Macquarie in Asia

Verena Lim

Chief Executive Officer, Asia

Asia market opportunity

Asia is a large, diverse and growing region with opportunities aligned to Macquarie's expertise: Digital, Energy Transition and Infrastructure

Strong market fundamentals

57%

of global GDP by 2030¹

>50%

of the world's trade involves Asia³

65%

of the world's middle class by 2030²

40%

savings share of GDP vs. 26% in EU and 17% in US³

Per capita growth outpacing or at par with developed markets (2023-2030)

Digital

Energy Transition

Infrastructure

\$US400-750b

estimated annual investment in digital infrastructure in APAC by 2030⁷

46%

of global renewables energy supply will be generated in APAC by 2030⁹

\$US1.7tn

estimated annual infrastructure investment needed in Asia¹¹

6x

increase in 5G connectivity in Asia by 2030⁸

1,100GW

cumulative wind capacity in APAC by 2030¹⁰

56%

proportion of required infrastructure investment in power¹¹

400m

increase in mobile subscribers between 2022 and 2030⁸

3,015GW

cumulative distributed solar capacity in APAC by 2030¹⁰

32%

proportion of required infrastructure investment in transport¹¹

As at 31 Dec 23 unless otherwise stated. 1. Includes staff employed in certain operationally segregated subsidiaries. 2. Net operating income excluding earnings on capital and other corporate items for the six months ended 30 Sep 23. 3. As at 31 Mar 23 on our balance sheet or under Macquarie management. Excludes lending and private credit funds. GW of green energy assets reflect 100% generating capacity of each asset, not the proportion owned or managed by Macquarie. 4. Across oils, bulks, metals and renewables. 5. From 1 Jan 21 to 31 Dec 23. 6. As at 23 Jan 24. 7. Energy Risk Asia Awards 2023.

30 years of growth, innovation and commitment in Asia

1. Includes infrastructure fund investments.

Delivering on our strategy

2019 Operational Briefing

► 2024 Update

Harnessing Macquarie's expertise

- Increasing investor appetite for alternative asset allocation
- Heightened sustainability focus driving a strong investment pipeline in green energy
- Facilitating the growing demand for consumer and industrial commodities

Managing one of the largest **pan-Asia infrastructure** platforms with \$US15b of equity under management including co-investments¹

5 years of record growth from our Japanese FIC structuring team

Investing in green investment platforms including **Blueleaf Energy** and **Corio Generation**

Investing in a biofuels supply business in China to support increasing **global demand for alternative fuels**, particularly in Europe

Expanding Global Exchange coverage, enabling clients to trade and clear internationalised futures products on domestic China Futures Exchanges

Connecting Asia to the world

- Capital raising for our global platform and balance sheet
- Cross-border M&A and private placements with a focus on China
- Expansion of commodities supply chain and tailored FX and rates solutions

~\$A35b capital raised by MAM across a range of strategies in Asia since FY19²

Advised on **22 China cross-border deals** valued at more than \$A10b in the past 5 years³

Facilitated approximately **16,000 client connections** through non-deal road shows providing global investors with access to Asian markets

Active participation in **key climate initiatives** including the Climate Finance Leadership Initiative India and the B20 International Conference on Climate

Established Macquarie's **Asia FX trading hub** in Singapore

Access to unique opportunities

- Combining global expertise with local presence to grow in high potential markets
- Accessing local talent to support global operations and diversify global talent pool
- Building specialist sector expertise for global activity

Increased transactions in **high potential markets** including recent Macquarie Capital transactions in **Thailand, Philippines** and **India**, and a recent MAM investment in **Indonesia**

Asia is a **source of talent** for our global business; ~450 employees have transferred from Asia to other offices within Macquarie since 2018

Established **Macquarie Energy Japan**, a physical power participant in the Japanese energy market

Facilitated **Asia capital** investment into unique opportunities in infrastructure and technology

