shares will still be on issue, an MCN3 Holder is likely to be worse off than a holder of Ordinary Shares. 	Clauses 1.5 and 16.1 of the MCN3 Terms and Section 2.7

2.11. Other	<p>2.11.1. Can Ordinary Shares on Exchange be issued to a Sale Agent?</p> <ul style="list-style-type: none"> On Exchange, in certain limited circumstances, including where the MCN3 Holder has requested MGL to do so, where the MCN3 Holder is resident outside Australia, where there are impediments to the Ordinary Shares being issued directly to an MCN3 Holder or where MGL is required to make a FATCA Withholding from such issue, Ordinary Shares may be issued to a Sale Agent instead of the relevant MCN3 Holder. None of MGL, the Trustee or any Sale Agent owe any duty to the MCN3 Holder in relation to the price at which Ordinary Shares are sold. 	Clauses 9.14 and 9.15 of the MCN3 Terms and Section 5.1.17
2.11.2. Is set-off applicable?	<p>An MCN3 Holder has no right to set-off any amounts owing by it to a member of the Macquarie Group against any claims owing by MGL or another member of the Macquarie Group to such MCN3 Holder. Equally, MGL has no right to set-off any amounts owing by it to an MCN3 Holder in respect of the MCN3 against any claims owing by the MCN3 Holder to it or any member of the Macquarie Group.</p>	Clause 11.5 of the MCN3 Terms
2.11.3. What is the time limit on claims?	<ul style="list-style-type: none"> A claim against MGL for a payment under an MCN3 is void unless made within 5 years from the date on which payment first became due. 	Clause 11.10 of the MCN3 Terms
2.11.4. Do MCN3 carry voting rights in respect of MGL?	<ul style="list-style-type: none"> MCN3 Holders have no voting rights in respect of MGL or any other member of the Macquarie Group. MCN3 Holders may vote at meetings for MCN3 Holders in accordance with the Trust Deed. 	Clause 15.2 of the MCN3 Terms
2.11.5. Can MGL issue further securities?	<ul style="list-style-type: none"> MGL has the right in its absolute discretion to issue shares or other securities of any kind. MCN3 confer no rights on an MCN3 Holder to subscribe for new securities or participate in any bonus issues of securities of MGL or any other member of the Macquarie Group. The market price of MCN is subject to change from time to time. Up-to-date information about the market price of MCN can be obtained from http://www.asx.com.au (ASX code “MQGPA”). If selling through your broker, you should contact your broker before the last trading day for MCN. 3.2.4. Option 4 – take no action – Your MCN may be redeemed for \$100 per MCN on 7 June 2018, 7 December 2018 or 7 June 2019	<ul style="list-style-type: none"> Eligible MCN Holders are not required to participate in the Reinvestment Offer and as such are not required to take any action. MGL issued a redemption notice on 15 May 2018 to redeem MCN on 7 June 2018. On 7 June 2018 you will receive the face value (\$100) for each MCN that you hold on that date together with any distribution that MGL determines to pay (subject to the terms of issue of the MCN). Eligible MCN Holders who do not wish to participate in the Reinvestment Offer may apply for MCN3 as part of the Securityholder Offer if they wish.

3.3. Risks associated with participating in the Reinvestment Offer

If you are an Eligible MCN Holder and you apply under the Reinvestment Offer, you may receive an allocation of MCN3. As such, you will be subject to the risks associated with an investment in MCN3 and in MGL, many of which are outside the control of MGL and its Directors. These risks are outlined in Section 5 and should be considered before you apply under the Reinvestment Offer.

Although there are similarities between MCN and MCN3, the Reinvestment Offer is not a simple rollover into an identical investment. MCN3 and MCN have different benefits and risks, which must be evaluated separately (see Section 2). See Section 3.4 below for a summary of the key differences between MCN and MCN3.

The \$100 per Reinvested MCN to which Eligible MCN Holders are entitled to on 7 June 2018 may be less than the ASX trading price of MCN. Additionally, the Margin for MCN3 may be lower than the margin for MCN. The trading price for MCN3 may be lower than the trading price of MCN or less than \$100.

Therefore, rather than participating in the Reinvestment Offer, it is possible that Eligible MCN Holders may obtain a better financial outcome by selling their MCN on market or having their MCN redeemed, and subsequently investing the proceeds in MCN3 on market.

3.4. Key differences between MCN and MCN3

There are a number of differences between MCN and MCN3 which you should be aware of before deciding to reinvest your MCN under the Reinvestment Offer. The following table describes the key features of the MCN and MCN3 and highlights the main differences between them. You should consider these differences in light of your investment objectives, financial situation and particular needs (including financial and taxation issues) before deciding to apply for MCN3.

4.3. Organisational structure

The Macquarie Group's business operations are conducted through two groups, within which individual businesses operate: the Bank Group and the Non-Bank Group.

The Bank Group includes MBL and has four operating groups:

- Corporate & Asset Finance;
- Banking & Financial Services;
- Macquarie Asset Management (excluding the Macquarie Infrastructure and Real Assets division and the Macquarie Investment Management division);
- Commodities & Global Markets (excluding certain assets of the Credit Markets business, certain activities of the Cash Equities business and some other less financially significant activities).

The Non-Bank Group consists of:

- Macquarie Capital;
- the Macquarie Infrastructure and Real Assets division, the Macquarie Investment Management division of Macquarie Asset Management;
- certain assets of the Credit Markets business, certain activities of the Cash Equities business and some other less financially significant activities of Commodities & Global Markets.

1. Operating income is classified as 'international' with reference to the geographic location from which the operating income is generated and reported from a management perspective. This may not be the same geographic location where the operating income is recognised. For example, operating income generated by work performed for clients based overseas but recognised in Australia for reporting purposes would be classified as international income.

Shared services are provided to both the Bank Group and the Non-Bank Group through the Corporate segment. The Corporate segment is not considered an operating group and currently comprises four central functions: Risk Management, Legal and Governance, Financial Management and Corporate Operations. Shared services include: Risk Management, Finance, Information Technology, Group Treasury, Settlements, Equity Markets Operations, Human Resources, Business Services, Company Secretarial, Corporate Governance, Corporate Communications and Investor Relations, Taxation, Business Improvement and Strategy, Central Executive, Other Group-wide Services, Business Shared Services, and other services as may be agreed from time to time.

MBL and MGL have corporate governance and policy frameworks that meet APRA's requirements for ADIs and NOHCs, respectively. The Bank Group and the Non-Bank Group operate as separate sub-groups within MGL with clearly identifiable businesses, separate capital requirements and discrete funding programs. Although the Bank Group and the Non-Bank Group operate as separate sub-groups, both are integral to the Macquarie Group's identity and strategy as they assist the Macquarie Group in continuing to pursue value adding and diversified business opportunities while meeting its obligations under APRA rules. The following diagram shows the Macquarie Group's current organisational structure and reflects the composition of the Bank and Non-Bank Groups.

MGL monitors and reviews on an ongoing basis the appropriateness of the Macquarie Group's structure, including the provision of shared services. From time to time, the optimal allocation of businesses between the Bank Group and the Non-Bank Group and within the Bank Group and the Non-Bank Group may be adjusted and we may make changes in light of relevant factors including business growth, regulatory considerations, market developments and counterparty considerations.

As at 30 November 2016

*The current Group Head of BFS is also the Deputy Group CEO

4.4. Business strategies

Consistent with the principles of Opportunity, Accountability and Integrity, the Macquarie Group's business strategy is focused on the medium-term with the following key aspects:

- **adopting a conservative approach to risk management.** Macquarie Group's robust risk management framework is embedded across all Operating and Central Service Groups. This equips the business for unanticipated disruptions with the objective of ensuring that both the relevant business and Macquarie Group can survive a worst case outcome from any existing or new activity.
- **maintaining a strong and conservative balance sheet.** This is consistent with Macquarie's longstanding policy of holding a level of capital which supports its business and managing its capital base ahead of ordinary business requirements. Macquarie Group remains well funded, with diversified funding sources. It continues to pursue its strategy of diversifying funding sources by growing its deposit base and accessing different funding markets.

4.7.3. Capital position

As an APRA authorised and regulated NOHC, MGL is required to hold adequate regulatory capital to cover the risks for the whole Macquarie Group, comprising the Bank Group and the Non-Bank Group. MGL and APRA have agreed a capital adequacy framework for MGL, based on the MGL's Board-approved ECAM and APRA's capital standards for ADIs.

MGL's capital adequacy framework requires it to maintain minimum regulatory capital requirements calculated as the sum of:

- the Bank Group's minimum Tier 1 Capital requirement, based on a percentage of risk-weighted assets plus Tier 1 deductions (using prevailing APRA ADI prudential standards); and
- the Non-Bank Group's capital requirement, calculated using Macquarie Group's ECAM. Transactions internal to the Macquarie Group are eliminated.

Eligible regulatory capital of MGL consists of ordinary share capital, retained earnings and certain reserves plus eligible hybrid instruments. Eligible hybrid instruments currently include the MCN issued in 2013, the MCN2 issued in 2015 as well as Additional Tier 1 Capital of the Bank Group. MCN3 will qualify for inclusion as Eligible Capital.

Capital disclosures in this section include Harmonised Basel III² and APRA Basel III³. The former is relevant for comparison with banks regulated by regulators other than APRA, whereas the latter reflects Macquarie's regulatory requirements under APRA Basel III rules.

The Macquarie Group regulatory capital surplus calculation as at 31 March 2018 is set out in the table below.

	As at 31 March 2018	
	Harmonised Basel III A\$m	APRA Basel III A\$m
Macquarie Group eligible capital:		
Bank Group Gross Tier 1 capital	14,254	14,254
Non-Bank Group eligible capital	4,826	4,826
Eligible capital	19,080	19,080
Macquarie Group capital requirement:		
Bank Group capital requirement		
Risk-Weighted Assets (RWA) ¹	88,452	91,564
Capital required to cover RWA at 8.5% ²	7,519	7,783
Tier 1 deductions	725	2,534
Total Bank Group capital requirement	8,244	10,317
Total Non-Bank Group capital requirement	4,544	4,544
Total Macquarie capital requirement (at 8.5% ² of the Bank Group RWA)	12,788	14,861
Macquarie Group regulatory capital surplus (at 8.5% ² of Bank Group RWA)	6,292	4,219

1. In calculating the Bank Group's contribution to Macquarie's capital requirement, RWA associated with exposures to the Non-Bank Group are eliminated (31 March 2018: \$A166 million).
2. Calculated at 8.5% of the Bank Group RWAs. The 8.5% represents the Basel III minimum Tier 1 ratio of 6% plus 2.5% of capital conservation buffer (CCB). The 2.5% CCB is required by APRA from January 2016 and by BIS from January 2019.

2. Harmonised Basel III relates to the Basel III rules defined by the Basel Committee on Banking Supervision, documented in the following: 'Basel III: a global regulatory framework for more resilient banks and banking systems', published December 2010 (revised June 2011) by the Bank for International Settlements (BIS).

3. APRA Basel III relates to the ADI Prudential Standards released by APRA, applying as at the date of this Prospectus.

Investment risks

This section describes some of the risks associated with an investment in MCN3 or the Macquarie Group.

MGL believes that the following investment considerations may affect the investment returns under MCN3 issued under the Offer. These investment considerations are not intended to be exhaustive and are contingencies which may or may not occur and MGL is not in a position to express a view on the likelihood of any such contingency occurring.

Investment considerations which MGL believes may be material for the purpose of assessing the risks associated with an investment in MCN3 and the market for MCN3 generally are also described below.

MGL believes that the investment considerations described below represent the key risks inherent in investing in MCN3 issued under the Offer, but MGL may be unable to pay interest, principal or other amounts on or in connection with any MCN3, and MCN3 may not be able to be Exchanged, Redeemed or Resold for other reasons which may not be considered significant risks by MGL based on information currently available to it or which it may not currently be able to anticipate.

Before applying for MCN3, you should also read the detailed information set out elsewhere in this Prospectus and seek professional guidance from your financial adviser or other independent and qualified professional adviser as to the risks and investment considerations arising from an investment in MCN3, the appropriate tools to analyse such an investment, and the suitability of such an investment in the context of your particular circumstances.

MGL is not an ADI for the purposes of the Banking Act, and the obligations of MGL do not represent deposits or other liabilities of MBL. MBL does not guarantee or otherwise provide assurance in respect of the obligations of MGL.

5.1. Risks associated with investing in MCN3

5.1.1. Investments in MCN3 are not deposit liabilities and are not protected accounts under the Banking Act

Investments in MCN3 are an investment in MGL and may be affected by the ongoing performance, financial position and solvency of MGL and the Macquarie Group. MCN3 are not deposit liabilities and are not protected accounts for the purposes of the depositor protection provisions in Division 2 of Part II of the Banking Act or of the Financial Claims Scheme established under Division 2 AA of Part II of the Banking Act. MCN3 are not guaranteed by any government, government agency or compensation scheme of Australia or by any other person or any other jurisdiction.

5.1.2. Suitability

MCN3 are a complex investment and may be difficult to understand, even for experienced investors. You should ensure that you understand the MCN3 Terms and risks of investing in MCN3 and consider whether it is an appropriate investment for your particular circumstances.

5.1.3. Market price and liquidity of MCN3

The market price of MCN3 may fluctuate due to various factors, including poor financial performance by MGL and the Macquarie Group, a change in Macquarie Group's financial position, investor perceptions, worldwide economic conditions, interest rates, movements in the market price of Ordinary Shares, foreign exchange rates, debt market conditions, the availability of better rates of return on other securities or investments and other factors that may affect the Macquarie Group's financial performance and position. MCN3 may trade at a market price below their Issue Price.

Where MCN3 are to be Exchanged, Redeemed or Resold for any reason, the announcement of these events may have a significant impact on the market price and liquidity of MCN3 and the Ordinary Shares.

Financial markets can be volatile, with the potential for significant fluctuations in the price of securities over a short period.

This applies to the market price of both MCN3 and Ordinary Shares. You should carefully consider this risk before deciding to invest in MCN3.

Although MCN3 are to be quoted on ASX, there is no guarantee that a liquid market will develop for them. The market for MCN3 may be less liquid than the market for Ordinary Shares or other comparable securities. As a consequence, MCN3 Holders who wish to sell their MCN3 may be unable to do so at an acceptable price, or at all, if insufficient liquidity exists in the market for MCN3.

In addition, there is no guarantee that MCN3 will remain continuously quoted on ASX. Trading of ASX listed securities may be suspended in certain circumstances.

5.1.4. Market Price and liquidity of Ordinary Shares

Any Ordinary Shares issued on Exchange will rank equally with existing and future Ordinary Shares. Accordingly, the ongoing value of the Ordinary Shares received will depend on the market price of Ordinary Shares after an Exchange.

Upon Exchange, MCN3 Holders will generally receive approximately \$101 worth of Ordinary Shares per MCN3, based on the VWAP (which is calculated by reference to the daily volume weighted average sale price of Ordinary Shares) over a period of ASX Trading Days immediately preceding the Exchange Date. By the time of Exchange, the market price of the Ordinary Shares will likely vary from that used to determine the Exchange Number and consequently the value of Ordinary Shares received will be more or less than \$101. The number of Ordinary Shares to be received by an MCN3 Holder in respect of its aggregate holding of MCN3 will be rounded down to a whole number (with entitlements of the MCN3 Holder to a part only of an Ordinary Share disregarded).

5. Investment risks

Additionally, the market price of Ordinary Shares is used to determine whether Exchange can occur in various conditions through the Exchange Conditions and Optional Exchange Restrictions. Therefore, fluctuations in the market price of Ordinary Shares can impact the timing of Exchange occurring (and may mean that Exchange never occurs).

The market price of Ordinary Shares may fluctuate due to various factors, including poor financial performance by MGL and the Macquarie Group, a change in Macquarie Group's financial position, investor perceptions, worldwide economic conditions, interest rates, foreign exchange rates, debt market conditions, the availability of better rates of return on other securities or investments and other factors that may affect the Macquarie Group's financial performance and position.

Where MCN3 are Exchanged for Ordinary Shares, there may be no liquid market for Ordinary Shares at the time of Exchange, or the market may be less liquid than that for comparable securities issued by other entities at the time of Exchange. As a consequence, MCN3 Holders who wish to sell the Ordinary Shares they may receive may be unable to do so at an acceptable price, or at all, if the market for Ordinary Shares is illiquid.

In addition, there is no guarantee that Ordinary Shares will remain continuously quoted on ASX. Trading of ASX listed securities may be suspended in certain circumstances.

5.1.5. Distributions may not be paid

There is a risk that Distributions may not be paid. The MCN3 Terms do not oblige MGL to pay Distributions, which are only payable at MGL's discretion.

If:

- MGL, in its absolute discretion, determines that the Distribution is not payable to Holders;
- the payment of a Distribution would result in MGL breaching APRA's capital adequacy requirements applicable to it;

- the payment of a Distribution would result in MGL becoming, or being likely to become, insolvent for the purposes of the Corporations Act; or
- APRA otherwise objects to the payment of a Distribution,

then that Distribution will not be paid. Changes in laws and regulations applicable to MGL may impose additional requirements which prevent MGL from paying a Distribution in additional circumstances.

Under the terms of other securities issued by MGL and MBL, MGL may be restricted from paying Distributions if distributions on those other securities are not paid.

Distributions are non-cumulative (that is, if not paid, they do not accrue), so if a Distribution is not paid for any reason, MCN3 Holders will have no right to receive that Distribution in the future. MCN3 Holders have no remedy for any non-payment. However, if a Distribution is not paid when scheduled for any reason and unless MGL subsequently pays the relevant Distribution in full within 10 Business Days of the applicable Distribution Payment Date, a Dividend Restriction will apply to MGL. This Dividend Restriction means that MGL must not, subject to certain exceptions, without the approval of a Special Resolution of MCN3 Holders determine, declare or pay a dividend on any Ordinary Shares, or undertake any Buy-Back or Capital Reduction, until and including the next Distribution Payment Date.

5.1.6. Changes in Distribution Rate

The Distribution Rate is calculated as the sum of the Reference Rate and the Margin (reduced where franking credits are attached) and is calculated for each Distribution Period. The Reference Rate will fluctuate (both increase and decrease) over time and is influenced by a number of factors. The chart in section 2.1.5 shows historical movements in the Reference Rate.

As the Reference Rate varies, there is a risk that the Distribution Rate payable will become less attractive when compared to the rates of return available

on comparable securities issued by the Macquarie Group or other entities or other investments.

MGL does not guarantee any particular rate of return on MCN3.

5.1.7. Distributions may or may not be franked

MGL currently franks dividends on Ordinary Shares at 45% and Distributions are expected to be franked at the same rate as Ordinary Shares. However, there is no guarantee that this level of franking will continue to apply for the life of MCN3 and it is possible that at some time in the future Distributions on MCN3 may not be franked, or may be partially franked to a different level, or fully franked.

MGL's ability to frank Distributions on MCN3 is affected by the level of available franking credits and MGL's distributable profits. MGL's level of franking credits may be affected by a wide range of factors, including its business performance, the jurisdictions in which Macquarie Group makes profits and pays tax, the applicable Australian corporate tax rate and the amount of other frankable distributions. MGL's distributable profits may also be impacted by a wide range of factors, including its level of earnings and other distributions it makes.

If any Distribution is franked, the cash amount of that Distribution will be reduced where franking credits are attached to the payment. The payment of any Distribution will continue to be subject to the Payment Conditions.

5.1.8. Use of franking credits by MCN3 Holders

The value and availability of franking credits to an MCN3 Holder will differ depending on that MCN3 Holder's particular tax circumstances. MCN3 Holders should be aware that the potential value of any franking credits does not accrue at the same time as the receipt of any cash Distribution, and the ability to use the franking credits, either as an offset to a tax liability or by claiming a refund after the end of the income year will depend upon the tax position of the

individual MCN3 Holder. You should refer to the taxation summary in section 6 and seek professional advice in relation to their tax position.

5.1.9. Dividend Restriction applies in limited circumstances

If a Distribution is not paid on MCN3, the Dividend Restriction will apply to limit MGL's ability to pay dividends on, buyback, and reduce capital in respect of Ordinary Shares, subject to certain exceptions. Unlike some hybrid securities issued by Macquarie Group entities in the past the Dividend Restriction applying under MCN3 does not apply to restrict distributions on any securities other than Ordinary Shares. In particular, it does not restrict MGL from making distributions on, or buying-back or returning capital on its equal ranking securities.

In addition, the Dividend Restriction applies only until the next quarterly Distribution Payment Date. If Distributions are recommenced on MCN3, the Dividend Restriction will be lifted. This is unlike some other hybrid securities (including some hybrid securities issued by the Macquarie Group entities in the past), which have more onerous dividend restrictions.

As a consequence, when compared to the dividend restriction under some other hybrid securities, the consequences for MGL if a Distribution is not paid are less significant than would be the case for an issuer under those other securities.

5.1.10. Risks upon Exchange for Ordinary Shares

Ordinary Shares are a different type of investment from MCN3. For example, dividends on Ordinary Shares are not determined by a formula. Ordinary Shares rank behind the claims of all other securities and debts of MGL in a Winding Up of MGL. Ordinary Shares trade in a manner that is likely to be more volatile than that of MCN3 and the market price is expected to be more sensitive to changes in the performance, prospects and business of the Macquarie Group.

Other events and conditions may affect the ability of MCN3 Holders to trade or dispose of Ordinary Shares issued on Exchange. For example, the willingness or ability of ASX to accept the Ordinary Shares issued on Exchange for quotation or any practical issues which affect that quotation, any disruption to the market for the Ordinary Shares or to capital markets generally, the availability of purchasers for Ordinary Shares and any costs or practicalities associated with trading or disposing of Ordinary Shares at that time.

5.1.11. MCN3 are perpetual and Exchange, Redemption or Resale may not occur

If not Redeemed, Exchanged, Resold or Written-Off beforehand, MCN3 are scheduled to be Exchanged for Ordinary Shares on 15 December 2027, subject to the Exchange Conditions being satisfied. However, there is a risk that the Exchange Conditions will not be satisfied. For example, if there is a large fall in the Ordinary Share price when compared to the Issue Date VWAP, the First Exchange Condition may not be satisfied. The Issue Date VWAP may only be adjusted for divisions, consolidations or reclassifications of MGL's share capital and bonus issues of Ordinary Shares. There are no adjustments for other capital transactions undertaken by MGL (e.g. pro rata issues, share placements) which might reduce the Ordinary Share price. The MCN3 Terms do not limit the ability of MGL to undertake such capital transactions or any action that may adversely affect the position of MCN3 Holders.

