

MACQUARIE

# Corporate Operations Group

Corporate Operations Group (COG) brings together specialist capabilities in technology, data, digital, market operations, corporate real estate, business resilience, procurement and global security to support Macquarie's growth.

## Our teams

**Business Services** is responsible for the strategic direction, implementation and ongoing management of Macquarie's workplaces, business resilience, and sourcing and vendor management.

**COG Central** brings together Business Management, Operational Risk Management and Financial Planning and Analysis to effectively support the day-to-day management of COG.

**Culture, Engagement and Communications** partners with COG divisions to engage and develop people, including the delivery of culture and change initiatives, communications and engagement activities.

**Data** is responsible for developing, maintaining, monitoring and advising on Macquarie Group's data management frameworks.

**Digital** is responsible for identifying and delivering on digital transformation opportunities. The team enables innovation through new ways of working, transforming existing services and delivering digital outcomes.

**Operations** is responsible for delivering critical operational trade support services to a wide range to products and businesses.

**Technology** provides business-aligned account management, software development, manages Macquarie's enterprise-wide technology and our cyber and global security.

## Didn't study finance?