Key hires in Asia have added to our global sector expertise, including growing our environmental markets and critical minerals expertise in Singapore

Shared Service Centres delivering critical services globally

Powering our global operations

~2,600 

Central Service Group staff in Manila and Gurugram¹

Delivering value for the Group

Our development focus in these locations, with teams that have **deep engineering and data expertise**, enables us to deliver programs that create customer value and achieve **innovative business solutions**

~47%

new clients onboarded globally³

Driving automation

Delivering innovative solutions through Human Centred Design, Data Analytics and process optimisation principles

-  Increased capacity to deliver
-  Scalable and secure services
-  Improved resiliency models

Uplifting risk controls

>50,000 global e-comms surveillance alerts reviewed each month²

Winner of the LearnX Industry awards for design and delivery of privacy training module

Opportunities for our people

571+ global mobility opportunities building our culture and driving inclusion⁴

66 staff on active assignment in other locations⁵

Investing in our people to further develop **digital, data, engineering and cloud skills**

Supporting a diverse and inclusive culture

Active employee networking groups
Neurodiversity (Spark), Pride, Family and Carers, Wellness and Inclusion

Diverse gender representation
Female staff: 54% of staff in Manila, 40% of staff in Gurugram⁶

1. Reported headcount in Asia Shared Service Centre locations as of 31 Dec 23. 2. Monthly average calculated across CY23. 3. In the 12 months to 31 Dec 23, sourced from Fenegro. 4. Transfers within Asia (112) and transfers from Asia to other regions (459) for FY19 to 3Q24. 5. On active assignment in other locations as of 31 Dec 23. 6. Based on reported headcount in Asia SSC locations across Central Service Groups (COG, FMG, RMG, LGG) as of 31 Dec 23.

Macquarie Group Foundation building a better future

\$A570+ million

total contribution since
our inception in 1985¹

385

community organisations
supported in FY23 in Asia³

\$A770,000+

contributed to 82 non-profit
organisations across Asia during
Foundation Week 2023⁵

Grantmaking in Asia

Focuses on breaking down systemic barriers to employment and building effective pathways to economic security. Supports organisations enabling better migration outcomes for migrant domestic workers and young people

\$A52+ million

contributed in FY23²

\$A1 million

in value contributed through skilled
volunteering in FY23 in Asia⁴

155

undergraduate students have
completed their internship in
Macquarie through the Community
Internship Program in India and the
Philippines⁶

1. Contributed by the Foundation and Macquarie staff since inception in 1985 and as at 31 Mar 23. 2. Contribution figures comprise Macquarie employees' donations and fundraising; Foundation matching support for employees' donations and fundraising; Foundation donations to commemorate employees attaining 10-year and 25-year anniversaries at Macquarie; Foundation grants to non-profit organisations to recognise 12 months of board service by a Macquarie employee; and Macquarie and Foundation grants to community organisations. 3. In the 12 months to 31 Mar 23. 4. In the 12 months to 31 Mar 23. Figure calculated using Taproot Foundation's average hourly value of pro bono service (\$US195 per hour converted to \$A290.36 as per exchange rate on 31 Mar 23) multiplied by Macquarie employees' skilled volunteering hours in Asia (3,458 hours). 5. Includes both Macquarie employees' donations and fundraising and Foundation matching support. 6. Since 2012.

The Foundation drives social impact work for Macquarie Group, supporting our people, businesses, and communities to build a better future, and engagement with our people is at the heart of everything we do

CGM in Asia

Client-led business providing capital and financing, risk management, market access, physical execution and logistics solutions to our diverse global client base

Deep understanding of evolving **client needs**, **strong relationships and collaboration**

Supporting our Asia and global client base across the **commodity supply chain**

Providing access to G10 and emerging market **currencies and interest rates**

Enabling access to 12 **futures exchanges** across Asia

Providing access to liquidity and competitive pricing across Asia **warrant markets**

Providing managed services and asset finance solutions to the **semiconductor industry**