If Exchange does not occur on the Scheduled Mandatory Exchange Date, Exchange will then occur on the next quarterly Distribution Payment Date where the Exchange Conditions are all satisfied. There is no guarantee the Exchange Conditions will ever be satisfied and the Exchange may never occur. In this case Distributions will continue to be paid on MCN3, subject to MGL's discretion to pay Distributions and the other Payment Conditions. However, where an Exchange

has not occurred, the market price and liquidity of MCN3 may be affected and MCN3 Holders who wish to sell their MCN3 may not be able to do so at an acceptable price, or at all. As such, MCN3 are a perpetual instrument and MCN3 Holders may never receive any return of their investment, either as cash or Ordinary Shares.

5.1.12. Exchange, Redemption or Resale at the option of MGL

MGL may elect to Exchange, Redeem or arrange a Resale on a Scheduled Optional Exchange Date, or the occurrence of a Tax Event or Regulatory Event. Whether any action takes place or which action is taken at these times is entirely at the option of MGL (subject to various restrictions and conditions). The choice of these actions (and consequently whether MCN3 Holders receive cash or Ordinary Shares) may be disadvantageous to MCN3 Holders and may not coincide with their individual preference or intended investment outcomes. MCN3 Holders have no right to request any of Exchange, Redemption or Resale at any time.

Whilst, as at the date of this Prospectus, no Regulatory Events or Tax Events are expected by MGL, these events are beyond the control of MGL and could occur at any future time.

Any Exchange, Redemption or Resale at the option of MGL is subject to various restrictions and conditions, including, in the case of Redemption, that the MCN3 to be Redeemed are replaced with securities forming part of Eligible Capital of the same or better quality from APRA's perspective, under conditions that are sustainable for MGL's income capacity or that APRA is satisfied that the capital position of MGL is sufficient after the MCN3 are Redeemed. APRA must give written approval for any Redemption or Resale of MCN3. The granting of this approval is at the complete discretion of APRA.

5. Investment risks

As a consequence, Exchange, Redemption or Resale may not occur, or could occur at a time not previously contemplated by MCN3 Holders. This may disadvantage MCN3 Holders and not coincide with their individual preferences or intended investment outcomes. The rate of return at which MCN3 Holders may reinvest their funds may be lower than the Distribution Rate on MCN3.

5.1.13. Cash payment only in limited circumstances

MCN3 Holders will only receive a cash payment for their MCN3 where MGL chooses to Redeem or Resell MCN3. This choice of Redeeming or Reselling MCN3 is only available on specific dates or upon the occurrence of specific events and is entirely at the discretion of MGL. Further, these options are subject to additional conditions and restrictions, including requiring the written approval of APRA. It is not certain whether or not these tests will be met or the relevant events will occur, that APRA would give any approval, or that MGL would choose to Redeem or Resell MCN3 (or instead elect that MCN3 will be Exchanged (if possible at the relevant time)). As a consequence, there is no certainty that MCN3 Holders will receive a cash payment for their MCN3.

5.1.14. Exchange on an Acquisition Event

MGL is an ASX listed company, which may be affected by merger and acquisition activity, including the possibility of being acquired by or merged with another company, which may constitute an Acquisition Event. If an Acquisition Event occurs, an Exchange must occur (unless, the Directors determine that (a) on the Acquisition Exchange Date MGL will be, or will be likely to be, Delisted (except where, despite MGL being Delisted, the Exchange would be in the best interests of Holders as a whole) or (b) the Exchange Number of Ordinary Shares to be issued in exchange for an MCN3 (as if it were not limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date) would

exceed the Maximum Exchange Number applicable to an Acquisition Exchange Date and accordingly the MCN3 Holders may receive less than their Issue Price worth of Ordinary Shares (except where, despite the Exchange Number being limited to the Maximum Exchange Number applicable to an Acquisition Exchange Date, the Directors determine that the Exchange would be in the best interest of the MCN3 Holders taken as a whole)).

Such an Exchange could occur at a time not previously contemplated by MCN3 Holders, which may disadvantage MCN3 Holders and not coincide with their individual preferences or intended investment outcomes. Additionally, where the Exchange occurs because the Directors have determined it is in the MCN3 Holders best interests as a whole, that determination may not take into account the position of individual MCN3 Holders and may disadvantage individual MCN3 Holders.

5.1.15. Impact of a Non-Viability Event

If a Non-Viability Event occurs, MGL must immediately Exchange some or all MCN3 for Ordinary Shares. This could occur at any time and accordingly, is not subject to any Exchange Conditions.

A Non-Viability Event will occur if APRA has notified the Issuer in writing that:

- Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable; or
- APRA has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable.

APRA has not provided any guidance as to how it would determine non-viability, or what would constitute equivalent support to a public sector injection of capital. Non-viability could be expected to include serious impairment of MGL's financial position and solvency. However, APRA's definition of non-viability may not be confined to solvency or capital measures and APRA's position on these matters

may change over time. As the occurrence of a Non-Viability Event is at the discretion of APRA, there can be no assurance given as to the factors and circumstances that may give rise to this event.

Non-viability may arise as a result of many factors including factors which impact the business, operation and financial condition of MGL. See the discussion of risks associated with MGL and the Macquarie Group, below. As a consequence, if a Non-Viability Event occurs, there are many ways and a greater likelihood that an MCN3 Holder may lose some or all of their investment.

If a Non-Viability Event occurs, some or all MCN3 on issue will be immediately Exchanged into Ordinary Shares. Exchange will occur automatically, without the need for any further action and MGL will treat MCN3 Holders as though the Exchange has occurred. MGL expects that any ASX trades in MCN3 that have not settled on the date of a Non-Viability Event will continue to settle in accordance with the normal ASX settlement, although the seller will be treated as having delivered and the buyer will be treated as having acquired Ordinary Shares into which the MCN3 have been Exchanged. Alternatively, trading in MCN3 and Ordinary Shares may be halted and unsettled transfers of MCN3 may not be registered. This disruption in trading may cause the MCN3 Holder to suffer a loss and be unable to deal in MCN3.

MCN3 Holders may not have prior notice of a Non-Viability Event and Exchange in these circumstances is not subject to the Exchange Conditions being satisfied. The Ordinary Shares that will be issued may not be quoted at the time of issue or at all and may not be tradable.

The number of Ordinary Shares that an MCN3 Holder will receive on an Exchange following a Non-Viability Event is calculated from a five ASX Trading Day VWAP prior to the Non-Viability Exchange Date and subject to the Maximum Exchange Number applicable to a Non-Viability Exchange Date. If a Non-Viability Event occurs the market price of Ordinary Shares may be volatile. Accordingly, an MCN3 Holder may receive significantly

less than \$100 worth of Ordinary Shares per MCN3 and may suffer a loss as a result. This is because:

- the number of Ordinary Shares may be limited by the Maximum Exchange Number applicable to a Non-Viability Exchange Date and as a consequence the value of Ordinary Shares received may be reduced; and
- the market price of Ordinary Shares received may differ from the five ASX Trading Days VWAP used to determine the Exchange Number of Ordinary Shares.

There is no obligation on MGL to issue any Relevant Securities, or to maintain or issue any Relevant Securities that it has issued or may decide to issue in the future. As a result, if a Non-Viability Event requiring the Exchange of only some but not all Relevant Securities occurs, the relative impact on MCN3 Holders will depend on the amount of Relevant Securities other than MCN3 (if any) that are on issue at that time.

The Maximum Exchange Number applicable to the Exchange of MCN3 may be different from the maximum exchange number applicable to any Relevant Securities.

5.1.16. Impact of failure to Exchange and Write-Off

If the relevant MCN3 are not Exchanged within 5 Business Days of the Non-Viability Event then the Ordinary Shares will not be issued and the relevant MCN3 will be Written-Off. This may occur for any reason, including an Inability Event. An Inability Event occurs if MGL is prevented by applicable law, order of any court, action of any government authority (including regarding the insolvency, Winding Up or other external administration of MGL) or for any other reason from issuing Ordinary Shares. In such cases, the MCN3 Holder will not receive any Ordinary Shares in respect of these MCN3, have no further claim on MGL and suffer a loss of their investment. The laws and circumstances under which an Inability Event arises may change and the change may be adverse to the interests of MCN3 Holders and MGL.

5.1.17. Ordinary Shares issued to a Sale Agent

If MCN3 are to be Exchanged and:

- the MCN3 Holder has notified MGL that it does not wish to receive Ordinary Shares;
- the MCN3 are held by a person whose registered address is outside of Australia or who MGL believes is not an Australian resident and MGL believes the issue of Ordinary Shares would not be permitted by law or would be permitted only after compliance with conditions which MGL considers, in its absolute discretion, are not acceptable or are unduly onerous;
- MGL does not have the necessary information to issue the Ordinary Shares to a particular MCN3 Holder;
- a FATCA withholding is required to be made in respect of any Ordinary Shares to be delivered as a result of Exchange; or
- MGL believes it is not permitted to issue some or all Ordinary Shares to a particular MCN3 Holder under any Australian or foreign law which limits or restricts the number of shares in MGL which a person may hold; then

MGL will use reasonable endeavours to appoint a Sale Agent and, if a Sale Agent is appointed then, subject to applicable law and provided that MGL, the Trustee and the Sale Agent are satisfied that the Ordinary Shares otherwise to be Exchanged may lawfully be issued and sold by the Sale Agent without having to take steps which either or both regard as onerous, MGL will instead issue the relevant Ordinary Shares to the Sale Agent which will at the first reasonable opportunity sell the Ordinary Shares (together with Ordinary Shares of each other MCN3 Holder similarly affected) and pay to the relevant MCN3 Holder its proportionate share of the net proceeds actually received from the sale (after deducting applicable brokerage, stamp duty and other taxes, charges and expenses).

If MGL appoints a Sale Agent to receive the issue of, and sell, Ordinary Shares in relation to an Exchange event, the appointment of the Sale Agent is to the exclusion of the Trustee (unless the Trustee is appointed as Sale Agent). In other words, in such a situation, the Trustee will have no role in connection with the sale of the relevant Ordinary Shares or the distribution of the sale proceeds. Instead, the sale process will be conducted by the Sale Agent. Your personal information (such as your name, contact details, account details and identification information) will be given to the Trustee and Sale Agent for the purposes of the sale. None of MGL, the Trustee, the Sale Agent nor any other person will owe any duties or obligations under the MCN3 Terms or Trust Deed to MCN3 Holders in connection with the Ordinary Shares issued to, and sold by, the Sale Agent.

MGL and the Sale Agent give no assurance as to whether a sale will be achieved or the price at which it may be achieved and each have no liability to MCN3 Holders for any loss suffered as a result of the sale of Ordinary Shares. The issue of the Ordinary Shares to the Sale Agent will satisfy all obligations of MGL in respect to the MCN3.

In these circumstances the sale of Ordinary Shares is beyond the control of the MCN3 Holder and may disadvantage the individual MCN3 Holder and not coincide with their individual preferences or intended investment outcomes. The amount received in respect of this sale may be less than the investment of the MCN3 Holder.

If either or both of MGL and the Sale Agent is of the opinion that Ordinary Shares cannot be issued to the Sale Agent (or issue would require onerous steps to be taken) or otherwise to the MCN3 Holder within 5 Business Days of a Non-Viability Exchange Date, then the relevant MCN3 will be Written-Off.

In the case of an Exchange on any other date, if MGL or the Sale Agent is of the opinion that the issue of Ordinary Shares to the Sale Agent cannot be made in accordance with applicable laws (or

5. Investment risks

would require onerous steps to be taken), the issue of Ordinary Shares is deferred and the MCN3 remain on issue until the Ordinary Shares are issued or the relevant MCN3 Redeemed. However, six months after the Exchange Date the rights of the relevant MCN3 Holder cease, other than the right to receive the Ordinary Shares or the net proceeds of their Sale.

5.1.18. Restrictions on rights and ranking in a Winding Up

MCN3 are issued by MGL under the terms of the Trust Deed (including the MCN3 Terms). An MCN3 Holder has no claim on MGL in respect of the MCN3 except as provided in the MCN3 Terms and in the Trust Deed. For further information on the relevant provisions of the Trust Deed see section 7.1.

MCN3 are unsecured and subordinated obligations of MGL. In the event of a Winding Up of MGL and assuming that MCN3 have not been Exchanged, Redeemed or Resold and are not required to be Written-Off due to a Non-Viability Event, MCN3 Holders will be entitled to claim for the Liquidation Amount of each MCN3 equal to \$100 for each MCN3. The claim for the Liquidation Amount ranks equally with Equal Ranking Obligations but is subordinated to Senior Creditors. If, on a Winding Up of MGL:

- there is a shortfall of funds to pay all amounts ranking senior to MCN3, MCN3 Holders will not receive any of the Liquidation Amount; and
- all amounts ranking senior to MCN3 have been paid but there is a shortfall of funds to pay all amounts ranking equally with MCN3, MCN3 Holders may not receive all (or any) of the Liquidation Amount.

If the MCN3 have been Exchanged (including following the occurrence of a Non-Viability Event), MCN3 Holders will hold Ordinary Shares and rank equally with other holders of Ordinary Shares in a Winding Up.

Where a Non-Viability Event occurs, if for any reason (for example due to applicable laws, order of a court or action of any

government authority) Exchange of any MCN3 has not occurred within 5 Business Days following such an event, then those MCN3 are Written-Off (that is, the MCN3 Holder's rights (including to Distributions) in relation to those MCN3 are immediately and irrevocably terminated for no consideration with effect on and from the Non-Viability Exchange Date). The MCN3 Holder's investment will lose all of its value and the MCN3 Holder will not receive any Ordinary Shares or other compensation. Where MCN3 are Written-Off, as Ordinary Shares will still be on issue, an MCN3 Holder is likely to be worse off than a holder of Ordinary Shares.

MCN3 may pay a higher rate of distribution than comparable securities and instruments which are not subordinated. However there is a greater risk that an MCN3 Holder would lose some or all of their investment in MCN3 should MGL become insolvent or in a Winding Up of MGL.

5.1.19. Other securities issued by MGL

MCN3 do not in any way restrict MGL from issuing further Ordinary Shares, other securities (including securities that rank equally with or ahead of the MCN3) or from incurring further debt. MGL's obligations under MCN3 are subordinate to Senior Creditors and obligations preferred by law. Accordingly, the obligations of MCN3:

- will not be satisfied unless MGL can satisfy in full all of its other obligations ranking senior to MCN3; and
- may not be satisfied in full unless MGL can also satisfy in full all of its other obligations ranking equally with MCN3,

and future issues of securities or debts by MGL may dilute the claim of MCN3 Holders or reduce the value of their investment or liquidity of MCN3. The future issue of such securities may be on terms such that they would be exchanged, converted or written-off other than on a proportionate basis with the MCN3 and affect the proportions of MCN3 Exchanged or Written-Off due to a Non-Viability Event.

An investment in MCN3 carries no right to participate in any future issue of securities issued by MGL.

No prediction can be made as to the effect, if any, which future issues of securities by MGL may have on the market price or liquidity of MCN3 or the likelihood of payments being made on MCN3.

An investment in MCN3 carries no right to be Redeemed or otherwise be repaid at the same time as MGL redeems or otherwise repays other securities.

5.1.20. Credit rating risk relating to securities

MGL's cost of funds, margins, access to capital markets and competitive position and other aspects of its performance may be affected by its credit ratings, including any long-term credit ratings (see section 5.2.15 for more information) or the ratings assigned to any class of its securities. Credit rating agencies may withdraw, revise or suspend credit ratings or change the methodology by which securities are rated. Even though MCN3 will not be rated, such changes could adversely affect the market price, liquidity and performance of MCN3 or Ordinary Shares received on Exchange.

5.1.21. Regulatory treatment

MCN3 are Eligible Capital of MGL, which currently qualify as regulatory capital of MGL for APRA purposes.

A Regulatory Event may occur if the Issuer determines that, as a result a change in law or regulation or determination of APRA, any of the MCN3 are not eligible for inclusion as Eligible Capital, additional requirements in connection with the MCN3 would be imposed on MGL or the Macquarie Group which the Issuer determines in its absolute discretion might have a material adverse effect on MGL or otherwise be unacceptable, or to have any of the MCN3 outstanding would be unlawful or impractical or that MGL or the Macquarie Group would be exposed to a more than *de minimis* increase in its costs in connection with those MCN3.

If a Regulatory Event occurs, MGL may be entitled to Exchange or, with the written approval of APRA, Resell or Redeem MCN3.

As a consequence, Exchange, Redemption or Resale may occur at any time and at a time not previously contemplated by MCN3 Holders, which may disadvantage MCN3 Holders and not coincide with their individual preferences or intended investment outcomes. The rate of return at which MCN3 Holders may reinvest their funds or receive in connection with any Ordinary Shares, may be lower than the Distribution Rate on MCN3.

The choice of Exchange, Redemption or Resale when they are available, is entirely at the option of MGL. The choice of these actions (and consequently whether MCN3 Holders receive cash or Ordinary Shares) may be disadvantageous to MCN3 Holders and may not coincide with their individual preference or intended investment outcomes.

5.1.22. Tax consequences

A general outline of the tax consequences of investing in MCN3 for certain potential investors who are Australian residents for tax purposes is set out in the Taxation Summary in section 6.1. This summary is in general terms and not intended to provide specific advice addressing the circumstances of any particular potential investor. Accordingly, potential investors should seek independent advice concerning their own individual tax position.

If a change is made or announced in a law or regulation, or a judicial decision, or an administrative pronouncement, ruling or challenge from a government authority which was not expected at the time of issue of MCN3, which has an adverse effect on MGL in the amount of taxes, assessments or other governmental charges in connection with MCN3 or affects the withholding or franking treatment of MCN3 then a Tax Event may occur.

If a Tax Event occurs, MGL may be entitled to Exchange or, with the written approval of APRA, Resell or Redeem MCN3.

As a consequence, Exchange, Redemption or Resale may occur at any time and at a time not previously contemplated by MCN3 Holders, which may disadvantage MCN3 Holders and not coincide with their individual preferences or intended investment outcomes. The rate of return at which MCN3 Holders may reinvest their funds may be lower than the Distribution Rate on MCN3.

The choice of Exchange, Redemption or Resale when they are available, is entirely at the option of MGL. The choice of these actions (and consequently whether MCN3 Holders receive cash or Ordinary Shares) may be disadvantageous to MCN3 Holders and may not coincide with their individual preferences or intended investment outcomes.

If the corporate tax rate in Australia changes, the cash amount of Distributions and any associated franking credits may change.

5.1.23. Powers of APRA

Under the Banking Act, APRA has power to issue directions to MGL. These powers of APRA are broad and may be exercised to intervene in the performance of obligations and the exercise of rights under the MCN3 (see further section 5.2.5).

The Banking Act has recently been amended to enhance APRA's powers to facilitate the resolution of the entities that it regulates (and their subsidiaries) in times of distress. Additional powers given to APRA include greater oversight, management and directions powers in relation to MGL, MBL and other Macquarie Group members (including entities which were not previously regulated by APRA). APRA's statutory management powers have also been enhanced. The Banking Act also gives statutory recognition to provisions for the conversion or write-off of an instrument such as the MCN3.

In addition, APRA has powers to require the compulsory transfer of all or part of the business of MGL pursuant to the Financial Sector (Transfer and Restructure) Act 1999 (Cth) ("FSTR Act"). This power arises in circumstances where APRA has decided to make a compulsory transfer of the business of, or shares in, MBL. A transfer under the FSTR Act overrides anything in any contract or agreement to which MGL is a party, including the MCN3 Terms.

These powers of APRA may be exercised in a way which adversely affects the ability of MGL to comply with its obligations in respect of the MCN3 (including in connection with the Exchange of MCN3), and this may adversely affect the position of MCN3 Holders.

5.1.24. Accounting standards

New, or amendments to existing, accounting standards issued by either the International Accounting Standards Board or Australian Accounting Standards Board may affect the reported earnings and financial position of MGL in future financial periods. This may adversely affect the ability of MGL to pay Distributions.

5.1.25. Shareholding limits

Various laws, including Chapter 6 of the Corporations Act, the Foreign Acquisition and Takeovers Act 1975, the Financial Sector (Shareholdings) Act 1998 ("FSSA") and Part IV of the Competition and Consumer Act 2010 may restrict the number of Ordinary Shares that any person may hold. Mergers, acquisitions and divestments of Australian public companies listed on ASX (such as MGL) are regulated by detailed and comprehensive legislation and the rules and regulations of ASX.

The FSSA restricts ownership of MGL by people (together with their associates) to a 15% stake. A shareholder may apply to the Australian Federal Treasurer to extend their ownership beyond 15%, but approval will not be granted unless the Treasurer is satisfied that the holding is in the national interest.

5. Investment risks

MCN3 Holders should take care to ensure that their holding of MCN3 (and any Ordinary Shares that they could be Exchanged for) do not breach any applicable restrictions on ownership.

Where, on an Exchange, the issue of any Ordinary Shares to any particular MCN3 Holder (either directly or indirectly) is prevented by law, MGL may be unable to Exchange those MCN3 and they will be Written-Off.

5.1.26. FATCA withholding and information reporting

Sections 1471 through 1474 of the US Internal Revenue Code of 1986 (“**FATCA**”) impose a reporting regime and potentially a 30% withholding tax with respect to certain payments. The Australian Government and the US Government signed an intergovernmental agreement (“**IGA**”) in respect of FATCA on 28 April 2014, providing an alternative means for Australian financial institutions to comply with FATCA. Under the IGA, Australian financial institutions that may be involved in the MCN3 payment processes, such as custodians or nominees, may be required to provide the Australian Taxation Office (“**ATO**”) with information about investors. As such, certain information may be requested from MCN3 Holders or beneficial owners of MCN3 which may be provided to the ATO. MGL does not anticipate being obliged to deduct any withholding for or on account of FATCA, but there can be no assurance that MGL will not be required to deduct or withhold amounts on payments it makes to MCN3 Holders as a result of FATCA in the future.

