MACQUARIE

Dear Investor

Important notice – Update on the investment team managing the Nomura Opportunistic Listed Real Estate Fund (APIR MAQ5569AU, ARSN 673 287 913)

Macquarie Investment Management Australia Limited (ABN 55 092 552 611, AFSL 238321) (**Macquarie**), as the responsible entity of the Nomura Opportunistic Listed Real Estate Fund (**Fund**), wishes to inform you of an update to the investment team managing the Fund.

The Fund is managed by the Global Listed Real Estate team within Nomura Investment Management Advisers, a series of Nomura Investment Management Business Trust (**Nomura**).

Effective from 24 July 2026, there will be a change to the portfolio management team as James Maydew, who serves as Head of Global Listed Real Estate, has decided to leave Nomura to pursue other opportunities. James will transfer his portfolio management duties to Matthew Hodgkins effective from 24 July 2026.

James Holliday-Smith will remain Head of the Australian Listed Real Estate team and lead portfolio manager for the Australian Listed Real Estate strategy. He will also take on expanded responsibilities, working closely with Matthew on Global Listed Real Estate portfolios, client interactions, and asset growth.

Change to the Global Listed Real Estate team effective 24 July 2026

Matthew Hodgkins will step into the role of Head of Global Listed Real Estate and lead portfolio manager for the Global Listed Real Estate strategy. He has been a driving force behind the Global Listed Real Estate strategy since joining the team in 2012 and brings a wealth of global experience to this expanded leadership role.

For the last eight years, Matthew has served as the Head of Americas Listed Real Estate, which makes up approximately 70% of the issuers included within the Global Listed Real Estate strategy. He will remain the lead portfolio manager for the Americas Listed Real Estate strategy.

Matthew has over 20 years' experience as an equity investor in several different regions covered by the Global Listed Real Estate team. Prior to being Head of Americas Listed Real Estate, Matthew was a Global Equities analyst in London, an Asian real estate specialist in Singapore, a Senior Analyst in the US, and the leader of Nomura Asset Management's European real estate team. This transition is a natural career progression for Matthew and reflects both his proven capabilities and Nomura's confidence in the team's continued momentum.

What this means for you

Importantly, there will be no changes to the Global Listed Real Estate team's investment style, philosophy, or process and the investment objective of the Fund will remain unchanged. The Global Listed Real Estate team will continue to operate seamlessly across Chicago, London, Hong Kong, and Sydney with no change to client coverage, operations or strategy.