Diverse and specialised expertise

Including a dedicated strategy team as well as in-house technical specialists

Activity highlights

- Executed Macquarie's first physical methanol deal in Southeast Asia
- Connecting global supply chains having financed over 280 shipments of commodities in Asia, facilitating the link between worldwide suppliers and consumers in 2023
- Electronic pricing via the Macquarie Aurora platform, averaging over \$A1b per day in FX volumes in Asia¹
- Delivered \$US600m in equipment finance to Asia's semiconductor industry²

As at 31 Dec 23 unless otherwise stated. 1. In Dec 23. 2. Since Mar 21. 3. Includes staff employed in certain operationally segregated subsidiaries. 4. Average for FY19 to FY23.

CGM: Spotlight on Japan Power

Identifying a market opportunity

CGM has well established Gas, Power and Emissions businesses in EMEA, North America and Australia

Our strategy is to invest in our core client businesses and grow through adjacencies

Japan's electricity market presented similar structural elements to US and European markets, balanced with unique characteristics

Significant market opportunity in Japan: ~900 TWh per annum¹

Emergent client base thanks to market liberalisation and new futures market introduction

Establishing our presence in a unique market

CGM has an established Financial Markets business in Japan with over 20 years of client experience and growing brand recognition

Existing CGM presence and global power capabilities enabled adjacent growth with a staged, risk-focused approach

Focused on developing local talent across front office and back office to meet client needs

Established both financial and physical capabilities, including structured risk management solutions

Leveraging a global platform for growth

Focused on growing client base and expanding our capabilities

Leveraging existing global commodities capabilities and APAC energy platform to deliver solutions for the Japanese market

During times of volatility, Macquarie's global platform can offer unique solutions for clients

Strong collaboration with other teams across Macquarie

1. Electricity consumption for CY22. International Energy Agency, Monthly Energy Statistics.

Macquarie Capital in Asia

Providing integrated solutions to clients through our combined capabilities in advisory, capital markets, development and principal investing via local expertise across Asia

Public

Differentiated equity execution

Leading blocks, index strategy and global program trading offerings complement regional & domestic sales trading expertise to provide unique liquidity to clients

Markets accessed directly via 14 exchange memberships and Macquarie's synthetics platform

Ecosystem Research

Leveraging our domain expertise in commodities, energy transition, technology, consumer and healthcare

Activity highlights

- Positioning the franchise to capture emerging M&A opportunities through targeted hires in growing industries where Macquarie Capital has global capability
- Corporate Finance execution in core sectors, such as the **Merdeka IPO**, in the Critical Minerals and Energy space
- Bringing together cross-border capabilities to advise clients, including **MMG Limited** a base metals producer on acquisitions
- Partnering with **Elite Partners Capital**, a Singaporean real estate fund, to expand and diversify their portfolio across Europe
- **Over \$A2b private capital** raised and deployed across global technology companies

Private

Delivering deep sector capabilities

Through our regional teams and connectivity to global platform

Connecting private capital with global investment opportunities

In high-growth and sought-after technology sectors including AI, fintech and enterprise software

Focused infrastructure principal investing

Deploying balance sheet across digital, energy transition and social and economic infrastructure

MacCap: Spotlight on IEC balance sheet investing

Infrastructure and Energy Capital (IEC) invests Macquarie Capital's balance sheet, leveraging our network and deep expertise. Our goal is to drive value for businesses transitioning from early-stage pipelines to bankable projects and platforms

Focused principal investing

- Investment strategy to deploy Macquarie's balance sheet into platforms, projects and companies in sectors with secular growth trends
- Backing experienced management teams of growing development platforms and companies to create scalable infrastructure and energy businesses, with an emphasis on value creation, thus minimising single-project development risk
- Targeting stable developed economies and emerging markets in Southeast Asia, Northeast Asia and India
- Differentiated approach to investing in Asia, leveraging on-the-ground presence and local knowledge in key jurisdictions, coupled with deep global sector expertise and track record in Europe, the Americas and ANZ