If an amount was to be deducted or withheld in respect of FATCA from payments on MCN3 or deliveries of Ordinary Shares made in respect of MCN3, neither MGL nor any paying agent nor any other person would, pursuant to the conditions of MCN3, be required to pay additional amounts as a result of the deduction or withholding. As a result, MCN3 Holders may receive less Distributions, principal or Ordinary Shares than expected.

FATCA is particularly complex. Investors should consult their own tax advisers to determine how these rules may apply to payments they will receive under MCN3, particularly if they are a US person or have financial dealings with a US person.

5.1.27. Common Reporting Standard

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information in Tax Matters (“**CRS**”) requires certain financial institutions including Macquarie to report information regarding certain accounts (which may include the MCN3) to their local tax authority and follow related due diligence procedures. MCN3 Holders may be requested to provide certain information and certifications to ensure compliance with the CRS. The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 (Cth) to give effect to the CRS. The CRS applies to Australian financial institutions with effect from July 1, 2017.

5.1.28. Amendment of MCN3 Terms or Trust Deed

In certain circumstances, MGL may, with APRA’s prior written approval where required, amend the MCN3 Terms or Trust Deed without the approval of MCN3 Holders or the Trustee. These circumstances include where MGL is of the opinion that the amendments do not materially adversely affect the interests of the MCN3 Holders as a whole.

MGL may also, with APRA’s prior written approval where required, amend the MCN3 Terms or Trust Deed if the amendment has been approved by a Special Resolution of MCN3 Holders and the Trustee. Amendments under these arrangements are binding on all MCN3 Holders, despite the fact that an individual MCN3 Holder may not agree with the amendment, has voted against making the amendment or may be disadvantaged by the amendment.

APRA’s prior written approval of an amendment is required where the amendment may cause the MCN3 to cease to be Eligible Capital.

5.2. Risks associated with MGL and the Macquarie Group

The factors described below represent the key risks relating to an investment in MGL and the Macquarie Group.

5.2.1. Impact of risks associated with MGL on an investment in MCN3

Risks associated with MGL and the Macquarie Group are relevant to an investment in MCN3 because they may affect MGL’s ability to fulfil its obligations under the MCN3 Terms, the market value of MCN3 and the market value of, and any dividends paid on, Ordinary Shares issued on an Exchange of MCN3.

There are a number of risks faced by MGL and the Macquarie Group, including those that encompass a broad range of economic and commercial risks many of which are not within their control. The performance of all of the Macquarie Group’s businesses can be influenced by external market and regulatory conditions.

Risks may affect one or more of Macquarie Group’s businesses at any one time. If more than one of the Macquarie Group’s businesses were affected by adverse circumstances at or about the same time, the cumulative effect of these may also have an adverse impact on Macquarie Group.

5.2.2. Global credit and market conditions

The Macquarie Group’s business and financial condition may be negatively impacted by adverse global credit and other market conditions. Economic conditions, particularly in Australia, the United States, Europe and Asia, may have a negative impact on the Macquarie Group.

The Macquarie Group’s businesses operate in or depend on the operation of global markets, including through exposures in securities, loans, derivatives and other activities. In particular, uncertainty and volatility in global credit markets, liquidity, funding costs, constrained access to funding and the decline in equity and capital market activity may impact transaction flow in

a range of industry sectors. If repeated, such factors could adversely impact the Macquarie Group.

The Macquarie Group's trading income may be adversely impacted during times of subdued market conditions and client activity and increased market risk can lead to trading losses or cause the Macquarie Group to reduce the size of its trading businesses in order to limit the Macquarie Group's risk exposure. Market conditions, as well as declines in asset values, may cause clients to transfer their assets out of the Macquarie Group's funds or other products or their brokerage accounts and result in reduced net revenues, principally in the Macquarie Group's funds management business. The Macquarie Group's funds management fee income, including base and performance fees, may be impacted by volatility in equity values and returns from the Macquarie Group's managed funds.

The Macquarie Group's loan portfolio may also be impacted by deteriorating economic conditions. The Macquarie Group assesses the credit quality of its loan portfolio and the value of its proprietary investments, including investments in managed funds, for impairment. The Macquarie Group's returns from asset sales are also subject to the current economic climate. Increases in volatility increase the level of the Macquarie Group's risk weighted assets and increase the Macquarie Group's capital requirements. Increased capital requirements may require the Macquarie Group to raise additional capital at a time, and on terms, which may be less favourable than it would otherwise achieve during stable market conditions.

The Macquarie Group may experience writedowns of its funds management assets, investments, loans and other assets related to volatile market conditions. Sudden declines and significant volatility in the prices of assets may substantially curtail or eliminate the trading markets for certain assets, which may make it very difficult to sell, hedge or value such assets. The inability to sell

or effectively hedge assets reduces the Macquarie Group's ability to limit losses in such positions and the difficulty in valuing assets may negatively affect the Macquarie Group's capital, liquidity or leverage ratios, increase funding costs and generally require the Macquarie Group to maintain additional capital.

Market volatility has impacted the value of the Macquarie Group's funds. Future valuations, in light of factors then prevailing, may result in further impairments to Macquarie Group's investments in its funds. At the time of any sale of the Macquarie Group's investments in its funds, the price ultimately realised will depend on the demand in the market at the time and may be materially lower than their current market value. Any of these factors could require the Macquarie Group to make further writedowns on its investments in funds management assets and other investments and assets, which may be significant and may have an adverse effect on the Macquarie Group.

5.2.3. Other general economic and geopolitical risks

The Macquarie Group may face new costs and challenges as a result of general economic and geopolitical events and conditions. For instance, a European sovereign default, slowdown in the US or Chinese economies, slowing growth in emerging economies, the departure of the United Kingdom or another member country from the Euro zone or the market perception of such events, could disrupt global funding markets and the global financial system more generally. The Macquarie Group may also be impacted indirectly through its counterparties that may have direct exposure to European sovereigns and financial institutions.

Governments, regulators and central banks globally have taken numerous steps to increase liquidity and to restore investor and public confidence since the global financial crisis. While the global economic environment has since improved, there can be no assurance as to the impact that the withdrawal of relief

measures such as "quantitative easing" programs (or the consequential impacts of substantial fiscal stimulus on the budgets of sovereigns) will have on global economic conditions or the Macquarie Group.

Poor economic conditions and other adverse geopolitical conditions and developments, such as growing tensions between the US and China relating to tariff levels and reciprocal trade between the two countries more generally, can adversely affect and have adversely affected investor and client confidence, resulting in declines in the size and number of underwritings, financial advisory transactions and increased market risk as a result of increased volatility, which could have an adverse effect on the Macquarie Group's revenues and profit margins. For example, the Macquarie Group's brokerage, commission and other fee income, mergers and acquisitions advisory and underwriting fee income and client facilitation fee income may be, and have been, impacted by transaction volumes.

5.2.4. Liquidity risks

The Macquarie Group is exposed to the risk that it may become unable to meet its financial commitments when they fall due, which could arise due to mismatches in cashflows. Liquidity is essential to the Macquarie Group's businesses, and they rely on credit and equity markets to fund their operations. Liquidity may be impaired by an inability to access secured or unsecured debt markets, an inability to sell assets or unforeseen outflows of cash or collateral. Liquidity may also be impaired due to circumstances that MGL may be unable to control, such as general market disruptions, which may occur suddenly and dramatically, an operational problem that affects the Macquarie Group or its trading clients, or changes in credit spreads, which are continuous, market-driven, and subject at times to unpredictable and highly volatile movements.

General business and economic conditions are key considerations in determining the Macquarie Group's

5. Investment risks

access to credit and equity capital markets, cost of funding and ability to meet liquidity needs. The impact of these include changes in short-term and long-term interest rates, inflation, monetary supply, volatility in commodities prices, fluctuations in debt and equity capital markets, relative changes in foreign exchange rates, consumer confidence and changes in the strength of the economies in which the Macquarie Group operates. Renewed turbulence or a worsening general economic climate could adversely impact these factors. Should conditions remain uncertain for a prolonged period, or deteriorate further, the Macquarie Group's funding costs may increase and this may limit its ability to replace, in a timely manner, maturing liabilities, which could adversely affect the group's ability to fund and grow its business or otherwise have a material impact on the Macquarie Group.

In the event that the Macquarie Group's current sources of funding prove to be insufficient, MGL or other group members may be forced to seek alternative financing, which could include selling liquid securities or other assets. The availability of alternative financing will depend on a variety of factors, including prevailing market conditions, the availability of credit, Macquarie Group entities' credit ratings and credit capacity. The cost of these alternatives may be more expensive than current sources of funding or include other unfavourable terms, or the Macquarie Group may be unable to raise as much funding as it needs to support its business activities. This could slow the growth rate of the Macquarie Group's businesses, cause it to reduce its term assets and increase its cost of funding, all of which could affect the Macquarie Group.

5.2.5. Legal, regulatory and compliance risk

Many of the Macquarie Group's businesses are highly regulated and it could be adversely affected by changes in regulations and regulatory policy or unintended consequences from such changes and increased compliance

requirements, particularly for financial institutions, in the markets in which it operates.

The Macquarie Group operates various kinds of businesses across multiple jurisdictions, and some of its businesses operate across more than one jurisdiction or sector and are regulated by more than one regulator. Additionally, some members of the Macquarie Group own or manage assets and businesses that are regulated. The Macquarie Group's businesses include an ADI in Australia (regulated by APRA) and branches in the United Kingdom, the Dubai International Finance Centre, Singapore, Hong Kong and South Korea and representative offices in the United States, New Zealand and Switzerland. The regulations vary from country to country but generally are designed to protect depositors and the banking system as a whole, not holders of MGL's securities or creditors. As a diversified financial institution, many of the Macquarie Group's businesses are subject to financial services regulation other than prudential banking regulation in most jurisdictions in which it operates. Certain regulatory developments will significantly alter the regulatory framework and may adversely affect the Macquarie Group's competitive position and profitability.

Regulatory agencies and governments frequently review banking and financial services laws, security and competition laws, fiscal laws and other laws, regulations and policies, including fiscal policies, for possible changes. Changes to laws, regulations or policies, including changes in interpretation or implementation of laws, regulations or policies, could substantially affect the Macquarie Group or its businesses, the products and services it offers or the value of its assets, or have unintended consequences or impacts across its business. These may include changing required levels of liquidity and capital adequacy, increasing tax burdens generally and on financial transactions, limiting the types of financial services and products that can be offered and/or increasing the ability of other providers

to offer competing financial services and products, as well as changes to prudential regulatory requirements. Global economic conditions and increased scrutiny of the culture in the banking sector have led to increased supervision and regulation, as well as changes in regulation in the markets in which the Macquarie Group operates and may lead to further significant changes of this kind.

In Australia, the Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry ("Royal Commission") was established in December 2017 with the final report expected to be released in February 2019. The Royal Commission may result in adverse findings against or relevant to the Macquarie Group and impose further regulatory measures on the banking industry. These findings could adversely affect the Macquarie Group's reputation and the profitability of the Macquarie Group.

In some countries in which the Macquarie Group does business or may in the future do business, in particular in emerging markets, the laws and regulations applicable to the financial services industry are uncertain and evolving, and it may be difficult to determine the exact requirements of local laws in every market. The Macquarie Group's inability to remain in compliance with local laws in a particular market could have a significant and negative effect not only on its businesses in that market but also on its reputation generally. The Macquarie Group is also subject to the enhanced risk that transactions it structures might not be legally enforceable in all cases.

Regulation is becoming increasingly extensive and complex and some areas of regulatory change involve multiple jurisdictions seeking to adopt a coordinated approach or certain jurisdictions seeking to expand the territorial reach of their regulation. The nature and impact of future changes are unpredictable, beyond MGL's control and may result in potentially conflicting requirements and such changes could adversely affect the Macquarie Group.

MGL is regulated by APRA as a NOHC. APRA may introduce new prudential regulations or modify existing regulations, including those that apply to MGL as a NOHC. Any such event could result in changes to the organisational structure of the Macquarie Group and adversely affect the Macquarie Group.

The Macquarie Group is also subject in its operations worldwide to rules and regulations relating to corrupt and illegal payments and money laundering (“**AML**”), as well as laws, sanctions and economic trade restrictions relating to doing business with certain individuals, groups and countries. The geographical diversity of the Macquarie Group’s operations, employees, clients and customers, as well as the vendors and other third parties that it deals with, increases the risk that a member of the Macquarie Group may be found in violation of such rules or regulations. Any such violation could subject the Macquarie Group to significant penalties, revocation, suspension, restriction or variation of conditions of operating licenses, adverse reputational consequences, litigation by third parties (including potentially class actions) or limitations on the Macquarie Group’s ability to do business. Emerging technologies, such as cryptocurrencies, could limit the Macquarie Group’s ability to track the movement of funds. The Macquarie Group’s ability to comply with these laws is dependent on its ability to improve detection and reporting capabilities and reduce variation in control processes and oversight accountability.

MGL is a holding company and many of its subsidiaries, including its broker-dealer and bank subsidiaries, such as MBL, are subject to laws that authorise regulatory bodies to block or reduce the flow of funds from those subsidiaries to MGL. Restrictions or regulatory action of that kind could impede access to funds that MGL needs to make payments on its obligations, including debt obligations, or dividend payments. In particular, the availability of MBL’s funding to meet the obligations of MGL or the Non-Banking Group is subject to regulatory restrictions.

5.2.6. Increased governmental and regulatory scrutiny

Governmental scrutiny from regulators, legislative bodies and law enforcement agencies with respect to matters relating to the financial services sector generally, and the Macquarie Group’s operations, capital, liquidity and risk management, compensation and other matters, has increased dramatically over the past several years. The financial crisis and the subsequent political and public sentiment regarding financial institutions has resulted in a significant amount of adverse press coverage, as well as adverse statements or charges by regulators or other government officials, and in some cases, to increased regulatory scrutiny, investigations and litigation. Responding to and addressing such matters, regardless of the ultimate outcome, is time-consuming, expensive, can adversely affect investor confidence and can divert the time and effort of the Macquarie Group’s staff (including senior management) from its business. Investigations, inquiries, penalties and fines sought by regulatory authorities have increased substantially over the last several years, along with legislation targeted at the financial services industry. Adverse publicity, governmental scrutiny and legal and enforcement proceedings can also have a negative impact on the Macquarie Group’s reputation with clients and on the morale and performance of its employees, which could adversely affect the Macquarie Group.

5.2.7. Exchange rate risk

While the Macquarie Group’s consolidated financial statements are presented in Australian dollars, a significant portion of the Macquarie Group’s operating income is derived, and operating expenses are incurred, from offshore business activities, which are conducted in a broad range of currencies and with counterparties around the world. Changes in currency exchange rates can impact the Macquarie Group’s financial statements, its capital position and the economics of its business.

Although the Macquarie Group seeks to carefully manage its exposure to foreign currencies, in part, through matching of assets and liabilities in local currencies and through the use of foreign exchange-rate swaps and forward contracts to hedge its exposure, the Macquarie Group is still exposed to exchange rate risk. If any member of the Macquarie Group is unable to hedge or has not completely hedged its exposure to non-Australian currencies, the Macquarie Group’s reported profit or foreign currency translation reserve would be affected.

5.2.8. Risks of strategic opportunities and exiting or restructuring existing businesses

Future growth of the Macquarie Group, including through acquisitions, mergers and other corporate transactions, may place significant demands on its legal, accounting, IT, risk management and operational infrastructure and result in increased expenses. The Macquarie Group’s future growth will depend, among other things, on its ability to integrate new businesses, maintain an operating platform and management system sufficient to address its growth, attract employees and other factors described herein. If the Macquarie Group does not manage its expanding operations effectively, its ability to generate revenue and control expenses could be adversely affected.

A number of recent and planned business initiatives and further expansions of existing businesses are likely to bring the Macquarie Group into contact with individuals and entities that are new clients, with new asset classes and other new products or new markets. These business activities expose the Macquarie Group to new and enhanced risks, including reputational concerns arising from dealing with a range of new counterparties and investors, actual or perceived conflicts of interest, regulatory scrutiny of these activities, potential political pressure, increased credit-related and operational risks, including risks arising from IT systems, and reputational concerns with the manner in which

5. Investment risks

these businesses are being operated or conducted. If these risks eventuate, they may have a negative impact on the Macquarie Group's businesses, prospects, financial condition or results of operations.

The Macquarie Group is continually evaluating strategic opportunities and undertaking acquisitions of businesses, some of which may be material to its operations. The Macquarie Group's completed and prospective acquisitions and growth initiatives may cause the Macquarie Group to become subject to unknown liabilities of the acquired or new business and additional or different regulations.

The Macquarie Group may over value an acquisition, it may not achieve expected synergies from an acquisition, it may achieve lower than expected cost savings or otherwise incur losses, it may lose customers and market share, it may face disruptions to its operations resulting from integrating the systems, processes and personnel (including in respect of risk management) of the acquired business into the Macquarie Group or management's time may be diverted to facilitate the integration of the acquired business into the Macquarie Group. The Macquarie Group may also underestimate the costs associated with outsourcing, exiting or restructuring existing businesses.

There are current and prospective strategic risks associated with timely business decisions, proper implementation of decisions or responsiveness to changes in the Macquarie Group's current operating environment.

5.2.9. Reputation risk

The Macquarie Group's reputation in the financial services markets and the recognition of the Macquarie brand by the Macquarie Group's customers are important contributors to its business. Many companies in the Macquarie Group and many of the funds managed by entities owned, in whole or in part, by the Macquarie Group use the Macquarie name.

The financial condition and results of operation of the Macquarie Group may be indirectly adversely affected by the negative performance, or negative publicity in relation to any of the entities using the Macquarie name, including any Macquarie-managed fund or funds that Macquarie has promoted or is associated with, as investors and lenders may associate such entities and funds with the name, brand and reputation of the Macquarie Group and other Macquarie-managed funds. If funds that use the Macquarie name or are otherwise associated with Macquarie-managed infrastructure assets, such as roads, airports, utilities and water distribution facilities that people view as community assets, are perceived to be managed inappropriately, those managing entities could be subject to criticism and negative publicity, harming the Macquarie Group's reputation and the reputation of other entities that use the Macquarie name.

5.2.10. Competitive risks

The Macquarie Group faces significant competition from local and international competitors, which compete vigorously for participation in the various markets and sectors across which the Macquarie Group operates. The Macquarie Group competes, both in Australia and internationally, with asset managers, retail and commercial banks, private banking firms, investment banking firms, brokerage firms, internet based firms, commodity trading firms and other investment and service firms as well as businesses in adjacent industries in connection with the various funds and assets the Macquarie Group manages and services it provides. This includes specialist competitors that may not be subject to the same capital and regulatory requirements and therefore may be able to operate more efficiently. Furthermore, digital technologies and business models are changing consumer behaviour and the competitive environment. The use of digital channels by customers to conduct their banking continues to rise and emerging competitors are increasingly utilising new technologies and seeking to disrupt existing business

models, including in relation to digital payment services and open data banking, that challenge, and could potentially disrupt, traditional financial services. The Macquarie Group faces competition from established providers of financial services as well as from businesses developed by non-financial services companies. The Macquarie Group may continue to experience pricing pressures in the future as some competitors seek to obtain or increase market share.

Any trend toward consolidation in the global financial services industry may create stronger competitors with broader ranges of product and service offerings, increased access to capital, and greater efficiency and pricing power. Many of the Macquarie Group's competitors are larger than the Macquarie Group and may have significantly greater financial resources than the Macquarie Group and/or may be able to offer a wider range of products which may enhance their competitive position.

The Macquarie Group is also dependent on its ability to offer products and services that match evolving customer preferences. If the Macquarie Group is not successful in developing or introducing new products and services or responding or adapting to changes in customer preferences and habits, it may lose customers to its competitors.

5.2.11. Staff recruitment and retention

Employees are the Macquarie Group's most important resource, and its performance is largely dependent on the talents and efforts of highly skilled individuals. As such, the Macquarie Group's continued ability to compete effectively in its businesses and to expand into new business areas and geographic regions depends on its ability to retain and motivate existing employees and attract new employees. Competition from within the financial services industry and from businesses outside the financial services industry, such as professional service firms, hedge funds, private equity funds and venture capital funds, for qualified employees has historically been intense and is expected to increase during periods of economic growth.

In order to attract and retain qualified employees, the Macquarie Group must compensate such employees at or above market levels. Typically, those levels have caused employee remuneration to be the Macquarie Group's greatest expense as performance-based remuneration has historically been cash and equity based and highly variable. Recent market events have resulted in increased regulatory and public scrutiny of corporate remuneration policies and the establishment of criteria against which industry remuneration policies may be assessed. As a regulated entity, MGL may be subject to limitations on remuneration practices (which may or may not affect MGL's competitors). These limitations may require MGL to further alter its remuneration practices in ways that could adversely affect the Macquarie Group's ability to attract and retain qualified and talented employees.

Current and future laws (including laws relating to immigration and outsourcing) may restrict MGL's ability to move responsibilities or personnel from one jurisdiction to another. This may impact MGL's ability to take advantage of business and growth opportunities or potential efficiencies, which could adversely affect the Macquarie Group's profitability.

5.2.12. Market and asset risk

The Macquarie Group is exposed to changes in the value of financial instruments and other financial assets that are carried at fair market value, as well as changes to the level of advisory and other fees, due to changes in interest rates (including the potential for negative interest rates), exchange rates, equity and commodity prices, credit spreads and other market risks. These changes may result from changes in economic conditions, monetary and fiscal policies, market liquidity, availability and cost of capital, international and regional political events, acts of war or terrorism, corporate, political or other scandals that reduce investor confidence in capital markets, natural disasters or pandemics or a combination of these or other factors.

