- Critical minerals and energy
- Energy
- Financial institutions
- Healthcare
- Green energy
- Infrastructure
- Industrials
- Media
- Real estate
- Services
- Software
- Technology

Principal Finance provides innovative and traditional capital, finance and related services to clients operating in selected international markets.

Macquarie Capital Venture Capital provides early-stage venture capital to innovative software companies headquartered in Australia, Europe and Israel.

Macquarie Capital Growth and Technology provides focused growth equity in late-stage, technology and tech-enabled companies serving businesses and the public sector.

Infrastructure and Energy Capital develop and invest in infrastructure and energy projects and companies, with a focus on digital, social and economic infrastructure and the energy transition. They also provide specialist expertise in complex transactions and emerging markets and opportunities.

Debt Capital Markets specialises in debt advisory, underwriting and lending services.

Equity Capital Markets specialises in underwriting and advising companies seeking to raise capital, including initial listing on stock exchanges and follow-on raisings.

Private Capital Markets specialises in working with global institutional investors on private capital transactions across both debt and equity markets and unlisted and direct investment opportunities.

Equities provides clients with access to award-winning equity research, sales, corporate access and execution capabilities, with specialist expertise in Asia Pacific equities.

Didn't study finance?

We welcome students from all degree backgrounds.

What is it like to work with us?

You will analyse financial data (including building and running financial models), draft pitch presentations for clients, add value to live deals and actively track share price movements, whilst monitoring the media for industry news, trends and transaction updates.

You will work in highly collaborative, market-leading teams centred on camaraderie and respect, contribute to projects that have a lasting impact, gain exposure to clients and senior business leaders, and have an opportunity to pursue new and exciting pathways across geographies, sectors and teams.

What we offer

Direct access to our senior leaders

Ongoing performance development

Formal learning paired with interactive and on-the-job real work experience

Opportunities to build your network through events and community service projects

A buddy to help you navigate the organisation

Interns are eligible to be fast tracked to our full-time Graduate Program which offers an opportunity to shape your future in a global organisation.