Country focus

Sector focus on emerging sub-sectors and technologies

Digital	Telecom towers Fibre networks Data centres
Energy Transition	Renewable energy Energy transition fuels EV charging
Social & Economic	Supply chain infrastructure

Selected IEC investments in Asia

Investment into one of the fastest-growing independent telecommunications tower companies in the Philippines

Majority investment into a leading Network as a Service (NaaS) provider in India

Investment in a pan-India EV charging infrastructure company

MAM in Asia

Track record across infrastructure, green investments, real estate, fixed income, equities and multi-asset solutions

Longstanding relationships with broad base of clients in Asia

~170 clients across 8 markets

Public markets offering

across fixed income and equities

Pan-Asia infrastructure platform (MAIF 1-3)

with 28 portfolio companies across 14 sectors

Renewable energy expertise

23GW¹ in development, construction or operation across wind, solar and battery storage

Major investor in Indian toll roads

having participated in first road privatisation in India

Specialised real estate investment manager

15+ years of track record in Asia real estate with strong capabilities in the logistics and living sectors

Activity highlights

- Expanded **AirTrunk** as the largest independent hyperscale data centre operator in APAC (excl. China)
- Leading the development of a \$US1.5b blended finance platform that will drive EV adoption across India
- Acquired a 100% equity interest in **EZL Corp**, the second largest public transportation settlement service provider in Korea²
- MAIF-led consortium acquired a significant minority in **Bersama Digital Infrastructure**, one of the largest foreign investments into the Indonesian digital infrastructure sector
- Partnered with real estate operating platforms, including **Unified Industrial** where MAM is unlocking real estate opportunities and leading the expansion of this industrial real estate business across Asia-Pacific
- Development of specialist renewable energy platforms including **Corio Generation** (offshore wind) and **Blueleaf Energy** (pan-Asia renewable energy)

As at 31 Dec 23 unless otherwise stated. 1. As at 31 Mar 23 on our balance sheet or under Macquarie management. Excludes lending and private credit funds. GW of green energy assets reflect 100% generating capacity of each asset, not the proportion owned or managed by Macquarie. 2. As at 30 Sep 23 based on bus, subway and taxi Gross Merchandise Value (GMV) the Company handles. 3. Includes staff employed in certain operationally segregated subsidiaries. 4. As at 30 Sep 23, includes people employed through Private Markets-managed fund assets. 5. MAM fundraising from LPs based in Asia for FY19 to 3Q24. 6. Includes Real Assets and Real Estate assets and on balance sheet Green Investment assets. Based on domicile of MAM Real Assets portfolio companies.

As at 31 Dec 23 unless otherwise stated. 1. As at 30 Sep 23, includes people employed through Private Markets-managed fund assets. 2. Gross performance of active South Korean infrastructure funds since inception as of 30 Sep 23. Past performance is no guarantee of future results. 3. By revenue.

What's next in Asia?

Connecting Asia to the world

- Build on track record and established relationships to connect Asia to global opportunities via **capital raising for our funds and clients, cross-border transactions** and our **equities platform**
- Facilitate **Asia capital investment** into unique opportunities in infrastructure and technology

Growing in high potential markets

- Build on existing **strong local presence**, invest in diverse teams to deepen enduring local relationships that support business growth in Asia
- **Further grow our presence in high potential markets**

Leveraging global expertise

- Merge **global capabilities** with local relationships to establish new businesses (e.g. Japan Power)
- Leverage Macquarie's strong capabilities across the **broader APAC region**
- Address unmet demand for digitisation, decarbonisation and infrastructure in Asia's high-growth markets

Continuing to support global operations

- Empower our people to deliver seamless services and digital experiences, creating measurable value
- Continue to invest in our Shared Service Centres to drive the next phase of automation, efficiency and talent generation