The Macquarie Group's businesses trade in foreign exchange, interest rate, commodity, bullion, energy, securities and other markets and are an active price maker in the derivatives market. Certain financial instruments that members of the Macquarie Group hold and contracts to which members of the Macquarie Group are a party are increasingly complex, as the Macquarie Group employs structured products to benefit its clients and itself, and these complex structured products often do not have readily available markets to access in times of liquidity stress. The Macquarie Group may incur losses as a result of decreased market prices for products it trades, which decreases the valuation of its trading and investment positions, including interest rate and credit products, currency, commodity and equity positions. In addition, reductions in the level of prices in equity markets or increases in interest rates may reduce the value of the Macquarie Group's clients' portfolios, which in turn may reduce the fees it earns for managing assets in certain parts of its business. Increases in interest rates or attractive conditions in other investments could cause the Macquarie Group's clients to transfer their assets out of its funds or other products.

Interest rate risk arises from a variety of sources including mismatches between the repricing periods of assets and liabilities. As a result of these mismatches, movements in interest rates can affect earnings or the value of the Macquarie Group.

5.2.13. Capital adequacy risk

The Macquarie Group seeks to maintain capital levels to ensure it can achieve strategic plans and objectives, manage the risks to which it is exposed, absorb unexpected losses and meet market expectations of capital levels. The Macquarie Group is required to maintain minimum levels determined by the risk profile of its operations and within the frameworks by which it is regulated. If the Macquarie Group fails to hold sufficient capital, there may be an adverse impact on the Ordinary Share price, an

increased risk of regulatory intervention in the operation of the business, and ultimately a greater risk of non-viability and insolvency. The Macquarie Group gives no assurance as to what its capital level may be at any time as it may be significantly impacted by unexpected events affecting its business, operations and financial condition.

Many of the capital frameworks that the Macquarie Group operates under have been recently reviewed or are currently under review. The Basel Committee on Banking Supervision is still undertaking further work as part of its regulatory reform agenda that may result in additional capital requirements. APRA has proposed prudential rules to apply to financial conglomerates such as the Macquarie Group, but the implementation date for these rules is currently unknown. Changes to these frameworks can require the Macquarie Group to hold more capital and have an adverse impact on the Macquarie Group.

5.2.14. Counterparty default, credit and "systemic" risks

The Macquarie Group is exposed to the potential for credit-related losses that can occur as a result of an individual, counterparty or issuer being unable or unwilling to honour its contractual obligations. The Macquarie Group is also exposed to potential concentration risk arising from large individual exposures or groups of exposures. Like any financial services organisation, the Macquarie Group assumes counterparty risk in connection with its lending, trading, derivatives and other businesses where it relies on the ability of a third party to satisfy its financial obligations on a timely basis. The resulting credit exposure will depend on a number of factors, including declines in the financial condition of the counterparty, the value of property the Macquarie Group holds as collateral and the market value of the counterparty instruments and obligations held. Credit losses can and have resulted in financial services organisations realising significant losses and in some cases failing altogether. To the extent the

5. Investment risks

Macquarie Group's credit exposure increases, it could have an adverse effect on its business and profitability if material unexpected credit losses occur. The Macquarie Group is also subject to the risk that its rights against third parties may not be enforceable in all circumstances, which may also adversely impact the Macquarie Group.

The commercial soundness of many financial institutions may be closely interrelated as a result of credit, trading, clearing or other relationships among the financial institutions. Concerns about, or a default by, one or more institutions, or by a sovereign, could lead to market-wide liquidity problems, losses or defaults by other institutions globally which may adversely affect the Macquarie Group. This is sometimes referred to as "systemic risk" and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms, hedge funds and exchanges that the Macquarie Group interacts with on a daily basis. These risks may impact the value of financial instruments and other financial assets that are carried at fair market value by MGL and MGL's ability to deal in those assets.

Historically, a portion of the Macquarie Group's income has been generated from the sale of assets to third parties, including its funds. If buyers are unable to obtain financing to purchase assets that the Macquarie Group currently holds or purchases with the intention to sell in the future, it may be required to hold investment assets for a longer period of time than it historically has or may sell these assets at lower prices than it historically would have expected to achieve, which may lower the Macquarie Group's rate of return on these investments and require funding for periods longer than MGL has anticipated.

The Macquarie Group has also derived a portion of its income from mergers and acquisitions advisory fees which are typically paid upon completion of a transaction. The Macquarie Group's clients that engage in mergers and acquisitions often rely on access to the secured and unsecured credit markets to finance their transactions. The lack of available

credit and the increased cost of credit may adversely affect the size, volume and timing of such clients' merger and acquisition transactions – particularly large transactions – and may also adversely affect the Macquarie Group's financial advisory and underwriting businesses.

5.2.15. Credit ratings risk

The credit ratings assigned to MGL and certain of its subsidiaries by rating agencies are based on an evaluation of a number of factors, including such entities' ability to maintain a stable and diverse earnings stream, strong capital ratios, strong credit quality and risk management controls, funding stability and security, disciplined liquidity management and the Macquarie Group's key operating environments, including the availability of systemic support in Australia. In addition, a credit rating downgrade could be driven by the occurrence of one or more of the other risks identified in this section or by other events that are not related to the Macquarie Group.

If MGL or its subsidiaries fail to maintain current credit ratings, this could (i) adversely affect the Macquarie Group's cost of funds and related margins, liquidity, competitive position the willingness of counterparties to transact with the Macquarie Group and its ability to access capital markets or (ii) trigger obligations under certain bilateral provisions in some of the Macquarie Group's trading and collateralised financing contracts. Under these provisions, counterparties could be permitted to terminate contracts with members of the Macquarie Group or require such entities to post additional collateral. Termination of the Macquarie Group's trading and collateralised financing contracts could cause the Macquarie Group to sustain losses and impair its liquidity by requiring it to find other sources of financing or to make significant cash payments or securities movements.

5.2.16. Tax risk

The Macquarie Group is exposed to risks arising from the manner in which the Australian and international tax regimes

may be applied and enforced, both in terms of the Macquarie Group's own tax compliance and the tax aspects of transactions on which members of the Macquarie Group work with clients and other third parties. The Macquarie Group's international, multi-jurisdictional platform increases its tax risks. In addition, as a result of increased funding needs by governments employing fiscal stimulus measures, revenue authorities in many of the jurisdictions in which the Macquarie Group operates are known to have become more active in their tax collection activities. While the Macquarie Group has in place controls and procedures that are designed to ensure that transactions comply with applicable tax laws and regulations, any actual or alleged failure to comply with or any change in the interpretation, application or enforcement of applicable tax laws and regulations could adversely affect the Macquarie Group's reputation and affected business areas, significantly increase its own tax liability and expose it to legal, regulatory and other actions.

5.2.17. Operational system risks and risk management processes

The Macquarie Group's businesses are highly dependent on their ability to process and monitor, on a daily basis, a very large number of transactions, many of which are highly complex, across numerous and diverse markets in many currencies. As the Macquarie Group's client base, business activities and geographical reach expands, developing and maintaining operational systems and infrastructure becomes increasingly challenging. The Macquarie Group must continuously update these systems to support its operations and growth, which may entail significant costs and risks of successful integration. The Macquarie Group's financial, accounting, data processing or other operating systems and facilities may fail to operate properly or become disabled as a result of events that are wholly or partially beyond its control, such as a spike in transaction volume or disruption in internet services provided by third parties, adversely affecting its ability to process these transactions or provide these services.

The Macquarie Group is exposed to the risk of loss resulting from human error, the failure of internal or external processes and systems, such as from the disruption or failure of IT systems, or from external suppliers and service providers, including cloud-based outsourced technology platforms, or external events. Such operational risks may include theft and fraud, employment practices and workplace safety, improper business practices, mishandling of client monies or assets, client suitability and servicing risks, product complexity and pricing, and valuation risk or improper recording, evaluating or accounting for transactions or breaches of internal policies and regulations. There is increasing regulatory and public scrutiny concerning outsourced and off-shore activities and their associated risks, including, for example, the appropriate management and control of confidential data. The failure to appropriately manage this risk, including where external service providers are used, may adversely impact the Macquarie Group.

The Macquarie Group is exposed to the risk that employee, contractor and external service provider misconduct could occur. Risk could occur through the provision of products and services to the Macquarie Group's customers that do not meet their needs, such as through a failure to meet professional obligations to specific clients (including fiduciary and suitability requirements), poor product design and implementation, selling products and services outside of customer target markets or a failure to adequately provide the products or services that the Macquarie Group had agreed to provide a customer. It is not always possible to deter or prevent employee misconduct and the precautions the Macquarie Group takes to prevent and detect this activity may not be effective in all cases, which could result in financial losses and reputational damage that could adversely affect the Macquarie Group.

The Macquarie Group also faces the risk of operational failure, termination or capacity constraints of any of

the counterparties, clearing agents, exchanges, clearing houses or other financial intermediaries members of the Macquarie Group use to facilitate securities or derivatives transactions, and as the Macquarie Group's interconnectivity with clients and counterparties grows, it increasingly faces the risk of operational failure with respect to clients' and counterparties' systems. Any such failure, termination or constraint could adversely affect the Macquarie Group's ability to effect or settle transactions, service its clients, manage its exposure to risk, meet its obligations to counterparties or expand its businesses or result in financial loss or liability to its clients and counterparties, impairment of liquidity, disruption of the Macquarie Group's businesses, regulatory intervention or reputational damage.

While the Macquarie Group employs a broad and diversified set of risk monitoring and risk mitigation techniques, those techniques and the judgments that accompany their application cannot anticipate every economic and financial outcome or the specifics and timing of such outcomes. There can be no assurance that the risk management processes and strategies that the Macquarie Group has developed will adequately anticipate or be effective in addressing market stress or unforeseen circumstances.

5.2.18. Information technology system risks, cyber attack and security risks

The Macquarie Group's businesses are highly dependent on the security and efficacy of its information technology systems, as well as those of third parties with whom it interacts or on whom it relies. The Macquarie Group's businesses rely on the secure processing, transmission, storage and retrieval of confidential, proprietary and other information in its computer and data management systems and networks, and in the computer and data management systems and networks of third parties. In addition, to access the Macquarie Group's network, products and services,

the Macquarie Group's customers and other third parties may use personal mobile devices or computing devices that are outside of the Macquarie Group's network environment and are subject to their own cybersecurity risks. The Macquarie Group implements measures designed to protect the security, confidentiality, integrity and availability of its computer systems, software and networks, including maintaining the confidentiality of information that may reside on those systems. However, there can be no assurances that such security measures will provide absolute security.

Information security risks for financial institutions have increased in recent years, in part because of the proliferation of new technologies, the use of internet and telecommunications technology and the increased sophistication and activities of attackers (including hackers, organised criminals, terrorist organisations, hostile foreign governments, disgruntled employees or vendors, activists and other external parties, including those involved in corporate espionage). Targeted social engineering attacks are becoming more sophisticated and are extremely difficult to prevent. The techniques used by bad actors change frequently, may not be recognised until launched and may not be recognised until well after a breach has occurred. Additionally, the existence of cyber attacks or security breaches at third parties with access to the Macquarie Group's data, such as vendors, may not be disclosed to the Macquarie Group in a timely manner. The Macquarie Group, its customers, regulators and other third parties have been subject to, and are likely to continue to be the target of, cyber attacks. The Macquarie Group's computer systems, software and networks may be vulnerable to unauthorised access, misuse, denial-of-service or information attacks, phishing attacks, computer viruses or other malicious code and other events that could result in the unauthorised release, gathering, monitoring, misuse, loss or destruction of confidential, proprietary and other information of the Macquarie Group, its employees, its customers or

5. Investment risks

of third parties, damages to systems, or otherwise material disruption to its or its customers' or other third parties' network access or business operations. As cyber threats continue to evolve, the Macquarie Group may be required to expend significant additional resources to continue to modify or enhance its protective measures or to investigate and remediate any information security vulnerabilities or incidents. Despite efforts to protect the integrity of the Macquarie Group's systems and implement controls, processes, policies and other protective measures, the Macquarie Group may not be able to anticipate all security breaches, nor may it be able to implement guaranteed preventive measures against such security breaches. Cyber threats are rapidly evolving and the Macquarie Group may not be able to anticipate or prevent all such attacks.

As a result of increasing consolidation, interdependence and complexity of financial entities and technology systems, a technology failure, cyber attack or other information or security breach that significantly degrades, deletes or compromises the systems or data of one or more financial entities could have a material impact on counterparties or other market participants, including the Macquarie Group. This consolidation, interconnectivity and complexity increases the risk of operational failure, on both individual and industry-wide bases, as disparate systems need to be integrated, often on an accelerated basis. Any third-party technology failure, cyber attack or other information or security breach, termination or constraint could, among other things, adversely affect the Macquarie Group's ability to effect transactions, service its clients, manage its exposure to risk or expand its businesses.

5.2.19. Insurance risk

The Macquarie Group maintains insurance that it considers to be prudent for the scope and scale of its activities. If the Macquarie Group's third party insurance carriers fail to perform their obligations and/or its third party insurance cover is insufficient for a particular matter

or group of related matters, the net loss to the Macquarie Group could adversely impact its results and operations.

5.2.20. Risk of unforeseen, hostile or potential catastrophic events and environmental and social risks

The Macquarie Group and its customers operate businesses and hold assets in a diverse range of geographic locations. The Macquarie Group's businesses are subject to the risk of unforeseen, hostile or catastrophic events, many of which are outside of its control, including natural disasters, extreme weather events (such as persistent winter storms or protracted droughts) leaks, spills, explosions, release of toxic substances, fires, accidents on land or at sea, terrorist attacks or other hostile or catastrophic events. Additionally, rising climate change concerns may lead to additional regulation that could increase the operating costs and/or reduce the profitability of the Macquarie Group's investments.

The occurrence of any such events may prevent the Macquarie Group from performing under its agreements with clients, may impair its operations or financial results, and may result in litigation, regulatory action, negative publicity or other reputational harm.

Any significant environmental change, future climate change related impacts, or external event (including fire, storm, flood, earthquake, pandemic, civil unrest or terrorism events) in any of these locations has the potential to disrupt business activities, impact the Macquarie Group's operations, damage property and otherwise affect the value of assets held in the affected locations and its ability to recover amounts owing to it. In addition, such an event or environmental change (as the case may be) could have an adverse impact on economic activity, consumer and investor confidence, or the levels of volatility in financial markets, all of which could adversely affect the Macquarie Group.

5.2.21. Conflicts of Interest

As the Macquarie Group expands its businesses and its client base, it increasingly has to address potential or perceived conflicts of interest, including situations where its services to a particular client conflict with, or are perceived to conflict with, its own proprietary investments or other interests or with the interests of another client, as well as situations where one or more of its businesses have access to material non-public information that may not be shared with other businesses within the Macquarie Group. While the Macquarie Group believes it has adequate procedures and controls in place to address conflicts of interest, including those designed to prevent the improper sharing of information among its businesses, appropriately dealing with conflicts of interest is complex and difficult, and the Macquarie Group's reputation could be damaged and the willingness of clients to enter into transactions may be adversely affected if the Macquarie Group fails, or appears to fail, to deal appropriately with conflicts of interest. In addition, potential or perceived conflicts could materially adversely affect the Macquarie Group's reputation or business, including give rise to claims by and liabilities to clients, litigation or enforcement actions or discourage clients or counterparties to do business with the Macquarie Group.

5.2.22. Litigation risk

The Macquarie Group may, from time to time, be subject to material litigation, regulatory actions and contingent liabilities, for example, as a result of inappropriate documentation of contractual relationships, class actions or regulatory violations which, if they crystallise, may adversely impact on the Macquarie Group's results of operation and financial condition in future periods or its reputation.

While provisions are made in the Macquarie Group's accounts as deemed necessary, there is a risk that any losses may be larger than anticipated or provided for or that additional litigation, regulatory actions or other contingent liabilities may arise. Furthermore, even where monetary damages may be relatively small, an adverse finding in a regulatory or litigation matter could harm the Macquarie Group's reputation or brand, thereby adversely affecting its businesses.

5.2.23. Risks relating to funds management

The Macquarie Group's financial condition and results of operation are directly and indirectly affected by the results of the funds and the assets it manages, particularly Macquarie-managed funds. The Macquarie Group's revenue from assets under management is derived principally from three sources: (i) management fees, based on the size of its funds; (ii) incentive income, based on the performance of its funds; and (iii) investment income based on its investments in the funds, which is referred to as "*principal investments*". If the value of the funds the Macquarie Group manages declines, its assets under management would also decline, which would result in a decrease in the management fees from its funds. In the event that any of the Macquarie Group's funds perform poorly due to market conditions or underperformance, the revenue and results of operations may decline. In addition, investors may withdraw their investments in the Macquarie Group's funds or may decline to invest in future funds it establishes. Long-term underperformance can have negative implications for incentive income. If the return of a fund is negative in any period (quarterly, semi-annually or annually, depending on the fund), then the amount of the performance deficit must be carried forward until eliminated.

5.2.24. Custodian risk

Certain funds that the Macquarie Group manages depend on the services of custodians to carry out certain securities transactions. In the event of the insolvency of a custodian, the funds might not be able to recover equivalent assets in full (including any cash held on its behalf) as they will rank among the custodian's unsecured creditors in relation to assets which the custodian borrows, lends or otherwise uses.

5.2.25. Other risks

The Macquarie Group's profitability is also subject to a number of other risks including political, economic, market, reputational, legal, operational, regulatory and other risks.

In conducting its businesses and maintaining and supporting its global operations, the Macquarie Group is subject to risks of possible nationalisation and/or confiscation of assets, expropriation, price controls, capital controls, redenomination risk, exchange controls, protectionist trade policies, economic sanctions and other restrictive governmental actions, unfavourable political and diplomatic developments and changes in legislation. These risks are particularly elevated in emerging markets. The Macquarie Group could also be affected by the occurrence of diseases. A number of jurisdictions in which the Macquarie Group does business have been negatively impacted by slow growth rates or recessionary conditions, market volatility and/or political unrest. The political and economic environment in Europe has improved but remains challenging and the current degree of political and economic uncertainty could increase. In the United Kingdom, the ongoing negotiation of the terms of the exit of the United Kingdom from the European Union continues to inject uncertainty.

Potential risks of default on sovereign debt in some jurisdictions could expose the Macquarie Group to substantial losses. Risks in one nation can limit the Macquarie Group's opportunities for portfolio growth and negatively affect its operations in other nations. Market and economic disruptions of all types may affect consumer confidence levels and spending, corporate investment and job creation, bankruptcy rates, levels of incurrence and default on consumer and corporate debt, economic growth rates and asset values, among other factors. Any such unfavourable conditions or developments could have an adverse impact on the Macquarie Group's business.

Geopolitical instability, such as threats of, potential for, or actual conflict, occurring around the world, may also adversely affect global financial markets, general economic and business conditions and the Macquarie Group's ability to continue operating or trading in a country, which in turn may adversely affect the Macquarie Group.

The Macquarie Group is also subject to the risk that its agreements do not reflect the commercial intent of the parties, especially for complex transactions including those which involve derivatives.

Taxation summary

6.1. Summary of Australian tax consequences for MCN3 Holders

The following is a summary of the Australian tax consequences for certain Australian resident MCN3 Holders who subscribe for MCN3 under the Offer.

This summary is not intended to be exhaustive and you should seek advice from your own financial or tax adviser or other professional adviser before deciding to invest in MCN3. In particular, this summary does not consider the consequences for MCN3 Holders who:

- are not Australian residents for tax purposes;
- are Australian residents but acquire and/or hold the MCN3 through a permanent establishment outside Australia;
- acquire MCN3 otherwise than under the Offer;
- hold MCN3 in their business of share trading or dealing in securities, or who otherwise hold their MCN3 on revenue account or as trading stock; or
- are subject to the “taxation of financial arrangements” provisions in Division 230 of the Tax Act in relation to their holding of MCN3.

This summary is not intended to be, nor should it be constituted as being, investment, legal or tax advice to any particular MCN3 Holder.

This summary is based on Australian tax laws and regulations, interpretations of such laws and regulations, and administrative practices as at the date of this Prospectus.

6.1.1. Class ruling sought on MCN3

MGL has applied to the ATO for a Class Ruling to confirm certain Australian tax consequences for Australian resident MCN3 Holders. The ATO will only issue a Class Ruling after the issue of MCN3. When issued, copies of the Class Ruling will be available from www.macquarie.com and on the ATO website.

6.1.2. Distributions on MCN3

MCN3 should constitute non-share equity interest and Distributions under the MCN3 Terms should constitute non-share dividends that are frankable.

MCN3 Holders should include such Distributions in their assessable income. Generally, provided that a MCN3 Holder is a “qualified person” (see below) and the ATO does not make a determination under certain anti-avoidance rules (see below), a MCN3 Holder should include any franking credits in their assessable income and be entitled to a tax offset equal to the franking credits received.

An MCN3 Holder that is an individual or complying superannuation fund may be able to receive a tax refund from the ATO in a particular year if the franking credits attached to the dividend exceed the tax payable on the MCN3 Holder’s total taxable income (although see the comments below in relation to the Labor party’s announcement that, if elected as the Federal Government, it would change this position from 1 July 2019).

An MCN3 Holder that is a company should be entitled to a franking credit and a tax offset in respect of any franking credits attached to a Distribution.

However, the company will not be entitled to a tax refund of the excess franking credits. Rather, the surplus franking credits may be converted to a tax loss which can be carried forward to future years (subject to the corporate MCN3 Holder satisfying certain loss carry forward rules).

MCN3 Holders who are residents of Australia for tax purposes who are neither individuals nor trustees of complying superannuation funds nor companies should consider how they should be treated in relation to the taxation of the Distributions. Such MCN3 Holders include exempt bodies and the trustees of trusts other than complying superannuation funds.

On 13 March 2018, Labor announced that, if it is elected as the Federal Government, it will introduce provisions to prevent individuals and superannuation

funds being entitled to receive a refund of any franking credits that they receive that exceed the tax payable by them on the dividends. Such a change, if introduced, would apply to individuals and superannuation funds that hold MCN3. The press release stated that any such change would apply from 1 July 2019. MCN3 Holders should monitor these potential changes (together with any other changes) on an ongoing basis.

Holding period rule

Under the “holding period rule”, MCN3 Holders are required to hold their MCN3 “at risk” for a continuous period of at least 90 days (excluding the days of acquisition and disposal) during the period beginning on the day after the MCN3 is acquired and ending on the 90th day after the day that the MCN3 becomes ex-distribution (commonly referred to as the “primary qualification period”).

If a MCN3 Holder is obliged to make a “related payment” which has the effect of passing on the benefit of the Distribution to other entities, the MCN3 Holder will also be required to hold their MCN3 “at risk” for at least 90 days before and after MCN3 become ex-distribution.

To be held “at risk”, a MCN3 Holder must effectively retain 30% or more of the risks and benefits associated with holding MCN3. This may be affected by any risk management strategies undertaken by a MCN3 Holder in relation to their MCN3 (for example, by the use of limited recourse loans, options or other derivatives).

A MCN3 Holder that holds their MCN3 at risk for at least the primary qualification period and does not make a related payment or undertake any risk management strategies should satisfy the “holding period rule” in relation to the franking credits included in the Distribution.

The “holding period rule” does not apply to MCN3 Holders that are individuals if the total amount of the tax offsets in respect of franked distributions to which the MCN3 Holder is entitled to, in a particular income year, is \$5,000 or less,

6. Taxation summary

provided they are not under an obligation to make a “related payment” as described above. In this instance, the MCN3 Holder should be entitled to the benefit of franking credits whether or not their MCN3 are held at risk for the requisite period of time.

Anti-avoidance rules

There are anti-avoidance rules that may apply in certain circumstances to deny the benefit of franking credits to MCN3 Holders. One of these rules is in section 177EA of the Tax Act which is intended to apply to prevent schemes that are entered into for the purpose of obtaining a franking benefit and this purpose is more than an incidental purpose of entering into the scheme. Under this rule, the ATO may make a determination based on a number of objective factors as to whether a scheme has such a purpose.

The application of this rule was reviewed by the Australian High Court in *Mills v Commissioner of Taxation [2012] HCA 51 (the Mills case)* where it was concluded that the instruments issued in that case, that were classified as Tier 1 capital, were not subject to section 177EA.

Having regard to the objective factors which the ATO may consider under section 177EA and in light of the High Court’s decision in the Mills case, MGL does not expect section 177EA to apply to Distributions on MCN3.

MGL also does not expect any other anti-avoidance provisions to apply to Distributions on MCN3, subject to the particular circumstances of a MCN3 Holder.

6.1.3. CGT cost base and acquisition date for MCN3

The cost base (or reduced cost base) of each MCN3 acquired by a MCN3 Holder should include \$100 (being the Issue Price of each MCN3) and any non-deductible incidental costs (e.g. broker fees, adviser fees) associated with the acquisition and disposal of MCN3. This will be relevant in determining the capital gain or capital loss resulting on a disposal of MCN3 (discussed further below).

Each MCN3 will be taken to have been acquired by a MCN3 Holder on the Issue Date.

6.1.4. Exchange of MCN3 into Ordinary Shares

Specific capital gains tax provisions under the Tax Act should apply to disregard any gain or loss that may arise on Exchange of MCN3 into Ordinary Shares such that the gain or loss is effectively deferred.

As a consequence, the MCN3 Holder’s cost base in the Ordinary Shares acquired on Exchange should be equal to their cost base in MCN3. The Ordinary Shares are taken to be acquired at the date of the relevant exchange event for capital gains tax purposes (including for the purposes of determining the 12 month ownership period for the “CGT Discount Concession” discussed below).

6.1.5. Sale on ASX, Redemption or Resale

Any gain or loss on the sale of the MCN3 (including on ASX, through Redemption, or Resale) by a MCN3 Holder should be included in the calculation of the MCN3 Holder’s taxable income.

In respect of a Redemption, the Redemption proceeds should not be treated as a dividend to the extent to which (as is expected to be the case) they are debited against MGL’s non-share capital account.

The Class Ruling application has requested that the ATO confirm that the MCN3 should not constitute “traditional securities” and MGL expects that the Class Ruling will conclude that MCN3 are not “traditional securities”. On this basis, any gains or losses made by MCN3 Holders on the sale of the MCN3 should be taxed under the CGT rules.

CGT Discount Concession

Where a MCN3 Holder realises a capital gain on disposal of MCN3, certain MCN3 Holders who have held their MCN3 for at least 12 months prior to disposal should be eligible for the 50% CGT discount (for individuals and trusts) or 33 $\frac{1}{3}$ % CGT discount (for complying superannuation funds) on any capital gain made on disposal.

Where a capital loss is realised on the sale of MCN3, the capital loss is generally only deductible against capital gains, but can be carried forward for use in a later year.

6.1.6. Ordinary Shares following Exchange

The dividends received on Ordinary Shares should give rise to similar tax consequences outlined in Section 6.1.2 in relation to Distributions on MCN3.

Any gain or loss realised on the sale of Ordinary Shares should be taxable under the CGT rules. As outlined above, the Ordinary Shares acquired on Exchange will be taken to have been acquired on the date of Exchange. This means that the Ordinary Shares would need to be held for at least 12 months after the date of Exchange in order for eligible MCN3 Holders (individuals, trusts and complying superannuation funds) to qualify for the CGT discount concession on the disposal of Ordinary Shares.

6.1.7. Write-Off of MCN3

If Exchange has not occurred, for any reason, within 5 Business Days of a Non-Viability Event, a MCN3 Holder’s rights under the MCN3 will be Written-Off and they will terminate for no consideration.

A CGT event will happen for MCN3 Holders if and when MCN3 are Written-Off. As no consideration will be received by MCN3 Holders for their Written-Off MCN3 and, where the MCN3 have no market value for tax purposes, MCN3 Holders should make a capital loss equal to the reduced cost base of their Written-Off MCN3.

6.1.8. Provision of TFN and/or ABN

MCN3 Holders may choose to provide their tax file number, Australian Business Number or a relevant exemption to MGL.

In the event that MGL is not notified, the Taxation Administration Act 1953 (Cth) imposes withholding tax on the payment of distributions on certain types of investments such as the unfranked part (if any) of Distributions. The rate of withholding is currently 47%.

6.1.9. GST

GST should not be payable on the issue, receipt, disposal, Exchange, Redemption or Resale of MCN3.

6.1.10. Stamp duty

Under current law, no stamp duty should be payable by an MCN3 Holder on the issue, transfer, Redemption, Exchange or Resale of MCN3 as long as MGL is listed, its shares are quoted on ASX and no MCN3 Holder (alone or with associates) will acquire or hold a 90% or more interest in MGL. The stamp duty legislation generally requires the interests of associates to be added in working out whether the threshold is reached. In some circumstances, the interests of unrelated entities can also be aggregated together in working out whether the threshold is reached.

6.2. Summary of tax consequences under the Reinvestment Offer

Under the Reinvestment Offer, Eligible MCN Holders may apply to reinvest the redemption proceeds of all or some of their MCN in a corresponding number of MCN3. This will be effected via a payment direction to MGL to apply the MCN redemption proceeds as payment for MCN3.

To the extent that the MCN holders do not participate in the Reinvestment Offer (or only participate in respect of some of their MCN), they will receive the face value of each MCN that they hold that does not participate in the Reinvestment Offer together with any distribution that MGL determines to pay (subject to the MCN Terms).

We have set out below some high-level comments in relation to the Reinvestment Offer in relation to Australian resident MCN holders (not acting through a permanent establishment outside Australia) that hold their MCN on capital account for tax purposes (and are not subject to the taxation of financial arrangement provisions in Division 230 of the Tax Act).

6.2.1. MCN distributions

All MCN holders, including an MCN holder who elects to participate in the Reinvestment Offer, will be paid a distribution on 7 June 2018, subject to the satisfaction of the distribution payment conditions in the MCN Terms.

These distributions will be subject to the same taxation treatment as other distributions paid on the MCN. In this regard the consequences outlined in section 6.1.2 in relation to Distributions on MCN3 should be equally applicable to the distributions paid on the MCN.

6.2.2. CGT consequences for Australian residents

A CGT event will occur for MCN holders upon redemption of the MCN. This will apply to all MCN holders (i.e. both MCN holders who participate in the Reinvestment Offer and MCN holders that do not participate in the Reinvestment Offer).

MCN holders may make a capital gain if their capital proceeds from the redemption are more than their "cost base" for their MCN, or may make a capital loss if their capital proceeds are less than their "reduced cost base" for their MCN:

- **Cost base or reduced cost base:** the first element of a MCN holder's cost base, or reduced cost base, for their MCN should be the amount paid by the MCN holder for their MCN. Certain other non-deductible costs associated with the acquisition or disposal of the MCN, such as broker fees, may be included in the cost base or reduced cost base.
- **Capital proceeds:** the capital proceeds that will be received by a MCN holder from the redemption should be \$100 per MCN (or, if different, the market value of the MCN immediately prior to the redemption determined on the basis that a redemption did not occur).

If a MCN holder is an individual, complying superannuation entity or a trust, and held their MCN for 12 months or more before the disposal, the MCN holder may be entitled to a "CGT Discount" (50% for individuals and trusts and 33½% for complying superannuation funds) for any capital gain made on the disposal of their MCN.

Additional information

This section provides information about a number of other matters not covered elsewhere in this Prospectus.

7.1. Trust Deed

MGL has entered into the Trust Deed with the Trustee. The MCN3 Terms are set out as a schedule to the Trust Deed. A copy of the Trust Deed can be obtained from www.MCN3Offer.com.au.

In accordance with the requirements in Chapter 2L of the Corporations Act, the Trustee will act as note trustee for the MCN3 Holders under the Trust Deed. All MCN3 Holders are bound by the terms of the Trust Deed.

All payment, Exchange and other obligations under the MCN3 are the direct obligations of MGL. Neither the Trustee nor any of its directors, employees, officers, affiliates, agents, advisers, intermediaries, or Related Bodies Corporate guarantee, or are otherwise responsible for, the payment, Exchange or any other obligation of MGL under the MCN3.

The Trustee is not responsible for monitoring any breach of the Trust Deed, the MCN3 Terms, the occurrence of any event which may trigger an Exchange or the activities, financial position, business or status of MGL except as required by law. In this regard, the Trustee is subject to certain statutory duties imposed on it under Chapter 2L of the Corporations Act including to:

- exercise reasonable diligence to ascertain whether:
 - the property of MGL that is or should be available will be sufficient to repay the amounts lent by MCN3 Holders in respect of MCN3 when such amounts become due; and
 - MGL has breached the MCN3 Terms, the Trust Deed or the provisions of Chapter 2L of the Corporations Act; and
 - unless the Trustee is satisfied a breach of the MCN3 Terms, the Trust Deed or the provisions of Chapter 2L of the Corporations Act is not materially prejudicial to the MCN3 Holders' interests, do everything in its power to ensure MGL remedies any breach which is known to the Trustee.
- Investors should be aware that the Trustee's role (as noted above) is broadly limited to monitoring MGL's compliance with the MCN3 Terms, the Trust Deed and Chapter 2L of the Corporations Act and, to the extent permitted by the MCN3 Terms, the Trust Deed and the law, doing everything within its power to ensure that MGL remedies any breach which is known to the Trustee (unless the Trustee is satisfied that the breach is not materially prejudicial to the MCN3 Holders' interests).
- The following is a summary only of the principal provisions of the Trust Deed.
- #### **7.1.1. Appointment of Trustee and declaration**
- The Trustee has been appointed under the Trust Deed and holds on trust for itself and the MCN3 Holders:
- a trust settlement sum of \$10;
 - the right to enforce, on behalf of MCN3 Holders, MGL's obligations to pay amounts payable under the MCN3 Terms and under the Trust Deed;
 - the right to enforce, on behalf of MCN3 Holders, all other duties and obligations of MGL under the MCN3 Terms, the provisions of the Trust Deed and Chapter 2L of the Corporations Act; and
 - any other property and benefits which the Trustee from time to time receives or holds on such trust (including, without limitation, the benefit of any covenants, undertakings, representations, warranties, rights, powers, benefits or remedies in favour of the Trustee under the Transaction Documents).
- #### **7.1.2. MGL undertakings**
- MGL has undertaken to the Trustee (on behalf of each MCN3 Holder) that it will, amongst other things:
- pay any amounts due and payable in respect of MCN3 (subject to any obligation of MGL to Exchange or Write-Off any MCN3);
 - comply with its obligations under the MCN3 Terms, and comply with all laws applicable to it (including Chapter 2L of the Corporations Act) where failure to do so would have or be likely to have a material adverse effect in relation to the MCN3; and
 - comply with any conditions imposed by ASX in connection with the MCN3 except to the extent those conditions may cause the MCN3 to cease to be Relevant Securities forming part of Eligible Capital.

7.1.3. Trustee limitation of liability

The Trustee is not liable to MGL, MCN3 Holders or any other person in any capacity other than as Trustee of the Trust. A liability of the Trustee is limited to and can be enforced against the Trustee only to the extent to which the Trustee is actually indemnified out of the assets of the Trust in respect of that liability.

However, this limitation only applies to a liability of the Trustee to the maximum extent permitted by section 283DB of the Corporations Act and does not apply to a liability of the Trustee:

- to the extent that there is a reduction in the extent of the Trustee's indemnification from the assets of the Trust in respect of the liability as a result of the Trustee's fraud, negligence, wilful default or breach of section 283DA(a), (b) or (c) of the Corporations Act ("Trustee Default"); or
- in respect of which the Trustee is not entitled to be indemnified, out of the assets of the Trust, as a result of a Trustee Default.

The Trustee is not obliged to do or refrain from doing anything under the Trust Deed or MCN3 Terms unless the Trustee's liability is limited in the same manner as set out in the Trust Deed (which is summarised in this Section 7.1.3).

7. Additional information

7.1.4. Action by Trustee

The Trustee is required, at all times, to act in accordance with its obligations under the MCN3 Terms, the Trust Deed, the Corporations Act and applicable law. Subject to the MCN3 Terms and to section 283DA(h) of the Corporations Act, the Trustee must take action to enforce its rights and the rights of MCN3 Holders under the Trust Deed and the MCN3 Terms in accordance with their terms where all the following conditions are met and is not required to act in accordance with any direction from the MCN3 Holders or any of them unless:

- the Trustee is requested in writing to take action by MCN3 Holders who hold between them at least 25% of the outstanding principal amount of MCN3 then outstanding or it has been so directed by a Special Resolution of the MCN3 Holders;
- the Trustee is indemnified to its reasonable satisfaction against all actions to which it may render itself liable by taking such action and costs which it may incur and all management time spent by employees or officers of the Trustee in relation to such action; and
- the action is permitted under the Transaction Documents.

The Trustee may not take any enforcement action which is contrary to the Transaction Documents.

7.1.5. Direct action by MCN3 Holder

No MCN3 Holder is entitled to proceed directly against MGL to enforce the performance of any of the provisions of the Trust Deed or the MCN3 Terms (including any rights, powers or remedies in connection with the MCN3, whether arising under the Trust Deed or any other Transaction Document), unless the Trustee, having become bound to proceed, fails to do so within 14 days and such failure is continuing, in which case any MCN3 Holder may itself institute proceedings against MGL for the relevant remedy to the same extent (but not further or otherwise) that the Trustee would have been entitled to do so.

Any such proceeding must be brought in the name of the MCN3 Holder and not the Trustee.

MCN3 Holders should be aware that, even if action is taken by the Trustee in accordance with the MCN3 Terms, the Trust Deed, the Corporations Act or applicable law, there can be no guarantee that such action will ensure the performance of all (or any) of MGL's obligations under the MCN3 Terms. Further, MCN3 Holders should be aware that the Trustee may not take any action to enforce any obligation of MGL in connection with the MCN3 unless the enforcement of that obligation is in accordance with the MCN3 Terms, the Trust Deed and applicable law. Neither the Trustee nor any MCN3 Holder may exercise any powers in a manner inconsistent with the Trust Deed and the MCN3 Terms.

7.1.6. Fees and expenses

Under the Trust Deed, MGL will pay the Trustee by way of a fee for its services such amounts as may be agreed between MGL and the Trustee from time to time. The Trustee may also be entitled to additional remuneration from MGL where it is required to undertake duties of an exceptional nature that are outside its normal duties. MGL will also pay to the Trustee:

- its reasonable costs, charges and expenses incurred in connection with the negotiation, preparation and execution of the Trust Deed, this Prospectus and the MCN3 Terms and any subsequent consent, agreement, approval, waiver or amendment relating to the Transaction Documents;
- all costs, charges, expenses, losses and other liabilities it incurs in connection with exercising, enforcing or preserving, or attempting to exercise, enforce or preserve, rights under the Trust Deed and the MCN3 Terms; and
- all losses, costs, charges and expenses and other liabilities it suffers or properly incurs which arise out of, or in the course of, acting as the trustee of the Trust, except where such expenses are incurred by the Trustee as a direct result of a Trustee Default.

7.1.7. Retirement and removal

The Trustee may retire by giving written notice to MGL, which will not be effective until at least 60 days after the date of the notice has passed (or such other period as the Trustee and MGL may agree) and provided that the appointment of a new trustee is effective and in compliance with all applicable statutory requirements. The Trustee may be removed by MGL by MGL giving not less than 60 days' notice to the Trustee if, amongst other things:

- the Trustee is in material breach of its obligations under the Trust Deed or the MCN3 Terms and has not rectified the breach within 7 Business Days of receiving a notice from MGL specifying the breach and requesting that it be remedied;
- a Trustee Default has occurred and is continuing;
- the Trustee ceases to carry on business or becomes subject to an insolvency event (such as being placed in liquidation, being wound-up or dissolved) or a receiver or similar official is appointed to it;
- the Trustee is no longer permitted to act as trustee under the Corporations Act;
- any licence, consent, authorisation or similar thing the Trustee is required to hold to carry out its obligations under the Trust Deed is revoked or not renewed;
- MGL is authorised or requested to do so by a Special Resolution of the MCN3 Holders; or
- MGL becomes aware that the Trustee has ceased to exist, has not been validly appointed, cannot be a trustee under section 283AC of the Corporations Act or has failed or refused to act as trustee.

When the Trustee retires or is removed, the Trustee is, to the extent permitted by law, discharged and released from its obligations, covenants and liabilities under the Trust Deed arising after the date it retires or is removed.

Notwithstanding the retirement or removal of the Trustee, the outgoing Trustee:

- is entitled to its remuneration up to the date of its retirement or removal;
- will continue to be entitled to the rights of reimbursement and indemnities contained in the Trust Deed in relation to all acts and omissions occurring up to the date of its retirement, removal or replacement;
- may retain copies of any documents and records required by it and which it reasonably considers to be relevant; and
- will be given reasonable access to any other documents and records by the incoming Trustee.

7.1.8. Meetings

A meeting of MCN3 Holders has the power to:

- by Ordinary Resolution, give directions to the Trustee as to, or authorise, ratify or confirm anything the Trustee has done or omitted to do in respect of, the performance or exercise of any of its duties, rights, powers and remedies under the Trust Deed or MCN3; and
- by Special Resolution:
 - approve the release of the Trustee from liability for anything done or omitted to be done by the Trustee or any other person before the release is given; and
 - approve alterations to the Trust Deed or amendments to the MCN3 Terms (subject to the other conditions described in Section 2.11.8 being complied with).

To the extent any matter arising from a meeting of MCN3 Holders may cause the MCN3 to cease to be Relevant Securities forming part of Eligible Capital, such matter requires the prior written approval of APRA.

Each MCN3 Holder is entitled to one vote on a show of hands. On a poll, each MCN3 Holder is entitled to one vote for each MCN3 with respect to which it is the registered holder.

To the extent permitted by law, the Trustee is not liable to an MCN3 Holder, MGL or any other person for acting on directions, authorisations, resolutions or confirmations given by the MCN3 Holders.

An MCN3 Holder has no entitlement to attend or vote at a general meeting of MGL or to receive a copy of the MGL annual report or other financial information sent to holders of Ordinary Shares.

7.2. Offer Management Deed (“OMD”)

MGL has entered into an OMD with the Joint Lead Managers. Macquarie Capital (Australia) Limited is sole Arranger and a Joint Lead Manager. Under the OMD, the Joint Lead Managers have agreed to conduct a Bookbuild for the purpose of establishing the Margin.

- MGL withdraws this Prospectus or indicates that it does not intend to proceed with the Offer.

In addition, a Joint Lead Manager may terminate the Offer after the happening of any one or more of the following events (among others) where in the reasonable opinion of the Joint Lead Manager this event has or is likely to have a materially adverse effect on the success or settlement of the Offer or could give rise to a material liability of the Joint Lead Manager under the Corporations Act or any other application law:

- an adverse change in the assets, liabilities, financial position or performance, profits, losses, or prospects of the Macquarie Group (in so far as the position of the entity in the Macquarie Group affects the overall position of MGL);
- a change in senior management as described in this Prospectus or the Board of Directors of MGL other than the appointment of an additional Director to the MGL Board, or a change in the constitution of MGL;
- a change in law is introduced or proposed to be introduced which does or is likely to prohibit or adversely regulate the Offer, capital issues, or stock markets or adversely affect the tax treatment of MCN3; or

7. Additional information

MGL indemnifies the Joint Lead Managers and their affiliates (including their related bodies corporate) and each of their officers, directors, employees, agents and advisers against all liabilities arising in connection with or as a result of their appointment, the Offer or this Prospectus except to the extent that those liabilities arise from the fraud,

recklessness, wilful misconduct or negligence of those parties, or their breach of the settlement support obligations under the OMD.

7.3. Summary of rights attaching to Ordinary Shares

Ordinary Shares will be issued to MCN3 Holders on certain events – see Section 2.3, 2.4, 2.7 and 2.8 for further details of Exchange and when it may occur.

The rights and liabilities attaching to Ordinary Shares are set out in the MGL Constitution and are also regulated by the Corporations Act, the ASX Listing Rules and the general law.

Neither the Trustee nor any of its Related Bodies Corporate makes any representations as to the truth or accuracy of the contents of this Prospectus. To the maximum extent permitted by law, the Trustee expressly disclaims all liability in respect of, makes no representation or any statement regarding, and takes no responsibility for, any part of this Prospectus, or any statements in, or omissions from this Prospectus, other than the references to its name. The Trustee has relied upon MGL for the accuracy of the contents of this Prospectus. Neither the Trustee nor any of its Related Bodies Corporate makes any representations as to the performance of the MCN3, the payment of interest or the redemption or exchange of the MCN3. Neither the Trustee nor any of its Related Bodies Corporate warrants the future performance of MGL or any return on any MCN3 or other investment made under this Prospectus. The MCN3 are not liabilities of the Trustee or any of its Related Bodies Corporate.

8.6.2. Restrictions on distribution

No action has been taken to register or qualify this Prospectus, MCN3 or the Offer or otherwise to permit a public offering of MCN3 in any jurisdiction outside of Australia.

The distribution of this Prospectus (including an electronic copy) outside Australia may be restricted by law. If you come into possession of this Prospectus outside Australia, then you should seek advice on, and observe any such restrictions. Any failure to comply with such restrictions may violate securities laws. This Prospectus does not constitute an offer or invitation in any jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or invitation.

This Prospectus (including an electronic copy) may not be distributed to or released, in whole or in part, in the US. This Prospectus does not constitute an offer to sell, or a solicitation of an offer to buy, securities in the US. Neither MCN3 nor the Ordinary Shares have been or will be registered under the US Securities Act and may not be offered or sold in the US except in transactions exempt from, or not subject to, the registration requirements under the US Securities Act and applicable US state securities laws. Each person submitting an Application Form will be deemed to have acknowledged that they are aware of the restrictions referred to in this Section 8.6.2 and to have represented and warranted that they are able to apply for and acquire MCN3 in compliance with those restrictions.

8.6.3. Application to ASX for quotation of MCN3

ASX has granted permission for MCN3 to be quoted on ASX.

8.6.4. CHESS and issuer sponsored holdings

MGL has applied for MCN3 to participate in CHESS. No certificates will be issued for MCN3. MGL expects that Holding Statements for issuer sponsored holders and confirmations for CHESS holders will be despatched to successful Applicants by **13 June 2018**.

8.6.5. Deferred settlement trading and selling MCN3 on market

It is expected that MCN3 will begin trading on ASX on a deferred settlement basis on 8 June 2018 under ASX Code MQGPC. Trading is expected to continue on that basis until 14 June 2018, when it is anticipated that trading of MCN3 will begin on a normal settlement basis. Deferred settlement will occur as a consequence of trading which takes place before Holding Statements are despatched to successful Applicants.

You are responsible for confirming your holding before trading in MCN3. If you are a successful Applicant and sell your MCN3 before receiving your Holding

Statement, you do so at your own risk.

You may call the MCN3 Offer Information Line on 1300 420 406 (within Australia) or on +61 1300 420 406 (International) (Monday to Friday 8.30am – 5.30pm, Sydney time) or your Syndicate Broker after the Issue Date to enquire about your allocation.

8.6.6. Provision of TFN and/or ABN

When your Holding Statement is mailed to you, you will also be mailed a form on which to provide your TFN and/or ABN should you wish to do so (see Section 6). The collection and quotation of TFNs and ABNs are authorised, and their use and disclosure is strictly regulated, by tax laws and the Privacy Act 1988 (Cth).

8.6.7. Provision of bank account details for payments

MGL will only pay Distributions to Australian investors directly into an Australian dollar account of an Australian financial institution nominated by you at any time before close of business on the record date in respect of that payment. MGL will not pay Distributions on the MCN3 to Australian investors by cheque. Investors who are not Australian residents will be able to receive Distributions via cheques.

When your Holding Statement is mailed to you, you will also be sent instructions on how to provide your account details. This nominated account will be used for the direct crediting of payments of Distributions, repayment of principal and payments of other amounts. You must complete and return this Account Nomination Form as soon as possible.

If you are an Australian resident and have not notified MGL of an appropriate account by the close of business on the record date in respect of that payment or the credit of any money to your account does not complete for any reason, then MGL will send a notice to the postal address or email address most recently notified by you advising of the uncompleted payment. In that case, the amount of the uncompleted payment will be held as a deposit in a non-interest

bearing account until the first to occur of the following:

- (i) You nominate a suitable Australian dollar account maintained in Australia with a financial institution to which the payment may be credited. Such payments will only be made periodically, likely monthly;
- (ii) MGL determines that it is permitted to refuse any claim in respect of the payment on account of the expiry of the time limit for claims specified in the MCN3 Terms; or
- iii. MGL is entitled or obliged to deal with the amount in accordance with the law relating to unclaimed moneys.

No interest is payable in respect of any delay in payment.

8.6.8. Discretion regarding the Offer

MGL reserves the right not to proceed with, and may withdraw, the Offer at any time before the issue of MCN3 to successful Applicants.

If the Offer, or any part of it, does not proceed, all relevant Application Payments will be refunded (without interest) as soon as practicable.

MGL and the Joint Lead Managers also reserve the right to close the Offer (or any part of it) early, extend the Offer (or any part of it), accept late Applications or bids either generally or in particular cases, reject any Application or bid, or allocate to any Applicant or bidder fewer MCN3 than applied or bid for. This is at MGL's discretion and MGL is under no obligation to exercise that discretion in any particular way.

Investors should also note that no cooling off rights (whether by law or otherwise) apply to an Application for MCN3. This means that, in most circumstances, Applicants may not withdraw their Applications once submitted.

1.2 Form

- (a) The MCN3 are fully paid, unsecured, subordinated notes of the Issuer which are mandatorily convertible into Ordinary Shares.
- (b) Subject, if required by these Terms, to the prior written consent of APRA, each MCN3 may be:

- (e) Except for a claim made on the Issuer in accordance with these Terms and the MCN3 Trust Deed, a Holder has no claim on any member of the Macquarie Group for payment of any amount or the performance of any obligation in respect of any MCN3 held by that Holder.

- (g) The MCN3 are constituted by the MCN3 Trust Deed of which these Terms form part.

1.3 Entries in the Register

The MCN3 are issued when they are entered in the Register.

1.4 CHESS

The MCN3 will be lodged into and dealt with in CHESS. While the MCN3 remain in CHESS:

- (a) the rights and obligations of a person holding the MCN3; and
- (b) all dealings (including transfers and payments) in relation to the MCN3 within CHESS,

will be subject to and governed by the ASX Settlement Operating Rules (but without affecting any provisions of these Terms which may cause the MCN3 to cease to be Relevant Securities forming part of Eligible Capital).

No certificates will be issued to Holders unless the Issuer determines that certificates should be available or are required by law.

1.5 Ranking

Subject to the MCN3 Trust Deed, and except to the extent mandatorily provided by law, each MCN3 ranks for payment, and ranks in a Winding Up of the Issuer:

- (a) senior to Ordinary Shares;
- (b) equally with all other MCN3 in all respects;
- (c) equally with all Equal Ranking Obligations; and
- (d) subordinate to all Senior Creditors in respect of distributions and payments in a Winding Up of the Issuer.

1.6 Independent obligations

Each entry in the Register constitutes a separate and individual acknowledgement to the relevant Holder of the Issuer's indebtedness to, and the obligations of the Issuer to, the relevant Holder under these Terms.

1.7 No other rights

Except as expressly provided in these Terms in respect of Exchange, MCN3 confer no rights on a Holder to:

- (a) subscribe for securities, or to participate in any bonus issues of securities, of the Issuer or any other member of the Macquarie Group; or
- (b) to otherwise participate in the profits or property of the Issuer or any other member of the Macquarie Group, except by receiving payments as set out in these Terms.

Nothing in these Terms limits the ability of any member of the Macquarie Group, in its absolute discretion from time to time, from issuing shares or other securities of any kind.

2 Distributions

2.1 Distributions

Subject to these Terms, each MCN3 entitles the Holder as at a Record Date to receive on each Distribution Payment Date a cash distribution for the Distribution Period ending on that Distribution Payment Date ("Distribution") calculated according to the following formula:

$$\text{Distribution Rate} \times \frac{\text{A\$100} \times N}{365}$$

where:

Distribution Payment Date means, in respect of an MCN3:

- (a) each 15 March, 15 June, 15 September and 15 December commencing on 17 September 2018 until (but not including) the date on which that MCN3 has been Redeemed or Exchanged in accordance with these Terms; and
- (b) the Redemption Date or, subject to clause 8.6(c), the Resale Date or an Exchange Date, except where the Exchange is on account of a Non-Viability Event;

Distribution Rate means:

(Reference Rate + Margin) × Franking Adjustment Factor

where:

(a) **Reference Rate** means, for a Distribution Period, the rate (expressed as a percentage per annum):

(i) designated "BBSW" in respect of prime bank eligible securities having a tenor closest to the Distribution Period which rate ASX (or its successor as administrator of that rate) publishes through information vendors at approximately 10:15am (or such other time at which such rate is accustomed to be so published) ("Publication Time") on the first day of that Distribution Period;

(ii) if such rate is not so published by 10:30am (or such other time that is 15 minutes after the then prevailing Publication Time) on that day, or if it does appear but the Issuer determines that there is an obvious error in that rate, "Reference Rate" means the rate determined by the Issuer having regard to comparable indices then available and provided that where an MCN3 is Resold on a day which is not a scheduled quarterly Distribution Payment Date, the Reference Rate for the Distribution Period commencing on the Resale Date is the Reference Rate for the Distribution Period preceding the Resale Date;

(b) **Franking Adjustment Factor** means:

$$\frac{(1 - T)}{1 - [T \times (1 - F)]}$$

where:

- (i) **F** means the Franking Rate; and
- (ii) **T** means the Tax Rate;

(c) **Margin** means the rate (expressed as a percentage per annum) determined under the Bookbuild; and

N means, for a Distribution Period, the number of days in that Distribution Period; and

Record Date means, for any payment of Distributions:

- (a) the date which is eight calendar days before the relevant Distribution Payment Date;
- (b) such other date as is determined by the Issuer, in its absolute discretion, and announced to the Holders on ASX and which is before the Record Date which would have been determined under paragraph (a) above; or
- (c) such other date as may be required by, or agreed by the Issuer with, ASX.

2.2 Business Days

If a Distribution Payment Date is a day which is not a Business Day, then the Distribution Payment Date becomes the next day which is a Business Day.

2.3 Distribution payment conditions

The payment of any Distribution will be made unless:

- (a) the Issuer, in its absolute discretion, determines that the Distribution is not payable to Holders;
- (b) payment of the Distribution would result in the Issuer breaching APRA's capital adequacy requirements applicable to it;
- (c) payment of the Distribution would result in the Issuer becoming, or being likely to become, insolvent for the purposes of the Corporations Act; or
- (d) APRA objects to the payment of the Distribution.

In determining not to pay a Distribution, the Issuer shall consider payment of Distributions as if it were payment of a dividend on a preference share which is an Equal Ranking Obligation.

2.4 Non-payment of Distributions

- (a) Distributions are non-cumulative. If all or any part of any Distribution is not paid because of clause 2.3, the Issuer has no liability to pay the unpaid amount of the Distribution and Holders have no claim or entitlement in respect of any person in respect of such non-payment and such non-payment does not constitute an event of default however described, determined or defined.
- (b) No interest accrues on any unpaid Distributions and the Holders have no claim or entitlement in respect of interest on any unpaid Distributions.
- (c) If all or any part of a Distribution will not be paid in whole or part because of clause 2.3, the Issuer must give notice to the Trustee, Registrar and ASX promptly after determining or becoming aware that payment will not be made.

2.5 Dividend Restriction

- (a) If, for any reason, an amount of any Distribution has not been paid in full on the relevant Distribution Payment Date, a Dividend Restriction shall apply from that date until the next Distribution Payment Date unless the Distribution is paid in full within 10 Business Days of the relevant Distribution Payment Date.

"**Dividend Restriction**" means that the Issuer must not, without prior approval of a Special Resolution of Holders:

- (i) determine, declare or pay any Ordinary Share Dividend; or
- (ii) undertake any Buy-Back or Capital Reduction.
- (b) The Dividend Restriction does not apply:
- (i) in connection with any employment contract, employee equity plan, other benefit plan or other similar arrangement with or for the benefit of any one

MCN3 Terms

- or more employees, officers, directors or consultants of a member of the Macquarie Group;
- (ii) in connection with the Issuer or a member of the Macquarie Group purchasing Ordinary Shares:
- (A) in connection with transactions for the account of customers of a member of the Macquarie Group; or
 - (B) with the prior written approval of APRA, in connection with the distribution or trading of any securities of the Issuer or any other shares in the capital of the Issuer in the ordinary course of business; or
- (iii) to the extent that at the time a Distribution has not been paid on the relevant Distribution Payment Date, the Issuer is legally obliged to pay on or after that date an Ordinary Share Dividend or is legally obliged to complete on or after that date a Buy-Back or Capital Reduction.

3 Scheduled Mandatory Exchange

3.1 Scheduled Mandatory Exchange

Subject to this clause 3 and clauses 4.8 and 16, the Issuer must Exchange all (but not some) of the MCN3 for Ordinary Shares in accordance with clause 9 on the Mandatory Exchange Date.

3.2 Mandatory Exchange Date

The “**Mandatory Exchange Date**” is the first to occur of the following dates:

- (a) 15 December 2027 (the “**Scheduled Mandatory Exchange Date**” (a “**Scheduled Mandatory Exchange**”); or
- (b) any Distribution Payment Date (within the meaning of paragraph (a) of the definition of that term) after the Scheduled Mandatory Exchange Date (a “**Deferred Mandatory Exchange Date**”),

(each a “**Relevant Mandatory Exchange Date**”) on which the Exchange Conditions relevant to those dates as described in clause 3.3 are satisfied, unless the MCN3 have been or will be Redeemed or Exchanged before that date.

3.3 Exchange Conditions

The Exchange Conditions in respect of a Relevant Mandatory Exchange Date are:

- (a) the Daily VWAP on the 25th Business Day immediately preceding (but not including) the Relevant Mandatory Exchange Date (or, if that day is not an ASX Trading Day, the last ASX Trading Day prior to that day) is greater than 56% of the Issue Date VWAP (“**First Exchange Condition**”);
- (b) the VWAP during the 20 ASX Trading Days immediately preceding (but not including) the Relevant Mandatory Exchange Date is such that the number of Ordinary Shares to be issued (calculated in accordance with clause 9.1 as if it were not limited by the Maximum Exchange Number applicable to the Relevant Mandatory Exchange Date) is less than or equal to the Maximum Exchange Number applicable to a Relevant Mandatory Exchange Date (“**Second Exchange Condition**”);
- (c) no Suspension Event applies in respect of the Relevant Mandatory Exchange Date (“**Third Exchange Condition**”); and
- (d) the Issuer is not Delisted as at the Relevant Mandatory Exchange Date (“**Fourth Exchange Condition**”), together, the “**Exchange Conditions**”.

3.4 Mandatory Exchange Notices

- (a) Between the 25th and 21st Business Day (inclusive) before a Relevant Mandatory Exchange Date, the Issuer will notify Holders as to whether or not the First Exchange Condition is satisfied in relation to that Relevant Mandatory Exchange Date and, if it is not, that Exchange will not occur.

- (b) If the First Exchange Condition is satisfied in relation to that Relevant Mandatory Exchange Date, and any of the other Exchange Conditions are not satisfied in relation to a Relevant Mandatory Exchange Date, the Exchange will not occur and the Issuer will notify Holders on or as soon as practicable after the Relevant Mandatory Exchange Date that Exchange did not occur.

Failure to give a notice when required by this clause 3.4 (including where in accordance with clause 13 such notice takes effect only after the last date for the giving of that notice) does not affect the obligations of the Issuer and the Holders to Exchange each MCN3 for Ordinary Shares when required in accordance with these Terms.

4 Non-Viability Event Exchange

4.1 Non-Viability Event

A “**Non-Viability Event**” will occur if APRA has notified the Issuer in writing that:

- (a) Relevant Securities must be subject to Loss Absorption because, without such Loss Absorption, APRA considers the Issuer would become non-viable; or
- (b) it has determined that without a public sector injection of capital, or equivalent support, the Issuer would become non-viable.

4.2 Exchange on account of a Non-Viability Event

Subject to this clause 4, if a Non-Viability Event occurs, the Issuer must immediately, in accordance with this clause 4 and clause 9, Exchange:

- (a) in the case of a Non-Viability Event described in clause 4.1(a), some or all MCN3 in the amount determined in accordance with clause 4.3; or
- (b) in the case of a Non-Viability Event described in clause 4.1(b), all MCN3.

4.3 Determination of number of MCN3 to be Exchanged

In determining the number of MCN3 which must be Exchanged in accordance with this clause 4 the following applies:

- (a) the aggregate face value of all Relevant Securities subject to Loss Absorption must equal the amount APRA has notified the Issuer (or if APRA has not notified the Issuer of that amount, the amount determined by the Issuer) to be necessary to satisfy APRA that the Issuer will not become non-viable;
- (b) Relevant Securities that are Equal Ranking Obligations must be subject to Loss Absorption before other Relevant Securities are subject to Loss Absorption (unless the terms of such other Relevant Securities otherwise provide); and
- (c) MCN3 and other Relevant Securities that are Equal Ranking Obligations must be subject to Loss Absorption on a proportionate basis (unless the terms of any such other security provide for that security to be subject to Loss Absorption other than on a proportionate basis with MCN3 and other such securities), or such other basis as the Issuer considers fair and reasonable (subject to such adjustment as the Issuer may determine to take into account the effect on marketable parcels and whole numbers of Ordinary Shares and any MCN3 or other Relevant Securities that are Equal Ranking Obligations),

provided always that nothing in the making of the determination or the adjustments is to delay or impede the immediate Exchange of the MCN3 on the Non-Viability Exchange Date.

4.4 Treatment of Holders

- (a) If, in accordance with clauses 4.2 and 4.3, only some MCN3 are to be Exchanged, the Issuer will endeavour to treat Holders on an approximately proportionate basis, but may discriminate to take account of the effect of marketable parcels

and other similar considerations and the need to effect the Exchange immediately.

- (b) In determining the identity of the Holder at the time that the Exchange is to take effect on the Non-Viability Exchange Date the Issuer may make any decision as may be necessary or desirable to ensure Exchange occurs in an orderly manner, including disregarding any transfers of MCN3 that have not been settled or registered at that time.

4.5 Exchange is automatic and irrevocable

If a Non-Viability Event has occurred and all or some of the MCN3 are required to be Exchanged in accordance with clause 4.2, then, subject to clause 4.6:

- (a) Exchange of the relevant MCN3 will be taken to have occurred in accordance with clause 9 immediately upon the date of occurrence of the Non-Viability Event;
- (b) none of the following shall prevent, impede or delay the Exchange of the MCN3 as required by clause 4.2:
 - (i) any failure to or delay in the conversion or write-off of other securities issued as Relevant Securities;
 - (ii) any failure to or delay in giving a Non-Viability Exchange Notice;
 - (iii) any failure or delay in quotation of the Ordinary Shares to be issued on or arising from the Exchange; or
 - (iv) any requirement to select or adjust the amount of the MCN3 to be Exchanged in accordance with clause 4.3; and
- (c) from the Non-Viability Exchange Date the Issuer shall, subject to clause 15.2(b), treat the Holder in respect of its MCN3 as the holder of the Exchange Number of Ordinary Shares and will take all such steps, including updating any register, required to record the Exchange.

4.6 Conditions to Exchange on account of a Non-Viability Event

An Exchange on account of a Non-Viability Event is not subject to the Exchange Conditions or any other condition except as provided in this clause 4 and clause 9.17.

4.7 Non-Viability Exchange Notices

As soon as practicable after the occurrence of a Non-Viability Event, the Issuer must give notice that the Exchange has occurred ("**Non-Viability Exchange Notice**") to the Holders, the Trustee, the Registrar and ASX.

A Non-Viability Exchange Notice must specify:

- (a) the details of the Non-Viability Event to which the Non-Viability Exchange Notice relates;
- (b) the date on which the Exchange occurred; and
- (c) the number of MCN3 Exchanged and the number of other Relevant Securities and other Relevant Securities that are Equal Ranking Obligations that are subject to Loss Absorption.

Failure to give a Non-Viability Exchange Notice when required by this clause 4.7 (including where in accordance with clause 13 such notice takes effect only after the Non-Viability Exchange Date) does not affect the obligations of the Issuer and the Holders to Exchange each MCN3 for Ordinary Shares when required in accordance with these Terms or affect or impede the Exchange in any way.

4.8 Priority of Exchange obligations

An Exchange on account of a Non-Viability Event takes place on the relevant date, and in the manner required by clause 9 notwithstanding anything in clauses 3, 5, 6, 7, 8 or 16 (and any Optional Exchange Notice, Acquisition Exchange Notice, Redemption Notice or Resale Notice in respect of the MCN3 given before the Non-Viability Exchange Date but in respect of which the Redemption or Resale has not completed will be taken to be revoked and of no force or effect).

MCN3 Terms

5 Optional Exchange

5.1 Optional Exchange

Subject to this clause 5 and to clause 16, by notice (an **"Optional Exchange Notice"**) to Holders the Issuer may, in its sole discretion, elect to:

- (a) Exchange all or some of the MCN3 on any Scheduled Optional Exchange Date; and
- (b) Exchange all or some of the MCN3 following the occurrence of a Tax Event or a Regulatory Event.

An Optional Exchange Notice is irrevocable and takes effect despite anything in clause 3, except as provided in clauses 4.8 and 16.

5.2 Scheduled Optional Exchange Dates

The Scheduled Optional Exchange Dates are the Distribution Payment Dates falling on or about:

- (a) 16 December 2024 (the **"First Scheduled Optional Exchange Date"**);
- (b) 16 June 2025 (the **"Second Scheduled Optional Exchange Date"**); and
- (a) 15 December 2025 (the **"Third Scheduled Optional Exchange Date"**),

(each a **"Scheduled Optional Exchange Date"**).

5.3 Contents of the Optional Exchange Notice

An Optional Exchange Notice must specify:

- (a) in the case of an Optional Exchange Notice given following the occurrence of a Tax Event or Regulatory Event, the details of the Tax Event or Regulatory Event to which the Optional Exchange Notice relates; and
- (b) the date on which the Exchange is to occur (an **"Optional Exchange Date"**), which:
 - (i) in the case of Exchange on a Scheduled Optional Exchange

Date, is the relevant Scheduled Optional Exchange Date falling no earlier than 25 Business Days after the date of the Optional Exchange Notice;

- (ii) in the case of a Tax Event or Regulatory Event, will be a day no earlier than 25 Business Days nor more than 60 Business Days after the date of the Optional Exchange Notice; or
- (iii) in any case, is such other date as APRA may require.

5.4 Optional Exchange Restriction

The Issuer may not elect to Exchange under this clause 5 if:

- (a) on the second Business Day before the date on which an Optional Exchange Notice is to be sent by the Issuer (or, if that Business Day is not an ASX Trading Day, the last ASX Trading Day prior to that day) (the **"Non-Exchange Test Date"**) the Daily VWAP on that date is less than or equal to 25% of the Issue Date VWAP (the **"First Optional Exchange Restriction"**); or
- (b) the Issuer is Delisted as at the Non-Exchange Test Date (the **"Second Optional Exchange Restriction"**) and together with the First Optional Exchange Restriction, the **"Optional Exchange Restrictions"**).

5.5 Conditions to Exchange occurring once elected by the Issuer

If the Issuer has given an Optional Exchange Notice but, if the Exchange Date were a Relevant Mandatory Exchange Date for the purposes of clause 3, any one or more of the Second Exchange Condition (tested on the basis of the Maximum Exchange Number applicable to an Optional Exchange Date), the Third Exchange Condition or the Fourth Exchange Condition would not be satisfied in respect of that date, then, notwithstanding any other provision of these Terms:

- (a) the Exchange Date will be deferred until the first Distribution Payment Date (within the meaning of

paragraph (a) of the definition of that term) on which:

- (i) the Daily VWAP on the 25th Business Day immediately preceding (but not including) that Distribution Payment Date (or, if that day is not an ASX Trading Day, the last ASX Trading Day prior to that day) is greater than 25% of the Issue Date VWAP; and
 - (ii) each of the Second Exchange Condition (tested on the basis of the Maximum Exchange Number applicable to an Optional Exchange Date), the Third Exchange Condition and the Fourth Exchange Condition would be satisfied if that Distribution Payment Date were a Relevant Mandatory Exchange Date for the purposes of clause 3,
- (the **"Deferred Exchange Date"**);
- (b) the Issuer must Exchange the MCN3 on the Deferred Exchange Date (unless the MCN3 are Exchanged or Redeemed earlier in accordance with these Terms); and
 - (c) until the Deferred Exchange Date, all rights attaching to the MCN3 will continue as if the Optional Exchange Notice had not been given.

The Issuer will notify Holders on or as soon as practicable after an Exchange Date in respect of which this clause 5.5 applies that Exchange did not occur on that Exchange Date (a **"Deferred Exchange Notice"**).

6 Acquisition Event Exchange

6.1 Exchange on account of an Acquisition Event

If an Acquisition Event occurs, subject to clause 4.8, the Issuer must Exchange all but not some of the MCN3 in accordance with this clause 6, unless the Directors determine that:

- (a) as at the Acquisition Exchange Date the Issuer will be, or will be likely to be, Delisted (except where,

despite the Issuer being Delisted, the Exchange would be in the best interests of Holders as a whole); or

- (b) the Exchange Number of Ordinary Shares to be issued in Exchange for an MCN3 (calculated in accordance with clause 9.1 as if it were not limited by the Maximum Exchange Number applicable to an Acquisition Exchange Date) would exceed the Maximum Exchange Number applicable to an Acquisition Exchange Date (except where, despite the Exchange Number being limited to the Maximum Exchange Number applicable to an Acquisition Exchange Date, the Directors determine that the Exchange would be in the best interests of Holders as a whole).

Exchange on account of an Acquisition Event is not subject to any Exchange Conditions or other conditions except as expressly provided in this clause 6.

6.2 Acquisition Exchange Notice

No later than 5.00pm (Sydney time) on the tenth Business Day after the occurrence of the Acquisition Event, the Issuer must give each Holder a notice (an “**Acquisition Exchange Notice**”) specifying:

- (a) details of the Acquisition Event to which the notice relates; and
(b) if an Exchange is to occur:
 (i) the date on which the Exchange is to occur (an “**Acquisition Exchange Date**”), which is to be:
 (A) no later than the second Business Day prior to the date reasonably determined by the Issuer to be the last date on which holders of Ordinary Shares can participate in the bid, scheme or arrangement concerned;
 (B) such other earlier date as the Issuer may reasonably determine having regard to the best interests of Holders as a whole and the timing

- of the Acquisition Event concerned (provided that the Acquisition Exchange Date must be at least 25 Business Days after the date of the Acquisition Exchange Notice); or
 (C) such other date as APRA may require; and
 (ii) whether any Distribution will be paid in respect of the MCN3 on the Acquisition Exchange Date; or
 (c) otherwise, the reason why an Exchange is not to occur.

7 Optional Redemption

7.1 Optional Redemption

Subject to clause 7.2, by notice (a “**Redemption Notice**”) to Holders, the Issuer may, in its sole discretion, but with APRA’s prior written approval of such Redemption, elect to:

- (a) Redeem all or some of the MCN3 on a Scheduled Optional Exchange Date; or
(b) Redeem all or some of the MCN3 following the occurrence of a Tax Event or a Regulatory Event.

A Redemption Notice, once given, is irrevocable and takes effect despite anything in clause 3, except as provided in clauses 4.8 and 16.

Holders should not expect that APRA’s approval will be given for any Redemption of the MCN3.

7.2 Redemption conditions

A Redemption in accordance with clause 7.1 must not occur unless either:

- (a) the MCN3 which are to be Redeemed are replaced, concurrently with the Redemption or beforehand, with securities forming part of Eligible Capital of the same or better quality from APRA’s perspective, and the replacement of those MCN3 is done under conditions which are sustainable for the income capacity of the Level 3 Group; or

- (b) APRA is satisfied that the capital position of the Level 3 Group is sufficient after the MCN3 are Redeemed.

7.3 Contents of the Redemption Notice

A Redemption Notice must specify:

- (a) in the case of Redemption following the occurrence of a Tax Event or Regulatory Event, the details of the relevant Tax Event or Regulatory Event;
- (b) the date on which the Redemption is to occur (the “**Redemption Date**”), which:
 (i) in the case of a Scheduled Optional Exchange Date, will be the next Scheduled Optional Exchange Date falling no earlier than 5 Business Days after the date of the Redemption Notice; and
 (ii) in the case of a Tax Event or Regulatory Event, will be a day no earlier than 5 Business Days nor more than 60 Business Days after the date of the Redemption Notice; and
(c) if less than all of the outstanding MCN3 are to be Redeemed, the proportion of each Holder’s holding which is to be Redeemed.

7.4 Redemption Price

On the Redemption Date:

- (a) each MCN3 being Redeemed will be Redeemed by payment of the Issue Price of that MCN3 (the “**Redemption Price**”) to the relevant Holder recorded on the Register at 10.00am on the Redemption Date (or such other time required by the ASX Listing Rules); and
(b) Distributions from (and including) the immediately preceding Distribution Payment Date and up to (but excluding) the Redemption Date will be paid in respect of the MCN3 being Redeemed on such date, to the extent the conditions of payment of Distributions under clause 2.3 are met.

MCN3 Terms

7.5 No right of Holders to require Redemption

No MCN3 can, or will, be Redeemed at the option of a Holder.

7.6 Effect of Redemption

Upon payment of the Redemption Price and any Distribution payable on the Redemption Date, all other rights conferred, or restrictions imposed, by each MCN3 being Redeemed on that date will no longer have effect and that MCN3 will be cancelled.

7.7 Partial Redemption or Resale

If some but not all of the outstanding MCN3 are Redeemed in accordance with this clause 7 or Resold in accordance with clause 8, the Issuer must select the MCN3 to be Redeemed or Resold:

- (a) in a manner that is, in the opinion of the Issuer, fair and reasonable; and
- (b) in compliance with any applicable law, directive or requirement of ASX.

8 Resale

8.1 Issuer may give Resale Notice

On any date on which it may issue a Redemption Notice, in lieu of such Redemption Notice, the Issuer may, in its sole discretion, but with APRA's prior written approval of such Resale, issue to each Holder a notice (a "Resale Notice") specifying that all or some of each Holder's holding of the MCN3 will be Resold.

A Resale Notice to a Holder must specify:

- (a) the date on which the Resale is to occur (the "Resale Date"), which:
 - (i) in the case of a Scheduled Optional Exchange Date, will be the next Scheduled Optional Exchange Date falling no earlier than 5 Business Days after the date of the Resale Notice; and
 - (ii) in the case of a Tax Event or Regulatory Event, will be a day no earlier than 5 Business Days nor more than 60 Business Days after the date of the Resale Notice;

- (b) the name of each Nominated Party to whom that Holder's offer under clause 8.3 is being made and, where there is more than one Nominated Party, the basis for determining the MCN3 to be purchased by each Nominated Party, and any special provisions to be applied if there is a Non-Completing Nominated Party; and
- (c) any conditions that will apply to the Resale,

and, subject to clauses 4.8, 8.2, 8.6 and 16, once given is irrevocable.

Holders should not expect that APRA's approval will be given for any Resale of the MCN3.

8.2 Appointment of Nominated Party

- (a) The Issuer may not appoint itself or a Related Entity of the Issuer as a Nominated Party.
- (b) The Issuer may appoint one or more Nominated Parties for the Resale on such terms as may be agreed between the Issuer and the Nominated Parties (and, to the extent any such conditions may cause the MCN3 to cease to be Eligible Capital, with the prior written approval of APRA) including:

- (i) as to the conditions of any Resale, the procedures for settlement of such Resale and the circumstances in which the Resale Notice may be amended, modified, added to or restated;
 - (ii) as to the substitution of another entity (not being the Issuer or a Related Entity of the Issuer) as Nominated Party if, for any reason, the Issuer is not satisfied that the Nominated Party will perform its obligations under clause 8; and
 - (iii) as to the terms on which any MCN3 acquired by a Nominated Party may be Exchanged or otherwise dealt with.
- (c) If the Issuer appoints more than one Nominated Party in respect of a

Resale, all or any of the MCN3 held by a Holder which are being Resold may be purchased for the Resale Price by any one or any combination of the Nominated Parties, as determined by the Issuer.

8.3 Irrevocable offer to sell

- (a) If the Issuer gives a Resale Notice in accordance with clause 8 each Holder on the Resale Date is taken to irrevocably offer to sell the MCN3 that are the subject of the Resale Notice to the Nominated Party or Nominated Parties on the Resale Date for a purchase price per MCN3 equal to the Issue Price of that MCN3 (the "Resale Price").
- (b) Subject to payment of the Resale Price on the Resale Date and any other conditions to the Resale specified in the Resale Notice, each MCN3 which is to be Resold will be transferred to the relevant Nominated Party or Nominated Parties free from any Encumbrance.
- (c) Clause 11 applies to the payment of the Resale Price as if references in clause 11 to the Issuer were references to the Nominated Party.

8.4 Effect of transfer

The transfer will convey to the relevant Nominated Party all rights to:

- (a) Distributions payable on the MCN3 in respect of any Distribution Payment Date arising after the Resale Date;
 - (b) be issued with Ordinary Shares on Exchange on or after the Resale Date; and
 - (c) any Redemption Price payable on or after the Resale Date,
- but excluding any Distribution payable on the MCN3 in respect of any Distribution Payment Date on or before the Resale Date, which, to the extent the conditions of payment of Distribution under clause 2.3 are met, shall be paid by the Issuer to the Holder of the MCN3 entitled to such amounts as otherwise provided in these Terms.

8.5 Terms after Resale

If any MCN3 are Resold in accordance with these Terms, subject to clause 8.2, these Terms will apply in all respects to the MCN3 held by the Nominated Party on and from the Resale Date.

8.6 Nominated Party not completing

If, for any reason, a Nominated Party does not pay the Resale Price in full on the relevant Resale Date (a “**Non-Completing Nominated Party**”):

- (a) unless the Resale Price is paid in full within two Business Days following the Resale Date, the Resale Notice will be void insofar as it relates to MCN3 referable to the Non-Completing Nominated Party and any obligations of the Holder and Non-Completing Nominated Party in respect of the Resale of the MCN3 that is the subject of the Resale Notice will terminate;
- (b) the Holder will continue to hold the MCN3 that are the subject of the Resale Notice which are referable to the Non-Completing Nominated Party; and
- (c) the Issuer has no liability for the Non-Completing Nominated Party not paying the Resale Price and the Resale Date will not be a Distribution Payment Date unless:
 - (i) such date would otherwise have been a Distribution Payment Date; or
 - (ii) a Distribution is paid on that date to Holders whose MCN3 have been transferred to a Nominated Party on or within two Business Days following that date.

8.7 No right of Holders to require Resale

No MCN3 can, or will, be Resold at the option of a Holder.

9 Exchange Mechanics

9.1 Exchange

On an Exchange Date, subject to clauses 4.8, 9.14 and 9.17, the Issuer will allot and issue the Exchange Number of Ordinary Shares to the Holders (or as they may direct) for each MCN3 held by the Holder.

The “**Exchange Number**” will be calculated by the Issuer in accordance with the following formula:

$$\text{Exchange Number} = \frac{\text{Issue Price}}{0.99 \times \text{Exchange Date VWAP}}$$

subject to the Exchange Number being no greater than the Maximum Exchange Number, where:

- (a) **Exchange Date VWAP** (expressed in Australian Dollars) means the VWAP during the VWAP Period;
- (b) **VWAP** means, subject to any adjustment under clauses 9.3 or 9.4, for a period or relevant number of days, the average of the Daily VWAPs (such average being rounded to the nearest full cent) of Ordinary Shares sold on ASX during the relevant period or on the relevant days; and
- (c) **VWAP Period** means, for the purposes of calculating the Exchange Date VWAP and the Exchange Number:
 - (i) in the case of an Exchange on a Relevant Mandatory Exchange Date or an Optional Exchange Date, the 20 ASX Trading Days immediately preceding, but not including, that Exchange Date;
 - (ii) in the case of an Exchange on account of an Acquisition Event, the lesser of 20 ASX Trading Days and the number of ASX Trading Days that Ordinary Shares are entitled to trade on ASX after the occurrence of the Acquisition Event immediately preceding, but not including, the Acquisition Exchange Date; and

(iii) in the case of an Exchange on account of a Non-Viability Event, the 5 ASX Trading Days immediately preceding, but not including, the Non-Viability Exchange Date; and

- (d) the “**Maximum Exchange Number**” will be calculated by the Issuer on the Issue Date in accordance with the following formula for each MCN3 held by the Holder:

$$\text{Maximum Exchange Number} = \frac{\text{Issue Price}}{\text{Exchange Floor Price}}$$

where:

- (i) **Exchange Floor Price** means Issue Date VWAP x the Relevant Percentage;
- (ii) **Issue Date VWAP** is the VWAP during the 20 ASX Trading Days immediately preceding, but not including, the Issue Date (as such number may be adjusted under clauses 9.5, 9.6 or 9.7); and
- (iii) **Relevant Percentage** is:
 - (A) if the Exchange is occurring on a Relevant Mandatory Exchange Date, 50%; and
 - (B) if the Exchange is occurring on any other Exchange Date, 20%.

Each Holder's rights (including to payment of Distributions other than the Distribution, if any, payable on the Exchange Date) in relation to each MCN3 that is being Exchanged will be immediately and irrevocably terminated for an amount equal to the Issue Price of that MCN3 and the Issuer will apply that Issue Price by way of payment for the subscription for the Ordinary Shares to be allotted and issued under this clause 9.1. Each Holder is taken to have irrevocably directed that any amount payable under this clause 9.1 is to be applied as provided for in this clause 9.1 and no Holder has any right to payment in any other way.

If the total number of Ordinary Shares to be allotted to a Holder in respect

MCN3 Terms

of their aggregate holding of MCN3 upon Exchange includes a fraction of an Ordinary Share, that fraction of an Ordinary Share will be disregarded.

9.2 Holder information

Each Holder agrees to provide to the Issuer (and, where clause 9.14 applies, the Sale Agent) any information necessary or desirable to give effect to an Exchange.

9.3 Adjustments to VWAP

For the purposes of calculating VWAP in these Terms:

(a) where, on some or all of the ASX Trading Days in the relevant VWAP Period, Ordinary Shares have been quoted on ASX as cum dividend or cum any other distribution or entitlement and the MCN3 will be Exchanged for Ordinary Shares after the date those Ordinary Shares no longer carry that dividend or any other distribution or entitlement, then the VWAP on the ASX Trading Days on which those Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement shall be reduced by an amount ("Cum Value") equal to:

(i) in case of a dividend or other distribution, the amount of that dividend or other distribution including, if the dividend or other distribution is franked, the amount that would be included in the assessable income of a recipient of the dividend or other distribution who is both a resident of Australia and a natural person under the Tax Act and eligible to receive a franked distribution;

(ii) in the case of any other entitlement that is not a dividend or other distribution under clause 9.3(a)(i) and which is traded on ASX on any of those ASX Trading Days, the volume weighted average sale price of all such entitlements sold on ASX during the VWAP Period on the ASX Trading Days on which

those entitlements were traded; or

- (iii) in the case of any other entitlement which is not traded on ASX during the VWAP Period, the value of the entitlement as reasonably determined by the Directors; and
- (b) where, on some or all of the ASX Trading Days in the VWAP Period, Ordinary Shares have been quoted on ASX as ex dividend or ex any other distribution or entitlement, and the MCN3 will be Exchanged for Ordinary Shares which would be entitled to receive the relevant dividend or other distribution or entitlement, the VWAP on the ASX Trading Days on which those Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement shall be increased by the Cum Value.

9.4 Adjustments to VWAP for divisions and similar transactions

(a) Where during the relevant VWAP Period there is a change in the number of the Ordinary Shares on issue as a result of a Reclassification, in calculating the VWAP for that VWAP Period the Daily VWAP applicable on each day in the relevant VWAP Period which falls before the date on which trading in Ordinary Shares is conducted on a post Reclassification basis shall be adjusted by multiplying the VWAP by the following fraction:

$$\frac{A}{B}$$

where:

- (i) **A** means the aggregate number of Ordinary Shares immediately before the Reclassification; and
- (ii) **B** means the aggregate number of Ordinary Shares immediately after the Reclassification.
- (b) Any adjustment made by the Issuer in accordance with clause 9.3

and clause 9.4(a) will be effective and binding on Holders under these Terms and these Terms will be construed accordingly. Any such adjustment must be notified to all Holders as soon as reasonably practicable following its determination by the Issuer.

9.5 Adjustments to Issue Date VWAP

For the purposes of determining the Issue Date VWAP, adjustments to VWAP will be made in accordance with clauses 9.3 and 9.4(a) during the VWAP Period for the Issue Date VWAP. On and from the Issue Date, adjustments to the Issue Date VWAP:

- (a) may be made in accordance with clauses 9.6 and 9.7; and
- (b) if so made, will correspondingly cause an adjustment to the Maximum Exchange Number.

9.6 Adjustments to Issue Date VWAP for bonus issues

(a) Subject to clause 9.6(b) below, if the Issuer makes a pro rata bonus issue of Ordinary Shares to holders of Ordinary Shares generally, the Issue Date VWAP will be adjusted immediately in accordance with the following formula:

$$V = V_0 \times \frac{RD}{RD + RN}$$

where:

- (i) **V** means the Issue Date VWAP applying immediately after the application of this formula;
- (ii) **V₀** means the Issue Date VWAP applying immediately prior to the application of this formula;
- (iii) **RN** means the number of Ordinary Shares issued pursuant to the bonus issue; and
- (iv) **RD** means the number of Ordinary Shares on issue immediately prior to the allotment of new Ordinary Shares pursuant to the bonus issue.

- (b) Clause 9.6(a) does not apply to Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan.
- (c) For the purpose of clause 9.6(a), an issue will be regarded as a pro rata issue notwithstanding that the Issuer does not make offers to some or all holders of Ordinary Shares with registered addresses outside Australia, provided that in so doing the Issuer is not in contravention of the ASX Listing Rules.
- (d) No adjustments to the Issue Date VWAP will be made under this clause 9.6 for any offer of Ordinary Shares not covered by clause 9.6(a), including a rights issue or other essentially pro rata issue.
- (e) The fact that no adjustment is made for an issue of Ordinary Shares except as covered by clause 9.6(a) shall not in any way restrict the Issuer from issuing Ordinary Shares at any time on such terms as it sees fit nor be taken to constitute a modification or variation of rights or privileges of Holders or otherwise requiring any consent or concurrence.

9.7 Adjustment to Issue Date VWAP for divisions and similar transactions

- (a) If at any time after the Issue Date there is a change in the number of Ordinary Shares on issue as a result of a Reclassification, the Issuer shall adjust the Issue Date VWAP by multiplying the Issue Date VWAP applicable on the Business Day immediately before the date of any such Reclassification by the following fraction:

$$\frac{A}{B}$$

where:

- (i) **A** means the aggregate number of Ordinary Shares immediately before the Reclassification; and

- (ii) **B** means the aggregate number of Ordinary Shares immediately after the Reclassification.
- (b) Each Holder acknowledges that the Issuer may consolidate, divide or reclassify securities so that there is a lesser or greater number of Ordinary Shares at any time in its absolute discretion without any such action constituting a modification or variation of rights or privileges of Holders or otherwise requiring any consent or concurrence.

9.8 No adjustment to Issue Date VWAP in certain circumstances

Despite the provisions of clauses 9.6 and 9.7, no adjustment shall be made to the Issue Date VWAP where such cumulative adjustment (rounded if applicable) would be less than 1% of the Issue Date VWAP then in effect. Any adjustment not made in accordance with this clause 9.8 shall be carried forward and taken into account in determining whether any subsequent adjustment shall be made.

9.9 Announcement of adjustment to Issue Date VWAP

If the Issuer determines an adjustment to the Issue Date VWAP under clauses 9.6 and 9.7, such an adjustment will be:

- (a) determined as soon as reasonably practicable following the relevant event; and
- (b) notified to Holders (an "**Adjustment Notice**") within 10 Business Days of the Issuer determining the adjustment.

The adjustment set out in the Adjustment Notice will be final and binding on Holders and these Terms will be construed accordingly.

9.10 Listing of Ordinary Shares

The Issuer agrees to use all reasonable endeavours to list the Ordinary Shares issued or arising from an Exchange on ASX.

9.11 Status of Ordinary Shares

The Ordinary Shares issued or arising from an Exchange will rank equally with all other fully paid Ordinary Shares.

9.12 Effect of Exchange

When an Exchange of an MCN3 occurs all other rights conferred or restrictions imposed on that MCN3 under these Terms will no longer have effect (except for rights relating to a Distribution which is payable but has not been paid on or before the Exchange Date) and the MCN3 is cancelled.

9.13 Failure to Exchange

- (a) Subject to clauses 9.14(g) and 9.17, if, in respect of an Exchange of an MCN3, the Issuer fails to issue the Ordinary Shares in respect of an MCN3 to, or in accordance with the instructions of, the relevant Holder on the applicable Exchange Date or to the Sale Agent where clause 9.14 applies, that MCN3 remains on issue (and, without limitation, clause 2 applies) until:

- (i) the Ordinary Shares are issued to, or in accordance with the instructions of, that Holder or, where clause 9.14 applies, to the Sale Agent; or
- (ii) that MCN3 is Redeemed in accordance with these Terms,

and the remedies of the Trustee and a Holder in respect of that failure are limited to seeking an order for specific performance of the Issuer's obligations to issue Ordinary Shares.

- (b) This clause 9.13 does not affect the obligation of the Issuer to deliver the Ordinary Shares or of the Holder to transfer MCN3 when required in accordance with these Terms.

9.14 Holders whose Ordinary Shares are to be sold

Subject to clause 9.17, if any MCN3 of a Holder are required to be Exchanged and if:

- (a) the Holder has notified the Issuer that it does not wish to receive Ordinary Shares as a result of the Exchange (whether entirely or to the extent specified in the notice), which notice may be given at any time on or after the Issue Date and no less

MCN3 Terms

- than 15 Business Days prior to the Exchange Date;
- (b) the MCN3 are held by a Foreign Holder;
 - (c) for any reason (whether or not due to the fault of a Holder):
 - (i) the Issuer does not receive any information required by it in accordance with these Terms so as to impede the Issuer from issuing the Ordinary Shares to the Holder on the Exchange Date; or
 - (ii) a FATCA Withholding is required to be made in respect of any Ordinary Shares to be delivered as a result of that Exchange; or
 - (d) the Issuer is of the opinion that under an Applicable Shareholding Law the Holder is prohibited from acquiring some or all of the Exchange Number of Ordinary Shares on the Exchange Date, (to the extent it is so prohibited, an "**Ineligible Holder**"),

then the Issuer will use reasonable endeavours to appoint a "**Sale Agent**" (which is not the Issuer or any Related Body Corporate of the Issuer) on such terms as the Issuer considers reasonable, who will act in accordance with paragraph (f) where the Issuer, the Trustee and the Sale Agent can be satisfied that the obligation in paragraph (f) may be performed in respect of the relevant Holder and the relevant Ordinary Shares in accordance with all applicable laws and without the Issuer, the Trustee or the Sale Agent having to take steps which any of them regard as onerous.

On the Exchange Date:

- (e) where paragraph (a), (b) or (d) applies, the Issuer will issue the Exchange Number of Ordinary Shares to the Holder only to the extent (if at all) that:
 - (i) where paragraph (a) applies, the Holder's notice referred to in paragraph (a) indicates the Holder wishes to receive them;

- (ii) where paragraph (b) applies, the Issuer is satisfied that the laws of both Australia and the Foreign Holder's country of residence permit the issue of the Exchange Number of Ordinary Shares to the Foreign Holder as contemplated by this clause 9 (but as to which the Issuer is not bound to enquire), either unconditionally or after compliance with conditions which the Issuer, in its absolute discretion, regards as acceptable and not unduly onerous; and
- (iii) where paragraph (d) applies, the issue would result in the Holder receiving the maximum number of Ordinary Shares the Holder is permitted to acquire in compliance with an Applicable Shareholding Law as at the Exchange Date;
- (f) otherwise, subject to paragraph (g) and clause 9.17, the Issuer will issue:
 - (i) where paragraph (a), (b) or (d) applies, the balance of the Exchange Number of Ordinary Shares; or
 - (ii) where paragraph (c) applies, the Exchange Number (in full), in respect of that Holder to the Sale Agent on the terms that, at the first reasonable opportunity to sell the Ordinary Shares, the Sale Agent will arrange for their sale and pay to the relevant Holder on a date determined by the Sale Agent a cash amount equal to the Attributable Proceeds of the relevant Holder or, where paragraph (c)(ii) applies, the Sale Agent will deal with the Ordinary Shares in accordance with FATCA. The issue of Ordinary Shares to the Sale Agent will satisfy all obligations of the Issuer in connection with the Exchange, the MCN3 will be deemed Exchanged and will be dealt with in accordance with clause 9.1 and, on and from the issue of Ordinary Shares, the rights of a Holder the subject of this clause 9.14 are limited to its rights in respect of the Ordinary Shares or the Attributable Proceeds as provided in this clause 9.14; and
- (g) where paragraph (f) applies in respect of a Holder and a Sale Agent is unable to be appointed, or either or both of the Issuer and the Sale Agent is of the opinion that the issue of Ordinary Shares to the Sale Agent and subsequent sale in accordance with paragraph (f) cannot be undertaken in accordance with an Applicable Shareholding Law or other applicable law (or can be undertaken in accordance with an Applicable Shareholding Law or applicable law only after the Issuer or the Sale Agent take steps which either or both the Issuer and the Sale Agent regard as onerous), then:
 - (i) in respect of a Non-Viability Exchange Date, but without in any way limiting clause 9.17, if either or both of the Issuer and the Sale Agent is of the opinion that the issue of Ordinary Shares cannot be undertaken within 5 Business Days of the Non-Viability Exchange Date to the Sale Agent in accordance with paragraph (f) or otherwise to the relevant Holder in accordance with this clause 9, then the relevant MCN3 will be Written-Off; or
 - (ii) in respect of an Exchange Date other than a Non-Viability Exchange Date:
 - (A) the issue of Ordinary Shares to the Sale Agent in accordance with paragraph (f) shall occur as soon as practicable after the Issuer is able to issue the relevant Ordinary Shares to the Sale Agent in accordance with an Applicable Shareholding Law and other applicable laws (and without the Issuer or the Sale Agent taking steps which either or both of the Issuer and the Sale Agent regard as onerous); and

- (B) on and from the Exchange Date, the MCN3 of the relevant Holder remain on issue (and, without limitation, clause 2 applies) until the first to occur of:
 - (aa) the issue of the relevant Ordinary Shares in accordance with paragraphs (f) and (g) (ii)(A) or otherwise to that relevant Holder in accordance with this clause 9;
 - (ab) the relevant MCN3 are Redeemed in accordance with these Terms; or
 - (ac) the date which is 6 months after the Exchange Date, upon which date an Exchange will not occur in respect of the balance of the Holder's MCN3 at that date and such MCN3 will be automatically cancelled for no consideration.

Nothing in this clause 9.14 shall affect the Exchange of MCN3 to a Holder which is not a person to which any of paragraphs (a) to (d) (inclusive) applies.

9.15 No duty on sale

For the purpose of clause 9.14, none of the Issuer, the Trustee, the Sale Agent or any other person owes any obligations or duties to the Holders in relation to the price at which Ordinary Shares are sold or has any liability for any loss suffered by a Holder as a result of the sale of Ordinary Shares.

9.16 No right of Holders to require Exchange

No MCN3 can, or will, be Exchanged at the option of a Holder.

9.17 Write-Off on failure to perform Exchange

- (a) Notwithstanding any other provisions of this clause 9, if, for any reason (including, without limitation, an Inability Event) an MCN3 which, but for this clause would be required to be Exchanged, has not been Exchanged within 5 Business Days of the Non-Viability Exchange Date, then Exchange of that MCN3 will not occur and that MCN3 will instead be Written-Off.
 - (b) The Issuer must give notice to Holders if that Exchange has not occurred by operation of this clause 9.17, but failure to give that notice shall not affect the operation of this clause.
- 10 Acknowledgements and appointments**
- ### **10.1 Acknowledgements**
- Each Holder, by subscribing for, purchasing or otherwise acquiring an MCN3:
- (a) is taken to have notice of, and irrevocably agrees to be bound by, the terms of the MCN3 Trust Deed and these Terms;

 - (d) agrees that it is obliged to accept the Ordinary Shares in respect of its MCN3 upon an Exchange Date, notwithstanding anything which might otherwise affect the Exchange including:
 - (i) any change in the financial position of the Issuer or the Macquarie Group since the Issue Date;

 - (iii) it being impossible or impracticable to list the Ordinary Shares on ASX; or
 - (iv) it being impossible or impracticable to sell or otherwise dispose of the Ordinary Shares;
 - (e) acknowledges and agrees that Exchange must occur immediately on the occurrence of a Non-Viability Event and that may result in disruption or failures in trading or dealings in the MCN3;
 - (f) acknowledges and agrees that:
 - (i) if Exchange does not occur in the circumstances contemplated in clauses 9.14(g) or 9.17, each MCN3 will be Written-Off; and
 - (ii) each of clause 9.14(g) and 9.17 is a fundamental term of the MCN3 and where it applies, no other conditions or events will affect its operation;
 - (g) agrees to provide to the Issuer any information that the Issuer considers necessary or desirable, or to take any and all such action as is within the reasonable control of that Holder, to give effect to a Redemption, Resale or an Exchange;
 - (h) acknowledges and agrees that it has:
 - (i) no right to request a Redemption, Resale or an Exchange;
 - (ii) to the fullest extent permitted by law:

Accordingly (but without limitation), failure to pay in full, for any reason, a Distribution on the scheduled Distribution Payment Date will not constitute an event of default; and
 - (j) acknowledges and agrees it has no remedies on account of a failure by the Issuer to issue Ordinary Shares in accordance with clause 9 other than (and subject always to clauses 9.14(g) and 9.17) to seek specific performance of the obligation to issue the Ordinary Shares.

The power of attorney given in this clause 10.2 is given for valuable consideration and to secure the performance by the Holder of the Holder's obligations under these Terms and is irrevocable and shall survive and not be affected by the subsequent disability or incapacity of the Holder (or, if such Holder is an entity, by its dissolution or termination). An Appointed Person shall have no liability in respect of any acts duly performed in accordance with power of attorney given in this clause 10.2.

11 Payments to Holders

All payments of amounts in respect of any MCN3 will be made in Australian Dollars.

11.2 Calculation of payments

All payments and issues and deliveries of securities are subject in all cases to:

11.4 Deductions

- (a) The Issuer, the Trustee, the Sale Agent and any financial institutions or intermediaries through which payments are made or securities issued or delivered, may withhold or deduct from any amount payable or securities issuable or deliverable to a Holder the amount of any withholding, deduction or other tax, duty or levy required by law to be withheld or deducted in respect of such payment, including, without limitation:

- (i) any withholding or deduction of taxes, interest or penalties required under FATCA ("**FATCA Withholding**"); or
- (ii) where the Issuer, the Trustee, the Sale Agent and any financial institution or intermediary (as applicable) has reasonable grounds to suspect that a Holder or a beneficial owner of any MCN3 (or any financial institution or intermediary through which the payment is to be made) may be subject to a FATCA Withholding in respect of the payment of that amount.

For the avoidance of doubt, any withholding or deduction required under FATCA is a tax, the withholding or deduction of which is required by applicable law for purposes of this clause 11.

- (b) In addition, where Ordinary Shares are required to be delivered to a Holder upon an Exchange, and the Issuer is required or entitled to make a FATCA Withholding, then the Issuer is entitled to deal with any Ordinary Shares comprising that FATCA Withholding in accordance with clause 9.14.
- (c) Each Holder shall be deemed to authorise the Issuer, the Trustee, the Sale Agent and any financial institutions or intermediaries through which payments are made to deal with payments, securities to be issued or delivered and the Holder's MCN3 in accordance with FATCA, including remitting, or otherwise dealing with, any amounts or securities comprising a FATCA Withholding, or reporting payment or account or other information to the IRS or other relevant revenue or taxing authority in accordance with the applicable requirements under FATCA.
- (d) If any withholding or deduction is required by applicable law, the Issuer, the Trustee or the Sale Agent, (as applicable) must remit the full amount required to be withheld or deducted, or remit or otherwise deal with the total number of securities, to or as required by the relevant revenue or taxing authority within the time allowed for such remittance or dealing without incurring a penalty under the applicable law.
- (e) If:
 - (i) a withholding or deduction is made in accordance with this clause 11;
 - (ii) the amount of the withholding or deduction is, or number of or rights in respect of securities withheld are, accounted for by the Issuer, the Trustee or the Sale Agent (as applicable) to the relevant revenue or taxing authority; and
 - (iii) the balance of the amount payable has been paid, or the

balance of the securities to be issued or delivered are issued or delivered, to the Holder, then the Issuer's or the Trustee's (or Sale Agent's) (as applicable) obligation to make the payment to the Holder is taken to have been satisfied in full.

11.5 No set-off

A Holder has no right to set-off any amounts owing by it to a member of the Macquarie Group against any claims owing by the Issuer or another member of the Macquarie Group to such Holder. The Issuer has no right to set-off any amounts owing by it to a Holder in respect of the MCN3 against any claims owing by the Holder to it or any member of the Macquarie Group.

11.6 Payment method

Subject to clauses 11.1 and 11.3, all moneys payable by the Issuer to a Holder may be paid in any manner the Issuer decides, which may include any of the following:

- (b) by sending on or before the payment date a cheque, through the post at the Holder's risk directed to the physical or postal address of the Holder as shown in the Register or, in the case of joint Holders, to the physical or postal address notified to the Registrar for receipt of such moneys (and in default of notification, to the physical or postal address shown in the Register as the address of the joint Holder first named in that Register); or
- (c) by cheque sent through the post directed to such other physical or postal address as the Holder or joint Holders in writing direct.

A cheque sent through the post on or before the date for payment is taken to have been received on the payment date.

11.7 Unpresented cheques

- (a) Cheques issued by the Issuer that are not presented within 6 months of being issued, or such lesser period as determined by the Issuer, may be cancelled.
- (b) Where a cheque which is cancelled was drawn in favour of a Holder, the moneys are to be held by the Issuer for the Holder as a non-interest bearing deposit until the Holder or any legal personal representative of the Holder claims the amount or the amount is paid by the Issuer according to the legislation relating to unclaimed moneys.

11.8 Unsuccessful attempts to pay

Subject to applicable law, where the Issuer:

- (a) decides that an amount is to be paid to a Holder by a method of direct credit and the Holder has not given a direction as to where amounts are to be paid by that method;
- (b) attempts to pay an amount to a Holder by direct credit, electronic transfer of funds or any other means and the transfer is unsuccessful; or
- (c) has made reasonable efforts to locate a Holder but is unable to do so,

the amount of the unsuccessful payment will be held by the Issuer for the Holder as a non-interest bearing deposit with a bank selected by the Issuer until the first to occur of the following:

- (i) the Holder or any legal personal representative of the Holder claims the amount;
- (ii) the Issuer determines as permitted by clause 11.10 to refuse any claim in respect of the amount, in which case the Issuer may treat the amount as its own; or

12 Title and transfer of MCN3

12.1 Title

Title to an MCN3 passes when details of the transfer are recorded in the Register.

12.2 Effect of entries in the Register

Each entry in the Register for an MCN3 constitutes an entitlement to the benefits given to the Holder under these Terms and the MCN3 Trust Deed in respect of the MCN3.

12.3 Register conclusive as to ownership

An entry in the Register in relation to an MCN3 constitutes conclusive evidence that the person so entered is the absolute owner of that MCN3, subject to correction for fraud or error.

12.4 Non-recognition of interests

- (a) Except as required by clause 9 and by law, and save as provided below, the Issuer and the Registrar must treat the person entered in the Register in respect of an MCN3 as the absolute owner of that MCN3.
- (b) No notice of any trust, Encumbrance or other interest in, or claim to, any MCN3 will be entered in the Register. None of the Issuer or the Registrar need take notice of any trust, Encumbrance or other interest in, or claim to, any MCN3, except as ordered by a court of competent jurisdiction or required by law.

- (c) This clause 12.4 applies whether or not a payment has been made when scheduled on an MCN3 and despite any notice of ownership, trust, Encumbrance or other interest in the MCN3.

12.5 Joint Holders

Where two or more persons are entered in the Register as joint Holders of an MCN3 then they are taken to hold the MCN3 jointly, but the Registrar is not bound to register more than four persons as joint Holders of an MCN3.

12.6 Transfers

A Holder may transfer an MCN3:

- (b) by a proper transfer under any other applicable computerised or electronic system recognised by the Corporations Act (or as the Issuer may otherwise accept); or
- (c) subject to clause 1.4, by any proper or sufficient instrument of transfer of marketable securities under applicable law, provided such instrument is delivered to the Registrar with any evidence the Registrar requires to prove title to or the right to transfer the MCN3.

The Holder is responsible for any stamp duty or other similar taxes which are payable in any jurisdiction in connection with a transfer, assignment or other dealing with MCN3.

12.7 Transferee takes subject to terms

A transferee of, or any person claiming, an interest in an MCN3 takes subject to these Terms and the MCN3 Trust Deed.

12.8 Other transfers void

A purported transfer otherwise than in accordance with these Terms and the MCN3 Trust Deed or grant of an interest in an MCN3 otherwise than by way of transfer is, to the fullest extent permitted by law, void.

12.9 Issuer may request holding lock or refuse to register transfer

If MCN3 are quoted on ASX, and if permitted to do so by the ASX Listing Rules and the Corporations Act, the Issuer may:

- (a) request the CS Facility Operator or the Registrar, as the case may be, to apply a holding lock to prevent a transfer of MCN3 approved by and registered on the CS Facility's electronic subregister or MCN3 registered on an issuer-sponsored subregister, as the case may be; or
- (b) refuse to register a transfer of any MCN3.

12.10 Issuer must request holding lock or refuse to register transfer

12.11 Notice of holding locks and refusal to register transfer

If, in the exercise of its rights under clauses 12.9 and 12.10, the Issuer requests the application of a holding lock to prevent a transfer of MCN3 or refuses to register a transfer of MCN3, it must, within 2 months after the date on which the transfer was lodged with it, give written notice of the request or refusal to the Holder, to the transferee and the broker lodging the transfer, if any. Failure to give such notice does not, however, invalidate the decision of the Issuer.

12.12 Delivery of instrument

If an instrument is used to transfer any MCN3 according to clause 12.6, it must be delivered to the Registrar, together with such evidence (if any) as the Registrar reasonably requires to prove the title of the transferor to, or right of the transferor to transfer, the MCN3.

12.13 Refusal to register

- (a) A transferor of an MCN3 is deemed to remain a Holder until the transfer is Registered and the name of the transferee is entered in the Register.
- (b) The Issuer may refuse to register a transfer of any MCN3 if:
 - (i) such registration would contravene these Terms; or
 - (ii) the Corporations Act or any other law or regulation binding on the Issuer forbids registration.

13.6 Effect of failure to give notice

If the Issuer is required to give a notice in relation to any act, matter or determination, the accidental omission to give that notice to a Holder does not

invalidate the notice in relation to Holders generally, or affect the validity of that act, matter or determination.

14 Amendment of Terms

14.1 Amendment without consent

Subject to complying with the Corporations Act and all other applicable laws and directives, the Issuer may amend these Terms and the MCN3 Trust Deed, with the prior written approval of APRA (to the extent any such amendment may cause the MCN3 to cease to be Relevant Securities forming part of Eligible Capital) but without the consent of the Holders or the Trustee:

- (a) if the Issuer is of the opinion that the amendment is:
 - (i) of a formal, minor or technical nature;
 - (ii) made to correct any ambiguity or any manifest or proven error;
 - (iii) expedient for the purpose of enabling the MCN3 to be listed for quotation or to retain a listing on any Stock Exchange, to be cleared or settled through any clearing system or to retain clearance and settlement through any clearing system or to be offered for sale, Resold, or subscribed for, under the laws for the time being in force in any place and, in each case, it is otherwise not considered by the Issuer to be materially adverse to the interests of Holders as a whole;
 - (iv) necessary to comply with the provisions of any statute or the requirements of any statutory authority;
 - (v) in respect of any time or notice period stated, required or permitted in respect of any Exchange, as is necessary or appropriate to give effect to such Exchange; or

provided that, notwithstanding anything else in this clause 14.1, any amendments which may have an adverse effect on the Trustee's personal rights and obligations under the Transaction Documents must first be approved by the Trustee in writing (such approval not to be unreasonably withheld or delayed).

14.2 Amendment without consent where Approved Acquirer

Without limiting clause 14.1, subject to complying with the Corporations Act and all other applicable laws and directives, the Issuer may make amendments to these Terms and the MCN3 Trust Deed, with the prior written approval of APRA (to the extent any such amendments may cause the MCN3 to cease to be Relevant Securities eligible for inclusion as Eligible Capital) but without the consent of the Holders or the Trustee which are, in the Issuer's reasonable opinion, necessary and appropriate to effect the substitution

of the Approved Acquirer as the issuer of Ordinary Shares whenever MCN3 are required to be Exchanged in the manner contemplated by these Terms, including without limitation:

- (a) amendments to the definition of "Exchange" such that, unless APRA otherwise agrees, on the Exchange Date:

- (b) amendments and additions to the definitions of "Acquisition Event", "Macquarie Group", "Regulatory Event" and "Tax Event"; and
- (c) amendments and additions to any term defining the rights of Holders if the Exchange is not effected which is appropriate for the MCN3 to be or to remain as Relevant Securities eligible for inclusion as Eligible Capital, provided that, notwithstanding anything else in this clause 14.2, any amendments which may have an adverse effect on the Trustee's personal rights and obligations under the Transaction Documents must first be approved by the Trustee in writing (such approval not to be unreasonably withheld or delayed).

14.3 Amendment with consent

Without limiting clauses 14.1 and 14.2, the Issuer may, with APRA's prior written approval (to the extent any such amendment may cause the MCN3 to cease to be Relevant Securities eligible for inclusion as Eligible Capital), amend these Terms or the MCN3 Trust Deed, if the amendment has been approved by a Special Resolution and by the Trustee in writing.
